Trade in Your Old Furniture for NEW

For Years Our Exchange Dept. Has Been Making Better Homes Possible.

Almost everyone is acquainted with the universally adopted plan of trading in used motor cars for new ones. This method of accepting used cars in exchange as part cash on new models was applied to furniture and adopted years ago by the Union Outfitting Company for the benefit of home-makers.

If you have any old pieces of furniture you no longer care for, we will take them in as cash or part payment on any new furniture you may select. We do not buy used furniture—we only accept it in trade on the purchase of new furniture. Phone JA. 1800 for an appraiser. There will be NO charge or obligation to you.
