During Our Big Demonstration of **'HOWARD'** Stoves and Ranges

We are sole Omaha agents for Howard Heaters and Ranges, and have sold them for many years. Our best recommendation for their fuel saving, heat giving qualities is the thousands of Omaha homemakers who are using them today. Come in and let us demonstrate why the "Howard" will pay for itself.

**A Howard Saves Fuel**

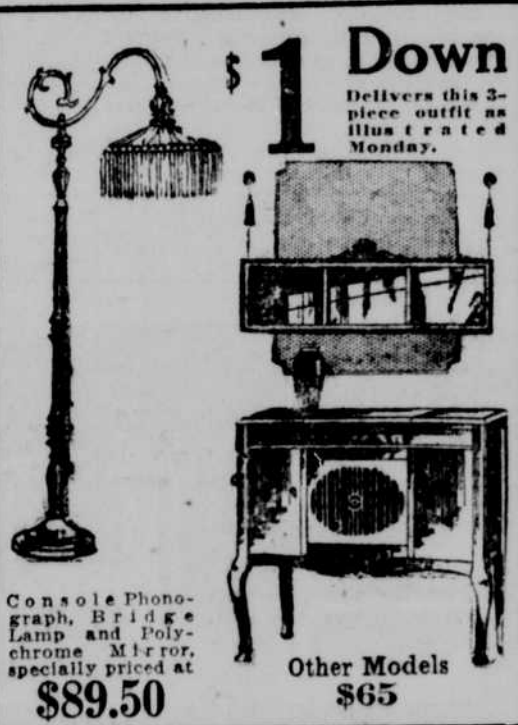

Howard heaters have the overdraft construction that consumes the coal gases usually lost up a chimney in smoke, the result is you get more heat with 20 to 30% less fuel. A Howard will burn soft coal, coke or wood satisfactorily. See the new model priced for Monday at **\$32.50**
