Today

Retail Distribution. Not Wills, but the Sphinx. In the Chimpanzee Cage. Hard Work Does Not

Hurt.

By ARTHUR BRISBANE The opening tomorrow of a huge new retail store in New York City, interests business men that retail,

and manufacturers that supply them. The new store, called "Saks-Fifth Avenue," between Forty-ninth and Fiftieth streets, next the Cathedral, is Fifth avenue's farthest uptown store.

Where the uptown march of business will stop no one knows. The center of business may land in fare. Jamaica, on Long Island, as regards the foture and greater New

Meanwhile merchants study the first method, as with Saks, is an entire block front new store on Fifth avenue, while retaining the original Herald Square establish-

The second method is illustrated this last week by the old firm of R. H. Macy & Co., adding to its action at Mukden and that Japanese gigantic establishment another, on the same spot, 100 per cent bigger. The third is the method of Mar-

shall Field in Chicago, John Wanamaker in New York, and others building another block just across the street from the original store that has outgrown its capacity.

side by side. Eventually, even the favor of the central government biggest stores will be obliged to forces about to defend Pekin. The imitate the swarming bees, and go out to establish new hives, at in- bulence was not indicated.

A successful merchant in New York, asked to establish a branch in a neighboring city with 400,000

inhabitants, replied:
"Why should I, when I can open another store 40 blocks from here, and find a city of a million inhabi-tants waiting for me?"

With 6,000,000 inhabitants now, soon to increase to 10,000,000 and then to 20,000,000, New York is bound to have business establish-ments with branches that will make the biggest establishment of today seem small. And what is true of

that Wills, champion fighter, won his fight with Firpo. Intelligent It is alleged that colored men find great satisfaction sands of Egypt. Those features, nose and lips, surviving thousands of years, are distinctly African. Some scientists say that the mysself of years are distinctly african. Island and then sent on to Havana. terious Sphinx, beside which a camphant, tells of a day when Ethio- of statements he made at the hear pians were the first astronomers, ing at that time when he denied he naming the stars, ruling great territories and erecting great mon- States. uments.

To find a way back to that Ethiopian civilization would be more Ellis Island accompanied by his at-important to the African race than torney, Herman Bushel, and his into answer satisfactority the question, "how can we force Dempsey to give Wills a chance at his cham- tion. pionship?"

Had they been put at hard labor six months before they committed that atrocious murder the murder would never have been committed. Heaven knows what would hap-pen to this earth and it's semi-bar-

barous hundreds of millions if a great majority were not held down and kept sane by hard work.

The French academy controls the French language. Until the academy approves, no word is

In consequence, French has become in its meaning, absolutely certain, and it is used, for that reason, in all diplomatic documents. That it has lost strength and richness by this purifying process is probable. The French of Victor Hugo is feeble compared with that of Villon.

The "40 immortals" assembled in Cardinal Mazarin's old palace firmly rejects the American word "cocktail." Membranes lining the intestinal tract of 20,000,000 Americans would be vastly improved if these membranes would imitate the French academy and banish the cocktail. (Copyright, 1934.)

Pays \$2 Dividend Independence, Kan., Sept. 15 .- A dividend of \$2 per share has been /declared on the stock of the Prairie Oil and Gas company, payable October 31, 1924, to stock of record September 30, 1924; it was announced today.

A NY WOMAN, any man, can now have a well-developed face and form. The whole, simple secret of a well-developed form is in the number of blood-cells in your body. You can now forget all ercise, fad treatments, food-fats and fat-foods. Nothing is of any use after all, except blood-cells!

Thin, run-down men and women, with bony necks, sunken cheeks, bony shoulders—all these are suffering from one thing-too few blood-cells. Science has proved that S.S.S. helps to make the rich red-blood-cells, which you need. Your blood is starving for these new blood-cells! Gwe your blood the blood-cells it needs—take S.S.S. the great scientific blood-cell maker. S.S.S. has done marvels, too, in making beautiful complex-ions, clearing the skin, making lips rosy red, the cheeks full and plump -because it rids the blood of impurities which cause pimples, blackheads, acne, blotches, eczema, tetter, rash and rheumatism, too. As the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. This is why S.S.S., since 1826, has meant to thousands of underweight men and women a plus in their strength. Start taking S.S.S. today and your great problem, that of your personal appearance, can be solved.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical. S.S.S. The World's Best Blood Medicine
