One thousand and fifty-three Automobiles containing people representing Twenty-five States of the Union, outside of Nebraska, were on the grounds during the 1923 State Fair.

They saw what Nebraska produces. Nowhere else could Nebraska present before these visitors, in so short a period of time, the enormity of our GREAT STATE.

Monday and Friday

Greatest contest of human and mechanical skill.

MUSICAL PROGRAM

Pat Conway and his New York Band of thirty-six pieces and Grand Opera Vocalists.

MUSICAL REVUE

A return engagement of Mr. Ernie Young and his Revue. The night entertainment that swept the 1923 State Fair patrons as a storm. Program entirely new. Fresh costumes. Gorgeous scenery. This revue will be augmented this year with a loud speaking device so that all may hear as well as see.

MIDWAY

The Rubin & Cherry Shows. First trip through the middle west. Largest riding devices, clean shows, no games.

The real "Backbone" of the State Fair is its advertising asset to Nebraska. A Program of Entertainment and Recreation unequalled. Everything that goes to make up a Real Outdoor Exposition.

It is here that you will find a happy combination of pleasure and profitable education. If you come, you profit. If you stay away, you lose.
