TWO CENTS

THOUGHT FOR THE DAY

Success or failure in business is caused more by mental attitude even than by mental capacities.—Walter Dill Scott.

WALTER WILSON BEAT AGAIN

Parliament of Britain to Dissolve

Simon Amendment Adopted by Vote of 364 to 198, Meaning That King Will Be Asked to Act.

MacDonald Loses Power

By Associated Press. London, Oct. 8.—The Simon amendment was adopted 364 to 198. This means that the government will ask the king to dissolve parliament.

The labor government of Ramsay MacDonald came into power in Great Britain in January of the present year when the conservative ministry of Stanley Baldwin, which had been at the helm only a few months was dismissed by a house of commons with a vote of lack of confidence because of its espousal of protection.

The defeat of the Baldwin administration was the culmination of a laborite amendment to the reply to the king's speech from the throne. The amendment declared that it was the duty of the house of commons to submit to your majesty that your majesty's present advisers have not the confidence of the house.

Clynes Introduced. The amendment was introduced by John R. Clynes, at present lord privy seal, then deputy leader of the parliamentary labor party. It was adopted by a vote of 228 to 250 after MacDonald had moved closure on the debate.

On January 22 MacDonald went to Buckingham palace at the request of the king and accepted the task of forming the new government of which he became the head. Thus Great Britain came under the domination of a laborite government which included members of the nobility in its makeup.

At the time of MacDonald's assumption of power at the request of King George it was realized that at any time by coalition of their vote the liberals and the conservatives could overthrow him on a question of high import, for in the general elections on December 1923, the conservatives had 259 and the liberals 155 seats while the laborites had only 191.

By Associated Press. London, Oct. 8.—The house met today for what every member believed to be a fateful sitting in a high state of nervous tension, which was evidenced in many unusual passages. The prime minister found himself under the obligation to make a personal apology to the house for having the other day made an unintentional misstatement in connection with the Campbell case, in the heat of justifiable temper and in resentment at the gross imputation made upon me.

AFTON (IA.) BANKER IS HELD FOR FRAUD

St. Louis, Oct. 8.—William E. Pierson, 41, cashier of the State Savings bank of Afton, Ia., was arrested here early this morning on an indictment charging him with embezzlement in connection with a \$34,000 shortage, said to have been found in the bank's accounts. The prisoner waived extradition and will be taken back today by Sheriff N. F. Collings of Union county, Iowa.

We Have With Us Today

Marco Morrow. Publisher. Marco Morrow is assistant publisher of the Capper publications, which have grown in recent years to become the largest concern in the country devoted almost exclusively to getting out farm periodicals. The company also publishes two daily newspapers, the Topeka Daily Capital and the Kansas City Kansan.

Woman Called as Juror Has Two Excuses to Calm Irate Judge—Husky Twins

Pittsburgh, Pa., Oct. 8.—Mrs. Mary Blattner, called for jury duty, did not serve despite the efforts of court authorities to bring her around.

A pair of husky twins calmed an irate judge and forced R. J. Moore, chief clerk of common pleas court, to admit that "she had a most satisfactory reason for not appearing."

When Mrs. Blattner failed to respond to her name today, Chief Clerk Moore was instructed by the court to "learn why."

"Persons to be excused must present a legitimate excuse," said Moore, in speaking with some severity to Mrs. Blattner home over the telephone. "Has Mrs. Blattner a good reason for not serving?"

"I'll say she has," was the reply. "and the reason is a pair of husky twins."

"I agree with you," said Moore.

Howell Ridicules Davis' Scheme to Aid Farmer

Omaha Senator, in Talk at Fremont, Says "Foreign Markets" Suggestion Camouflage.

Special Dispatch to The Omaha Bee. Fremont, Neb., Oct. 8.—Before a large audience here this evening Senator R. B. Howell charged that the scheme proposed by John W. Davis, democratic candidate for president, to help the farmers by taking an "official" part in the affairs of Europe, was an "insult to the intelligence."

While the senator did not mention the league of nations it was evident that he had Davis' longed for the league in mind. He said the "foreign markets" plea was an attempt once more to fool the farmers.

"Suggestion from those who would relegate this issue to the back ground," said the senator, "is that the solution of the farmers' problem is to re-establish foreign markets for our agricultural products through the rehabilitation of Europe."

LEUSSLER SPEAKS ON CAR FRANCHISE

Information in regard to the franchise of the Omaha and Council Bluffs street railway was given by A. A. Leussler, general manager, to members of the United Improvement club at their meeting held Tuesday evening at the city hall.

PLANE SQUADRON TO FLY BY NIGHT

Washington, Oct. 8.—The first cross country flight ever attempted at night in this country by a formation of airplanes will be made on the night of October 16 from Langley field, Virginia, to Mitchell field, New York, by nine Martin bomber airplanes, it was announced at War department today.

Former Iowan to Manage Large Irrigation Project

Avoca, Ia., Oct. 8.—George Brunskill, former Avoca resident, is preparing to take charge of a 160,000-acre irrigation project north of Riverton, Wyo., for Morton of Chicago, the "salt king." A 1,000-acre tract has been set aside for a town to be known as Morton. Brunskill is visiting at Avoca.

Pronoun "I" Gets Rest in Dawes Talk

Candidate Stresses "You," and Duty of Voters in Campaign Speeches Over State.

Silent on Achievements

By BALLARD DUNN. Norfolk, Neb., Oct. 8.—Men who make politics a business have as their chief stock in trade their "record." When these men run for office it is their record that they constantly parade before the public.

The newspapersmen who travel with Charles G. Dawes, republican candidate for vice president, have noted with relief the almost total absence of "I" in his speeches.

Matzenauer Silent on Husband

Mrs. Margaret Matzenauer, star who once surprised operatic world by elopement with chauffeur, refused to discuss driver-husband when she arrived in New York recently.

Explosive Blast Is Only Thunder to Meet Nov. 10

Omahans Expect Buildings to Fall as Queer Sound Shakes Air.

A peculiar explosive clap of thunder was the innocent cause of much excitement and comment in Omaha Wednesday morning. At least that is what Meteorologist M. V. Robins declares was the reverberating report which alarmed the populace.

To Omahans in the downtown district the crash sounded like an explosion just around the next corner. It sounded like a shotgun in most of the offices at central police station. They dashed pell-mell out of the building to see what bloody form awaited them on the pavement below.

Chief of Police Charles H. Van Deusen was driving to work at the time of the mysterious noise. He declared that he was almost jarred out of his car by the concussion at Sixteenth and Webster streets.

Sparks were seen to spurt from Western Union clocks. There were no earth tremors. Down town buildings retained their erect positions. Red hot ball remained an unexplained phenomenon.

The police operator discredited the end of the world theory to several hundred excited Omahans who called the police station to learn the origin of the mysterious sound.

These are the things that Charles G. Dawes talks about. Nor does he use many words in talking about them. He does not make a speech in this place to catch a peculiar note of the world's attention.

National Radio Week Is Planned

American and European Broadcasting Stations Will Attempt to Communicate Across Atlantic Ocean.

Delegates Hear Coolidge

Washington, D. C., Oct. 8.—Plans for a national radio week from November 24 to 30, during which time American broadcasting stations will seek to transmit messages to Europe and European stations will attempt to establish communication with America were announced today by Arthur Lynch of New York, attending the national radio conference here.

President Coolidge will be invited to broadcast a message of greetings to the people of Europe and other foreign lands, and King George of England will be invited to speak to America, Lynch said.

The plan is to have the American stations broadcast to foreign countries between 10 and 11 p. m., eastern standard time, each night during the week while the European stations will broadcast to America from 11 to 12 each night.

Super-Power Plans. Installation of super-power radio broadcasting stations under experimental licenses by which the government might discontinue them within a year.

Some Opposition. The suggested solution of the super-power problem was made as a recommendation to a subcommittee of the conference considering the general question by Walter A. Strong, representing the American Newspapers Publishers' association.

David Sarnoff, vice president and general manager of the Radio Corporation of America, expressed the willingness of his concern to erect a super-station within several miles of New York city on the condition that it would be closed down by the government within a year if it created undue interference with other stations.

The committee then requested officials of the commerce department to draw up a revised experimental license which would authorize general construction of super-power stations on this basis. Present experimental licenses, authorizing use of more than one kilowatt, are granted only to concerns manufacturing radio equipment, a feature that would be eliminated in the proposed license.

Problems Discussed. The revised form will be submitted to the subcommittee at its session tomorrow for consideration.

The general session of the conference today was given over to open discussions of general radio problems. Questions of wave length allocations and marine radio interference with land broadcasting were discussed and land given to committees for consideration.

Tomorrow's general session of the conference will receive reports of progress from the chairman of the seven subcommittees appointed by Secretary Hoover to consider various problems of the industry. The meeting will then recess, the committees to reconvene later in the day to complete their work and to draw up their reports to the conference.

Mrs. J. M. Twimem Stricken While Touring East in Auto

Hardy, Oct. 7.—Funeral services were held here Tuesday for Mrs. J. M. Twimem, former pioneer resident of this place. The body was brought here from Portland, Me.

MORE CATTLE ARE KILLED IN TEXAS

Houston, Tex., Oct. 8.—Orders for the slaughter of all cattle within a radius of approximately 20 miles of the ranches where the first outbreak of foot and mouth disease in Harris county was discovered were issued today by Dr. Marion Innes, federal inspector in charge, and J. F. Bourg Scott, chairman of the Texas livestock and sanitary commission. It is believed that by the time this work is completed more than 10,000 cattle will have been killed.

The Box Score

Table with columns for NEW YORK, WASHINGTON, and scores for various teams and players.

Washington, D. C., Oct. 8.—Plans for a national radio week from November 24 to 30, during which time American broadcasting stations will seek to transmit messages to Europe and European stations will attempt to establish communication with America were announced today by Arthur Lynch of New York, attending the national radio conference here.

15 Towns to Join Yankton Hegira

Auto Parties to Augment Omaha Caravan to Bridge Rites.

Fifteen towns along the Omaha-Yankton highway, in addition to Omaha, will send large automobile parties to Yankton, S. D., October 16, for the opening of the Yankton bridge on that day.

The distance from Omaha to Yankton is 171 miles. Omaha motorists making the trip start about 6 a. m., and arrive at noon. Chairman Buckingham of the Omaha contingent expects to leave at 6 o'clock, have breakfast in Fremont at 6:45, and leave Fremont at 7:15; he recommends that other motorists adopt the same program.

The Omaha Auto club will furnish maps of the Omaha-Yankton road, and appropriate signs for cars to all Omaha making the trip.

Following are the towns on the Omaha-Yankton highway which will send auto parties, and the number of cars they will send: Fremont, 25; Hooper, 10; Scribner, 20; Beemer, 15; West Point, 20; Wayne, 25; Coleridge, 25; Laurel, 25; Hartington, 75; Fordyce, 25; Oakland, 25; Craig, 5; Tekamah, 20; Herman, 10; Blair, 40.

OMAHA MASONS AT LODGE FLAG RITES

Fremont, Oct. 8.—About 60 Omaha members of Commandery No. 1 made a pilgrimage to Fremont where they presented the local chapter with a flag, an emblem of the order. The event was the occasion for one of the largest assemblies of Knights Templar ever held in Fremont.

The ceremony was one of several planned by Grand Commander of Nebraska lodges Charles H. Green of Fremont. The purpose was to create a better feeling of friendship between the various lodges of the state.

The same flag will be presented to some other lodge in the state, which will do the same in turn. The last lodge to receive the emblem will present it to the grand commander at its next annual meeting. T. L. Matthews received the emblem for the Fremont lodge following a banquet at the lodge rooms.

Four Doctors Attend Convention at Madison

Madison, Oct. 8.—Forty members of the Eklhorn Valley Medical society and Fourth Council District Medical society met in joint meeting here Tuesday. Wives of 15 doctors were entertained at luncheon by Mrs. Dr. F. A. Long. Luncheon was served for the doctors at the Presbyterian church parlors. The meeting was a success from a medical standpoint.

Wallaces Wed 50 Years

Atlantic, Ia., Oct. 8.—Thomas R. Wallace and wife, Cass pioneers, the former a retired United States consul, observed their 50th wedding anniversary at their home here Monday night. Mr. Wallace spent a score of years in the diplomatic service and served in many foreign lands.

The Weather

Hourly temperature forecast for Omaha, showing high and low temperatures for each hour of the day.
