

Grocer, Slain in Gun Fight; Pets Only Witnesses

James J. Spellman Loses in Last Encounter With Robbers; Without Escapes

Two pets were the only witnesses to the final and fatal meeting of James J. Spellman, 63, grocer at 1106 North Seventeenth street, and a bandit Thursday night.

A dog, chained in a rear corner of the store, and a cat on a pile of sacks behind the counter, were the only other occupants of the store when a bandit entered, began firing at the door and escaped without loot.

Spellman fought, as evidenced by two empty shells in the revolver which was held tightly clutched in his hand when he was found. He had been struck by three of the bandit's bullets, one in his head, another in his chest and another in his arm.

Dozen Attempts

For years Spellman has been reputed a "fast man with a gun in time of trouble." During the 25 years that he has operated his little store there have been more than a dozen desperadoes attempt to rob him but never has he lost anything through a theft except when provisions have broken into the place during his absence.

Police believe that the slayer knowing of Spellman's reputation as a fighter, entered the store with a revolver in his hand. When Spellman saw the bandit he is thought to have reached for his own weapon, which he kept in his pocket, and frightened the bandit into shooting.

The bandit fired six shots altogether, three striking Spellman and three crashing into the wall behind him. Spellman fired twice, but neither of his bullets took effect. Both were found on the floor of the store. One of the bandit's bullets pierced a can of beans on the shelf, another punctured a can of olives and then passed through a can of corn. The third, which went wild, was found embedded in the ceiling.

Funeral services will be held Monday at 8:30 a. m. at the home and at Holy Family church at 9, Father P. F. Coney officiating. Burial will be at St. Mary cemetery.

"You'll have to lock me up, too," announced his wife. "He don't get away from me until I explain." The shivering policeman who had draped his coat about Mrs. Rider proved a Solomon. He hailed a taxi and took the Riders home, so that Mrs. Rider might prove that the man and woman her husband had found in his home upon his late arrival were only some country cousins he never had met before.

HAIR YOU MARVEL AT

Millions of women seeking beauty and youth use unscientific means. Now I bring you the best help in existence.

Clay is a beauty essential. No girl can look her best without it, no woman keep her youth. But not the ordinary clays, no muddy clays, no messy still employ. A super-clay has been perfected by 20 years of scientific study. It is white, refined and dainty. It is ten times more effective than the ordinary clays.

I call this my White Youth Clay. Many women, with one use, seem to drop ten years. It brings a rosy, clear complexion. It removes the causes of blackheads and blemishes. It firms the skin, combats all lines and wrinkles. My White Youth Clay will amaze and delight you. I urge you to see what it does. The cost is 50 cents and 51.

Scientific creams

Women use creams which no great expert in the world could sanction. I made a world-wide search to get the best cream in existence.

One is my Youth Cream—a cold cream and strawberry. Also all the best that science knows to soften, feed and foster the skin texture.

I use it after the clay. Also as a night cream, also daytime as a powder base. Never is my skin without it. I want you to learn what Youth Cream means to you. It costs only 50 cents.

My Facial Youth is a liquid cleanser which I found in France. Great beauty experts in the world over now employ it. It contains no animal, no vegetable fat. The skin cannot absorb it. But it cleans to the depths, and removes from the skin all the dirt and refuse which nothing else can reach.

You will know for the first time what a clean skin means when you apply my Facial Youth. The cost is 75 cents.

Millions marvel at my luxuriant hair. It is thick and lustrous—finer far than 40 years ago. Falling hair, dandruff and gray hair have never come to me.

This is also due to France. She perfected my Hair Youth. I apply it daily with an eye dropper, directly to the scalp. It does not muss the hair. It cleans the scalp, stimulates and fertilizes. Then the hair roots flourish and bring the results I show.

If you wish like hair, use this method—the best that science knows. My Hair Youth costs 50 cents and 51 with eye dropper.

All druggists and toilet counters supply these preparations. Nothing else in all the world can bring you like results. Go try them. Let them bring you what they brought to me. Edna Wallace Hopper, 835 Lake Shore Drive, Chicago.
