

Wheat Has Early Break but Goes Back Up Again

Corn buoyant, Oats and Rye Trail Other Grains Higher - Sentiment in All Pits More Hopeful.

By CHARLES J. LEYDEN, Universal Service Staff Correspondent. Chicago, Aug. 27.—Liquidation ran its course here today after an early sharp break. Good buying developed thereafter and the market swung back to a level of 100 1/2 cents.

The local trade was disposed to take the local Canadian gains in wheat yields as too optimistic, and this combined with continued activity in the export situation and a much revived demand for milling demand were sufficient to check the wheat which had been falling from 101 1/2 to 100 1/2 cents.

Wheat displayed a buoyant condition most of the day. Buying and selling were equally effective at times. Locally some of the outside important firms expressed the opinion that the domestic and export situation was favorable.

Northwest mills reported a very active trade. Some of the outside important firms expressed the opinion that the domestic and export situation was favorable.

Advertisement: The Value of Charcoal

Preserving Health and Beauty and Yet It is Not a Drug. Pure willow charcoal is the safest and most efficient disinfectant and purifier in nature.

And the more you take of it the better. It is not a drug at all, but simply absorbs the various gases and impurities which enter the stomach and intestines.

Charcoal efficiently clears and improves the complexion, whitens the teeth, distinguishes the mouth and throat from the poison of catarrh, and further acts as a natural and eminently safe cathartic.

All druggists sell charcoal in one form or another, but probably the best and most for the money is in Stuart's Absorbent Lozenges.
