

Looks like a member in good standing of the K. K. K. of the Cobras. When the hood is doing its stuff properly it shows a perfect pair of spectacles. This is a pure white specimen and is a recent arrival at the London Zoo—the first of its kind ever seen there. Even in India, its habitat, this sort of corba is found only once in many years. —Wide World Photo

A remarkable "shot" of a Mountain Eagle made on a Mexican Plain, as the King of Birds swept down in search of prey that would come within his weight requirements. —Wide World Photo

A letter written on rolls of adding-machine paper 150 feet long, containing between 15,000 and 20,000 words, that was dated at Chicago, July 7, and reached Denver the latter part of August. —Wide World Photo

A model of compactness and convenience. An Amsterdam (Holland) milkman making his morning rounds with his supplies in easy reach. In this city the bicycle is still at the height of its popularity. —Wide World Photo

*Fashionable women are always slender*

Can you wear the modish clothes which you see in the shops? Or must you deny yourself pretty things because you know they will not fit—because your figure is no longer slender?

The smartest costumes all require a slender figure—a smooth unbroken silhouette.

Yet many fashionable women who now wear original models, once suffered from overweight. They found the pleasant way to reduce—Marmola Tablets (thousands of men and women each year regain healthy, slender figures this way). With these tablets you, too, can have a slender figure—no exercises or diets.

All drug stores have Marmola Tablets—one dollar a box, or they will be sent in plain wrapper, postpaid, by the Marmola Co., 1700 General Motors Bldg., Detroit, Mich.
