By Associated Press.

New York, Aug. 27.-Atlantic shipping paid heavy toll to the hurricane which raged over the seas from the south to the north Atlantic for the better part of the last three days.

With the arrival in port late today of the White Star liner, Arabic, bear ing more than 50 persons injured in the 100-mile gale, shipping officials caught many vessels in its sweep. At least five large liners, heavily loaded with homecoming passengers, fought their way through the gale that at times whipped the waves into battering hillocks between 40 and 50 feet in height.

The Arabic, her sick bay filled with injured, her decks stripped of lifeboats and her portholes smashed in, was the hardest hit.
