The democratic party proved itself not only unfit to rule the country, but also unfit to rule itself in its recent national convention in New York, Representative Tincher argued.

Solved Problem. "The Dawes plan of adjusting German reparations," he declared, "has solved a problem that the league of nations, which the democrats en dorsed in 1920, but forgot in 1924, failed signally to solve."

Representative Barkley attacked the records of the republican party and the administration of President Coolidge, basing his criticism on the findings of the various congressional investigating committees during the last session of congress.

"During the war period," said the Kentucky representative, "the republicans named 51 committees to probe the actions of democratic office holders. These 51 committees finished their work without finding a thing to

A new home treatment, which to \$1,060,000. many aging persons declare is unequalled for restoring the vital force of youth, is the recent achievement of the Melton Laboratories, 1476 Melton Building, Kansas City, Mo. This new treatment is inexpensive and easily used at home. It has won the highest praise for the quick results credited to it by the many persons who tell of having dragged along half alive from lack of vigor, exhaustion of nerve force, reduced gland activity, and physical weakness from the effects of premature old age. Early results one to seven days, and lasting benefits-with no gland operations, no Allison, Gering. Mary E.
