

### Ruling Predicts Rate Reduction

#### Freight Drop Between Here and East of Illinois-Indiana Line Expected.

A general reduction in freight rates between Omaha and points east of the Illinois-Indiana line was forecast Tuesday by C. E. Child, manager of Chamber of Commerce traffic bureau. This prediction is based on word reaching here today from Washington that the interstate commerce commission has just held that class and commodity freight rates from Indiana cities to Omaha and other Missouri valley cities were relatively higher than the rates from Illinois cities to the same destinations, thus subjecting Indiana manufacturers and shippers to "unjust and unreasonable rates" and giving Illinois manufacturers and shippers "undue preference."

### DOLLAR-A-YEAR MEN LOSE JOBS

Washington, May 13.—A list of 48 persons who were "dollar-a-year" special agents of the Department of Justice under the regime of Harry M. Daugherty was made public today by the Wheeler-Brookhart committee, which is investigating the department.

The list comprised men of national prominence who were given badges and other credentials of duly accredited agents.

All of these men have now been "dismissed" by Attorney General Stone, it was announced.

The list included Rudolph Block of New York, Judge George A. Carpenter of Chicago, William A. Hopen of New York, George W. Storck, D. M. Daugherty, son of the former attorney general, Charles D. Hilles, former chairman republican national committee; E. B. McLean, D. G. Reid, Fred W. Upham, treasurer of the republican national committee; John K. Tener, former governor of Pennsylvania; Cornelius Vanderbilt, Jr., C. W. Wood, Coleman Dupont, Hester H. V. Vawter, brother-in-law of the late President Harding, and Thomas W. Miller, alien property custodian.

### TEAPOT DOME PROBE RESUMED

Washington, May 13.—Investigation of the naval reserve leases was resumed today by the senate oil committee with another quarrel among committee members.

With Assistant Secretary Finney of the interior department on the stand, Senator Spencer, republican, Missouri, sought to examine him on the basis of a statement put into a house hearing some weeks ago by Edwin Denby while secretary of the navy.

Senator Adam, democrat, Colorado, protested and asked that a quorum of the committee be summoned. Chairman Ladd interjected that the matter Senator Spencer wanted to take up had twice been before the committee and declared the Missouri senator was not bringing it in, in "the proper way."

"The action of the senator in attempting to put in this matter," added Senator Adams, "is an outrageous abuse of the committee."

No quorum appearing, Senator Spencer turned to another line of questioning.

### G. O. P. MEET MAY BE BROADCAST HERE

W. A. Fraser, president of the Woodmen of the World, declared Tuesday that no definite plans had been made for broadcasting the republican convention proceedings from WOAW in June. George F. Moran, chairman of the press executive committee of the national convention committee for Cleveland, has opened negotiations with Fraser and other stations about the country.

"The Woodmen are for anything that is of national interest," declared Fraser.

The broadcasting of the convention proceedings will mark an epoch in radio history. If the Omaha station agrees to transmit the convention speeches the talks will be picked up by a microphone in the convention hall and carried to Omaha by telephone.

### Bond Coupon Theft Suspect Tells Wife to Put "M" Under Letter Stamp

A trick played upon Jean Guinn, bond coupon theft suspect, by Chief of Detectives Charles Van Deusen resulted in the discovery Tuesday that Guinn is a drug addict. Van Deusen granted Guinn's request to be allowed to write a few letters in his cell, providing Guinn would allow him to read them. Guinn wrote several letters which he gave to Van Deusen, but one he slipped to his cellmate to be mailed. The "cellmate" had been planted just for this purpose. He turned the letter over to Van Deusen. It was to

Guinn's wife in Terre Haute, Ind., and urged her to come to Omaha and be with him. "It'll only cost you \$20 to come, and you know what I've done to be with you," the letter read. "When you write me address the letter to Pal Moore and put 'm' under the stamp." "M" stands for morphine, the chief claims. Guinn was bound over to district court on a charge of stealing and receiving stolen property from a principal court this morning. His bond was set at \$3,000.

### Grocer Official Attacks Packers

#### Declares National Organization Will Fight Effort to Annul Consent Decree.

Dallas, Tex., May 13.—Claiming that the competition of 4,000 wholesale grocers would be far more wholesome than the monopoly of one benevolent packer in the manufacture and the distribution of food products, J. H. McLaurin of Jacksonville, Fla., president of the American Wholesale Grocers' association, in convention here, directed most of his annual address against the efforts of Armour & Co. to abrogate the voluntary agreement of the five principal packers entered February 27, 1920, to cease handling unrelated commodities.

President McLaurin declared that the grocers' association was determined to fight through to end the efforts of the California Co-Operative Canneries to annul the consent decree and the recent intervention of the packers named to repudiate the consent decree.

"Armour & Co. and Swift & Co. present broadly the argument that they are more efficient than the wholesale grocers and that therefore they should be permitted to continue in the distribution of the unrelated food items," he said. "Carried to its legitimate conclusion we would have one great packer distributing and manufacturing all the foods used by the people."

### GIRL BANDITS ROB SHOE STORE

Chicago, May 13.—Two pretty bob-haired Cinderellas held up a shoe store and escaped with \$35 in cash and two pairs of shoes.

"And they weren't male bandits in disguise," said Ben Brown, peering slyly into the empty spaces of his cash register.

"They had the smallest, shapeliest feet I've shod in a long time, and wore expensive silk stockings."

Their shoe size, Brown declared, was the only clue he could give.

Samardick in St. Louis. Robert P. Samardick, chief of the federal prohibition enforcement agents for Nebraska, is in St. Louis to testify in liquor cases. He will return Wednesday.

### Assessor Likely to Escape Charge

#### Garage Man Won't Prosecute Klaver—Beal Holds Investigation Conference.

County Attorney Henry Beal investigated the Sam Klaver affair Tuesday morning in a conference in his office with County Assessor Counsman, Welfare Worker Ida Levin and two employees of Counsman's office, Morris Potash and Joe Stollinski.

The four were present at the garage of Herman Nachschon, Seventeenth and Cass streets, last week when Klaver, then a deputy assessor, was accused of soliciting money from Nachschon last October.

They corroborated their story before Beal. But, as Nachschon refuses to give any more information, it is not likely that any charge will be preferred against Klaver. Nachschon, summoned to the county attorney's office Monday morning, declined to give any information then, but said he would return at 2 and tell all about it. He did not come back and, when called by telephone, said he had engaged attorneys, who advised him to say nothing.

Counsman displayed a statement signed with Klaver's name, which says: "I, Sam Klaver, hereby swear that Mr. Counsman had always been on the square and has never received one cent of me in all his life nor made any demand for anything, and I consider him fair and square to everybody."

The statement was signed at the home of Mrs. Levin, 211 North Twenty-third street, last Sunday, when Klaver's mother came there and charged Mrs. Levin with telling of Klaver's alleged collection from the garage man.

Mrs. Levin said she considered that she only did her duty as a good citizen in bringing to Counsman's attention what Nachschon had told her regarding Klaver.

### GIRL 'THROWN OUT' OF CAFE, CLAIM

Mabel Buckingham filed an answer in district court to the suit filed against her by Harry H. Smith, owner of a restaurant at 2516 Farnam street. Smith obtained an injunction to keep her from the place, alleging that she came there every day and annoyed employees and patrons and that she threatened them one evening with a bread knife.

Miss Buckingham answers that she is part owner of the cafe and that Smith refuses to give her her share of the profits or to make an accounting.

She says he "used grave man tactics" in ejecting her from the restaurant.

### IMMIGRATION BILL IN SENATE FRIDAY

**CALUMET** The Economy BAKING POWDER

Notice the uniform distribution of the gas bubbles—how high and evenly they rise. The same thing occurs in your bakings when you use Calumet. That's why everything made with it always rises perfectly. Its great leavening strength does it.

This test is made frequently by Calumet representatives—right in the dealer's store. It enables the manufacturers to keep strictly fresh goods on the merchant's shelves at all times.
