

Co-operative Market Will Be Union Plan

Elevators of 5 Chicago Firms to Come Under Proposed Committee of Farm Bureau.

Chicago, June 21.—Grain farmers would own, finance and control five large Chicago grain firms and 5,000 co-operative elevators under a plan which has been submitted to the executive committee of the American farm bureau which will shortly name a committee headed by President O. E. Bradute to study the scheme.

The plan includes the Armour Grain company, Rosenbaum Grain corporation, Bartlett, Frazer & Co., Rosenbaum Brothers and J. C. Shaffer & Co., handling more than \$1,000,000,000 worth of cash grain transactions annually according to estimates of the aggregate business of the last few years.

The proposal contemplates turning over to the farmers the firm's 40 country elevators, terminal elevators, offices and fixtures and all other mechanical equipment, along with managerial facilities. The five firms involved control virtually the entire elevator capacity at the Chicago terminal and the elevators alone are estimated at \$15,000,000 and other property at about \$8,000,000.

Co-operative grain marketing organizations eventually would be accorded the trading privileges of the Chicago Board of Trade, under the proposal.

Details of financing reaching to hundreds of millions of dollars will be considered by the committee. The financing of the consolidation is expected to be cared for with the funds which ordinarily make the "rebate" to the producer under co-operative marketing system.

"Only Way I Could Make Living," He Declares; Is Convicted.

Bailey was found guilty on the second and fourth counts. Vernon McManigal, who was arrested at the same address, was acquitted. He was only a renter in the Bailey home. "It was the only way I could make a living," Bailey explained when found guilty. "I was out of a job. I am glad McManigal was freed because he is innocent."

Dainty Pumps Now Rest on Lunch Counter Rails; It's Modern Living

Still another sanctum of the men has been invaded by Omaha women and girls. The barber shop which used to be a place where women would not think of entering has been overrun by the bobbed hair devotees and the men have only sighed. "It's the times,"

But the men have received another jolt by the recent invasion of the lunch counter stood by women and girls. Each noon the stools in the lunchrooms are occupied by as many girls as men. The girls put their pumps on the footstool as deftly as

It is the choice of foods and method of eating. If everyone would sit down at noon and take time to order a well-balanced meal their wouldn't be indigestion. Time and relaxation is what we all need."

But managers of Omaha lunch counters say half their patrons are girls and women. Travelers, actresses, stenographers and clerks are only a few of the girls who frequent the places.

In a hurry, is the only excuse given, when questioned.

Cargo Boat Crashes Into U. S. Airplane

Little Damage Done—Broken Wing May Delay Resumption of Schedule.

Rangoon, British India, June 21.—A cargo boat last night collided with one of the United States army around the world airplanes, seriously damaging the wings. It is hoped, however, that repairs can be made by Monday when the aviators expect to leave for Calcutta via Akyab and Bassein.

The Americans upon their arrival here yesterday from Bangkok, Siam, via Tavoy, made a perfect landing in a high wind. The fliers were tired after having battled the elements all the way across the Gulf of Martaban.

"September Morn" Rivalled by Union Pacific Scenery; Agent Interferes

Five boys dammed up a drain ditch at Thirty-sixth avenue and the Union Pacific cutoff.

It made a splendid swimmin' hole. Lack of bathing suits didn't stop the fun. The boys didn't feel any need of them.

When the Overland and Los Angeles Limiteds and other "crack" fliers thundered past the boys felt the full exuberance of youthful spirits. They danced aesthetically and nakedly on the banks of the swimmin' hole before the eyes of astonished travelers.

They were in juvenile court Saturday. Edward Champion, 10, 3202 South Thirty-first street; Ralph Lindberg, 14, 3083 South Thirty-third street; Paul Schute, 10, 2911 South Twenty-sixth street; Ed Kozak, 13, 2882 Frederick street; and Robert Gurnette, 4215 Grant street, sat on one side of the table.

Zed Fitch, special agent for the Union Pacific, sat on the other. Judge Day sat at the end.

"The Union Pacific is a great scenic line," said Agent Fitch, "but we can't stand for scenery like these boys provide when our crack trains are going by."

Mr. Fitch is evidently a man who does not appreciate aesthetic dances. Judge Day warned the boys to do their swimming somewhere else or else get bathing suits.

Time Was When—

A few years ago a girl would refuse to enter a lunchroom and sit on a stool at the counter unless she was young and anxious for some new prank.

Some lunch rooms are equipped with nothing but counter stools. There are no tables to bring up a question of the proper thing to do. Lunchroom attendants report that the

girls do not hesitate to enter where the men are hurriedly eating lunch. The girls mingle with the men and are not at all backward about asking them to pass the sugar, pepper or crackers.

"To Bad," Says Pinto. Such a situation is to be deplored, said Dr. A. M. Pinto, health officer. "The men can't even have business men's indignation. We will have business women's indignation, a new ailment. The rush we live in is all wrong."

"The women and girls are going to ruin their stomachs by such hurried eating at lunch counters. They will bolt their food and expect their stomachs to do what their teeth are meant to do. A woman's digestion isn't necessarily any more delicate than a man's, but she should take better care of herself. She shouldn't be on her feet so much during the noon hour. She should sit down at a table and relax."

Meals Unbalanced. "The menu that is likely to be ordered at the lunch counter is unbalanced. The girl will order what is before her, pie or cakes and coffee. Instead of that she should have a little warm meat and vegetables and take time to eat."

AK-SAR-BEN TAX BASIS \$44,000

AK-Sar-Ben property was assessed on a \$44,000 valuation by the board of equalization. The 40 acres on which are the track, grandstands and mail field, were put down at \$400. In previous years the whole tract of 135 acres has been assessed at only \$150 to \$250 an acre. Adjoining property owners complained.

HEIRESS CITED ON LEGACY TAX

Mrs. Laura Summers, 3624 Dewey avenue, was cited to appear before the board of equalization next Wednesday to show cause, if any, why she should not be taxed on the \$150,000 paid her in cash from the estate of her father, the late George A. Hoagland.
