Revenues Exceed Expenses Since June 1 by \$4,715, Report Shows.

Improvement in the financial condition of the Omaha Chamber of Commerce is shown by a statement of finances for the first three months of its present fiscal year, which began in June. The statement shows that revenues during this period have exceeded expenses by \$4,715, while during the same period a year ago expenses exceeded the revenue by \$9,431.

"This condition is encouraging," said Commissioner Powell, "as is the fact that, although we have reduced the budget for 1924-25, we are running under 2 per cent below the reduced budget."

Members of the chamber declare that although expenses have been out, activity has been increased, and they cite as an example the fact that more large conventions are scheduled to be held in Omaha in 1925 than ever before.

"But more revenue is necessary to take care of all the things beneficial to the city which are brought to our attention each day," said Powell. "Now that it has been shown that the chamber can operate economically, the subscriptions are growing and they should continue to increase. No money will be wasted."

A revenue committee has just been formed, headed by Guy Klidoo, and this committee is expected to enable the chamber to increase its activities rapidly.

U. P. PUTS OUT NEW WALL MAP

Copies of the latest edition of the Union Pacific railroad wall maps, familiar to everyone whose business calls them into hotel lobbies, have just been received by the advertising department at Union Pacific headquarters.

The present edition is the first revised edition issued by the railroad for a number of years, and is more complete and more accurate than former editions. Unlike most railroads, all curves are shown on all lines of the Union Pacific, as well as other roads.

The map is issued at a nominal charge to those having legitimate use for it, but copies will not be given away indiscriminately, as formerly, to many persons who desired it merely to cover a stain on the wall paper.

Omaha Builder of Hospital Annex First Patient as Victim of Gun Butt

Special Dispatch to the Omaha Bee. Excelsior Springs, Mo., Sept. 19.—R. T. Jones, 40, employe of the Jones Construction company of Omaha, which recently completed the \$150,000 annex to the new veterans' hospital here, is the hospital's first patient.

Mr. Jones is not a disabled veteran of a little war of his own, which it is asserted he has been waging for several days with the North Missouri Light and Power company of this city. An armistice was called last night when Harry Duncan, deputy sheriff, is said to have hit Mr. Jones on the head with the butt of a revolver. He was unconscious several hours.

The light company contends Mr. Jones owes \$25 for electric lights on the premises of the hospital. Mr. Jones contended he did not. Officials of the light company said they didn't mind the \$25 so much as Mr. Jones' alleged boast of immunity. "You can't attach anything on government premises," Mr. Jones is reported to have said. "It belongs to the United States." Duncan went to the hospital last night to attach a concrete mixer. He said Mr. Jones made a gesture as if to draw a weapon. Duncan then is said to have knocked him out. Workmen carried Mr. Jones into the hospital, which is fully equipped for patients. Local physicians treated him. He is still there.

Cigar Store Men Fined \$100 Each

Three Downtown Owners Are Charged With Running Gambling Games.

Three proprietors of downtown cigar stores were fined \$100 each in police court Friday morning on a charge of running gambling games. The three men were arrested Thursday evening by Deputy Sheriff Dan Phillips, who admitted in court Friday morning that he had found no money or chips on the tables when he raided the rear rooms of the cigar stores. "They always hide the money or chips when they see me coming," he asserted.

The men fined were the owners of the Denby cigar store, 109 South Fifteenth street, the Capitol pool hall, Thirteenth and Douglas streets, and Baseball Headquarters at 413 South Fifteenth street.

Following conviction of the three men, Judge Patrick released seven negro women who had been arrested by George Summit, head of the police morals squad, in a series of raids on houses on Capitol avenue between Tenth and Eleventh streets.

Lace is noticed as a material for yokes in nightgowns and chemises.

Kinsler said Thursday morning that questioning of both Rankin and Miss Gillespie had convinced him that sufficient evidence existed on which to base a Mann act charge, and he will file such a charge Friday morning.
