

Wheat Displays More Life; Moves Forward Sharply

Crying Need for Rain in Canada Helps Advance—Corn Develops Relative Strength.

By CHARLES J. LEVYEN (Universal Service Staff Correspondent) Chicago, June 26.—Bullish pep in the grain market today was much in evidence and accompanied by a sharp advance in prices.

The crying need of rain in the Canadian northwest, confirmed by private and official reports from that country, seemed to be the basis for the wheat advance. House with foreign cash interest pick-up in Liverpool and Winnipeg, moved sharply.

Most encountered much better support. The July moved notably upward. All eyes were turned to the grain market for a better brand of buying from the local element. Profit taking was carried practically from top levels but the close was strong.

Provisions were higher with grains the main influence. The wheat was 1 1/2 to 2 1/2 higher.
