Physician Explains a Secret of the Great Power and Endurance of Athletes—Tells How Organic Iron Helps Build Rich, Red Blood and Revitalize Wornout, Exhausted Nerves

It takes men of red blood, red force and power to do the things that make them athletes. It is the secret of their strength and endurance. It is the secret of their power and endurance. It is the secret of their strength and endurance.

There are countless numbers of men today who are broken in health and are going downward to physical and mental decay. They are the men who are broken in health and are going downward to physical and mental decay.

Dr. Emile Sauer, world-famous New England physician, post graduate of Strassburg University and Vienna Hospital. "Let there be thousands of the same men who undergo a most remarkable transformation the moment they get plenty of iron into their blood to give increased energy and endurance." But be sure the iron you take is organic iron and not metallic iron which people usually take. Organic iron is like the iron in your blood and like the iron in spinach, carrots and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron.

Organic iron may be had from your druggist under the name of Nuxated Iron. Nuxated Iron represents the purest iron in such a highly concentrated form that one dose is estimated to be approximately equivalent to one quart of green vegetables. It is the best iron extract of best instead of eating pounds of meat.

If you are weak, young or well you owe it to yourself to make the following test. See how long you can walk or how far you can walk without becoming tired. Next take two five grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prizefighter has won the day simply because he knew the secret of great strength and endurance, which come from having plenty of iron in the blood, while many another has gone down to inglorious defeat simply for lack of iron.

Manufacturers of Nuxated Iron, which is recommended by Dr. Emile Sauer and other great physicians, is now being used by over four million people annually. It is not a secret remedy but one which is well known to druggists everywhere. It is put up in bottles or in one-half ounce cans. Each bottle of Nuxated Iron is stamped as follows: Nuxated Iron ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY.

It feels Like Iron
