All Politics.  
And Rather Dull.  
Many Questions.  
Wheat Is Up.  
By ARTHUR BRISBANE

Ten million voters ask each other 10,000,000 questions. Here are samples of the questions:  
What about the votes of Catholic citizens next November? There is no such thing as a "Catholic vote," but there are millions of voting Catholics, men and women. How do they feel about the religious question raised in the democratic convention. If our religion isn't good enough for you, then our votes can't be good enough for you.

And then La Follette. What about his vote, in view of John W. Davis' nomination? By how much will the Davis nomination increase the La Follette vote? That it will increase it there is no doubt.

Certainly hundreds of thousands of democrats that do not consider themselves as "radical as La Follette," would rather be radical like La Follette than conservative like John W. Davis.

And what about Mr. Coolidge? How will the Davis nomination affect him? Men in Wall street yesterday were saying that Davis' nomination will cost Coolidge many conservative votes, because ultra-conservatives will prefer Mr. Davis, the Morgan attorney, to Mr. Coolidge, presumably more independent of big financial influences.

Many political questions were raised when the democrats selected their ticket, tired and angry, in the late night hours.

Also what about William J. Bryan and his brother, Governor Bryan of Nebraska?

Can W. J. Bryan even pretend to work for a man whom he described as he described Mr. Davis?

Governor Bryan is able, honest, sincere. Many farmers would undoubtedly have voted for him, rather than for La Follette, had he been at the head of the ticket. But a farmer does not buy a cow for the sake of the tail, or a donkey either. They will hardly take a presidential ticket for the sake of the tail, no matter how admirable that tail may be.

And what about those conservatives that are going to vote for Davis saying "All's well with the world," and go happily to sleep. Do they realize that Davis is not mortal; that automobiles can run over him and germs attack him, "absit omen." How would they feel, should they succeed in making the J. Pierpont Morgan lawyer president, and suddenly find through an accident, William Jennings Bryan's brother had become president? That would wake them out of their sleep with a bang.

The price of wheat went up again yesterday. Perhaps some of the big fellows are busy. They know, or at least believe, that higher prices for grain would do to La Follette votes what Paris green does to potato bugs.

Before you decide that the country should enter the league of nations and mix up in foreign affairs, consider facts in connection with foreign money.

Three big nations, France, Belgium and Switzerland, have the franc, as their unit of money. The Italian lira is the same. France and the lira were worth about 20 cents before the war.

France went into the war. Her franc is now worth less than 6 cents. Italy went into the war. Her lira is worth less than 5 cents. Belgium went into the war. Her franc is worth less than 5 cents. Switzerland stayed out, minded her own business, said to the other nations, "Keep away from me or I will blow your head off," and the Swiss franc is worth more than 18 cents.

Remember how the American dollar dropped below Chinese money and was worth only half as much as a dollar of Spanish money after we entered the war. Ask yourself what the value of our dollar would be if we entered the league of nations and a general war should come on, as it will come, sooner or later, with us mixed in it. (Copyright, 1924.)

## Camp Sheldon City Council Organized by Y. M. C. A. Boys

Columbus, Neb., July 11.—Camp Sheldon, "city council" for the state-wide boys' Y. M. C. A. camp, has been organized and meets regularly every day. Problems of the camp are discussed and the boys have charge of the camp government. A daily paper is edited and ready every night around the camp fires.

Assisting "Billy" Neumarker, Columbus, and six-year honor attendant at the camp, now its mayor, are the following "aldermen": Jack Graff, Seward; David Hieb, Hartington; Jack Murray, Fremont; Wallace Dowling, Fremont; Bob Truax, Jr., Norfolk; Robert Miller, Hebron; Bruce Preet, York; Murray Roper, David City; Jack Erickson, Newman Grove; Everett Johnson, Burwell; Marvin Best, Norfolk; Harold Carrico, Norfolk; Harvey Nash, Palmyra, and Wilbur Porterfield, Wayne, Neb.

## Planert Scout Executive.

Kearney, Neb., July 11.—J. E. Planert of Galesburg, Ill., has accepted the position of scout executive tendered him by the tri-county scout executive committee and will assume his duties here about July 20, succeeding W. G. Jay, who resigned after four years of service in that capacity. The district comprises Kearney, Phelps and Buffalo counties, with headquarters in this city.

## Judge Colby Holds His Own.

Beatrice, Neb., July 11.—Word comes from Rochester, Minn., that Judge L. W. Colby, who recently underwent an operation for cancer of the stomach, is holding his own. Mrs. Colby is in attendance at the bed side.

## GAMBLING PLACED UNDER BAN AT FAIR

Columbus, Neb., July 11.—No gambling concessions, doll racks, wheels or cane racks will be permitted at the central Nebraska fair, which will be held here in September. This decision was reached by the Chamber of Commerce fair committee, whose members declared that they wished to make the agricultural show exceptional from every point of view and to keep the thousands of farmers and small town youngsters who will visit the fair from being swindled. Free amusements will feature, including a two-night style show and an automobile show.

## Postmaster Reappointed.

Beatrice, Neb., July 11.—George Nicholas, who has served as postmaster at DeWitt for years, has been reappointed. His wife is assistant postmaster.

## Vaccination Is Good Insurance, Says Physician

Dr. A. A. Johnson, Bluffs Pathologist, Tells Continental Club Cancer Germ Not Found.

Dr. A. A. Johnson of Council Bluffs, speaking to members of the Continental club at Hotel Fontenelle Friday noon in place of Col. Donald Macrae, asserted that cancer germ has not been discovered by medical science and he took issue with those who claim that a blood test will determine the presence of cancer. "It is impossible to determine can-

cer through a blood test," the doctor declared.

He stated that a smallpox outbreak in Denver about a year ago offered additional evidence that vaccination gives immunity and he insisted that the same may be said in connection with typhoid fever.

"Vaccination is good insurance," he said.

"Deaths of diphtheria are not necessary today," the speaker added, "it is only when the case is taken in hand too late that diphtheria causes death."

He referred to the advancement in medical science with reference to administration of insulin to combat diabetes.

The Council Bluffs pathologist was introduced by Thomas D. Metcalf, an emergency operation prevented the appearance of Dr. Macrae, who was to have addressed the club.

## Walther League Meet at St. Paul to Be July 13-17

Many Omahans Plan to Attend Big Annual Convention; Met Here in 1922.

Many Omaha Walther leaguers will attend the annual convention of the league at St. Paul, July 13 to 17.

Among those who will attend are Mr. and Mrs. Lenn Heine, Miss Helen Heine, Ruth Zimmerman, Laura Kavanaugh, Howard Jourdan, Ed Miller, Rev. T. Lang, George C. Stohlman, Mr. and Mrs. H. Vadra, Miss Vera Zimmerman, Edgar Brommer, Miss

## WHEAT GROWERS START BIG DRIVE

Aberdeen, S. D., July 11.—The "victory week" campaign of the South Dakota Wheat Growers' association is under way this week. It began July 7 and terminates July 12. Its goal is the doubling of the existing membership of the 1924 wheat pool, according to Harry J. Boyts, organization director.

Marketing machinery of the pool is perfected and financing is amply provided, Mr. Boyts declares, so that the only question remaining is over the extent to which South Dakota farmers will "dump" their wheat this year or, on the other hand, provide for its sale as needed in order that a strong market will be maintained.

Adherence to the same goal of orderly marketing by similar associations in other states is relied upon by the association, Mr. Boyts says, to stabilize the wheat market in the

Aberdeen, S. D., July 11.—The "victory week" campaign of the South Dakota Wheat Growers' association is under way this week. It began July 7 and terminates July 12. Its goal is the doubling of the existing membership of the 1924 wheat pool, according to Harry J. Boyts, organization director.

Marketing machinery of the pool is perfected and financing is amply provided, Mr. Boyts declares, so that the only question remaining is over the extent to which South Dakota farmers will "dump" their wheat this year or, on the other hand, provide for its sale as needed in order that a strong market will be maintained.

Adherence to the same goal of orderly marketing by similar associations in other states is relied upon by the association, Mr. Boyts says, to stabilize the wheat market in the

## Liquor Seller Given Jail Term of 60 Days

York, Neb., July 11.—Ben East of Henderson, charged with selling three pints of whisky, pleaded guilty in county court and was given a jail sentence of 60 days. This is East's second offense.

## Still Found in Kearney.

Kearney, Neb., July 11.—When a policeman called at the Martin Moran home on a civil matter, he smelled liquor on the premises. Following his nose, he made his way to the basement and located a fine still in operation. About 30 gallons of mash and a considerable quantity of the finished product were found. Moran waived preliminary examination, and was bound over to district court.
