

Central Grad Dies as Auto Turns Turtle

Loose Dirt Blamed in Fatal Drive From University for Week-End at Home.

G. Karl Malland, 17, son of Mr. and Mrs. W. H. Malland, Wellington hotel, lies dead in the Gentlemen mortuary. His neck was broken when an automobile in which he and Jesse Fetterman were driving from Lincoln to Omaha skidded in loose dirt and turned over into the ditch on the D-L-D road, three miles east of Gretna, Friday night.

University Students in Fatal Auto Crash

G. Karl Malland

Jesse Fetterman

Fetterman, a son of Mrs. A. D. Fetterman, 3415 Lafayette avenue, is recovering from cuts and bruises at his home. Both were members of the freshman class at the state university and graduated last June from Central High school.

Home for Week-End. They were driving to Omaha for the week-end in a car belonging to an Alpha Sigma fraternity brother.

Fetterman said Saturday he remembered nothing of the accident and was not sure which of them was driving. He said they were going about 25 miles an hour and that the accident occurred while they were trying to pass another car.

Both Prominent. Both boys were socially prominent during their high school years.

Malland was a crack golfer on the Central golf squads during his sophomore, junior and senior years, and was on the baseball team in his junior and senior years.

Fetterman was an athlete throughout his high school course and made the first football squad in his last year. He was president of the student association in his senior year.

There was some trouble about his getting his diploma because he playfully poured a bucket of mud upon F. H. Gulgard, commandant, at the cadet camp last June.

Both boys participated in the senior play. Inquest at Gretna. Malland's body was brought to Omaha early this morning.

Besides his parents, Walter and Homer, Malland's parents expected Karl home for the week-end but thought he would come by train. They received the call to go to Gretna a short time after the train on which he was expected had arrived in Omaha.

If an inquest is held it will be by the county authorities at Gretna. Funeral of Karl Malland will probably be held Tuesday.

LANDIS PRAISES WALTER JOHNSON. Washington, Oct. 11.—Tribute was paid to Walter Johnson today by Judge Kennesaw Mountain Landis, the czar of organized baseball, during a visit to the supreme court.

"Walter Johnson never had a faster ball 20 years ago," Judge Landis said. "He had perfect control and could put it over the plate within a fraction of an inch of where he wanted it to go."

"I want to go on record as saying that yesterday's struggle was a perfect game not only from the viewpoint of the spectators in the stands, but also from an artistic point of view. I never had seen anything like it before and probably never will again. I regard it as the greatest game ever played."

"When I got back to my room in the hotel after the intense excitement of the three hours' play was over I had a gallon and a half of water wrung out of my undershirt."

NAVY SPEED PLANE CRASHES IN RIVER. Philadelphia, Oct. 11.—The F-2W, a navy high speed seaplane today plunged to the bottom of the Delaware river of Fort Mifflin while on a test flight under the guidance of Lieut. A. W. Gorton.

Lieutenant Gorton escaped from the cockpit as the plane dove beneath the water and swam to a nearby tug boat. He was uninjured.

"The plane was tail-heavy," he said after being rescued. The F-2W won third prize at the Pulitzer races, St. Louis, last year.

TECH STUDENTS GET ACQUAINTED. The students of Omaha Tech, numbering approximately 3,600, were given an opportunity to extend their acquaintances Thursday and Friday by having "get acquainted" days, sponsored by the welfare council.

All the freshmen were gathered in assembly and introduced to each other. Like methods were sponsored in the home rooms and classes. Each student wore an identification card.

INTERURBAN CARS CRASH; 35 HURT. Youngstown, O., Oct. 11.—Thirty-five persons were injured, 10 seriously, today when two Youngstown-New Castle interurban cars crashed head on in a fog near Struthers, O.

On the Nation's Gridirons Today. New York, Oct. 11.—The more important football games today include: Williams against Cornell.

Georgia against Yale. Detroit against Army. Ohio State against Iowa.

Marquette against Navy. Gettysburg against Penn State. West Virginia against Pittsburgh.

Michigan Aggie against Michigan. Haskell against Minnesota. Nebraska against Oklahoma.

Florida against Georgia Tech. Princeton against Lehigh. Harvard against Middlebury.

World Becoming Drier and Drier Will Go Completely Dry Some Day, Says World Temperance Head.

The entire world will some day be dry, in the opinion of Miss Anna A. Gordon of Evanston, Ill., both world and national president of the Women's Christian Temperance union. She is in Omaha on her way to Denver to attend the Colorado convention of the organization.

Miss Gordon pointed out the spread of prohibition in foreign lands, led by Iceland, now a sovereign state. In virtually every country, she said, restrictions have been placed on the sale of liquor, and 10 have absolutely barred selling to minors.

New Zealand, she declared, had three times voted a majority for prohibition, but under the laws of the dominion a three-fifths majority is required.

Turning from the foreign to the domestic liquor question, Miss Gordon expressed satisfaction that each succeeding congress since the passage of the 18th amendment has been every day in every way getting drier and drier.

Fight for Enforcement. "The big fight on now," Miss Gordon declared, "is for the efficient enforcement of the law. We have two classes in opposition to the maintenance of the Volstead act. One is the misinformed group which has been taught to believe that the introduction of light wines and beer would solve the problem. The others are those whose best interests financially are served by liquor."

Miss Gordon praised both major parties for their prohibition enforcement plank. The head of the W. C. T. U. is a native of Boston and for 21 years was secretary to the late Frances E. Willard, founder of the union. She is the author of numerous hymns and books. This week Miss Gordon attended a meeting of the Iowa W. C. T. U. at Cedar Rapids.

Held Up and Robbed. R. F. Pekusko, 4426 South Thirty-eighth street, was held up by a man and woman at Tenth street and Capitol avenue, about 6:15 Friday night and robbed of \$72, he told police.

Detectives Haze and Donahue investigated the case and reported they learned the identity of the robbers and will arrest them.

ZR-3 Flight Is Postponed Until Sunday Morning

Commander of Giant Dirigible Finds It Is Too Heavily Loaded and Declines to Take Off Any Fuel.

By Associated Press. Friedrichshafen, Germany, Oct. 11.—The flight of the Zeppelin ZR-3 from Friedrichshafen to Lakehurst, N. J., the start of which had been announced for this morning, was suddenly postponed at the last minute until 6 o'clock tomorrow morning.

While no formal statement was forthcoming from the management of the Zeppelin works, where the great dirigible was built for the United States navy, it was apparent that Dr. Hugo Eckener, director of the works and commander of the ship, had discovered that the ZR-3 was loaded with more weight than it could comfortably carry.

31 Tons of Petrol. Dr. Eckener claimed that the atmospheric lifting power this morning was such that a successful start was precluded and he immediately afterward ordered quantities of gasoline and ballast jettisoned.

Even taking out a ton and a half of gasoline, however, failed to lighten the ship enough so she would float as she should, and Dr. Eckener explained that the rising temperature was hindering the dirigible's lifting power.

As every ounce of gasoline may be required to propel the vessel in the event of rough weather he deemed it best to postpone the hopoff rather than further reduce his fuel supply, which this morning weighed about 31 tons. Dr. Eckener is hoping for cooler weather and consequently greater buoyancy when he endeavors to take off tomorrow.

The postponement was a disappointment to thousands of early risers who had besieged the hangar since dawn, confident that the start would be made at 7:30 o'clock as announced last night. The official parting ceremonies were already under way and the local band had struck up their last farewells when Dr. Eckener known his decision for postponement.

ZANNI WILL NOT FOLLOW YANKS. Tokyo, Oct. 11.—Major Pedro Zanni, Argentine airman, flying around the world, will be decorated with the star of the rising sun by the Japanese government, the minister of communications announced today after the arrival of Zanni at Kasumigaura, the Tokyo air base, from Kuchimoto. When the announcement of Japan's intention to honor the Argentine airman was made, Major Zanni was in a conference, the first of a series, with the best informed Japanese airmen to discuss feasibility of continuing the air cruise across the Pacific ocean by the hazardous north Pacific route.

The suggestion was under consideration today that Major Zanni reverse his route and return to Europe, completing his cruise to South America by way of the Atlantic ocean in the spring of 1925.

STONE TO REVIEW "DRY QUESTION". Washington, Oct. 11.—Attorney General Stone will be asked to review the situation relative to application of the eighteenth amendment to the Philippine islands.

The insular government has raised certain points against the construction placed by the State department upon the amendment under a previous opinion from the Department of Justice. These contentions will be passed on to the attorney general in order that a final decision may be rendered as to the status of the islands under the constitution.

Under the State department's instructions to American consuls, based on the previous action of the Department of Justice, ships carrying beverage liquors destined for unloading in the Philippines are refused clearance visas from whatever port they sail.

Air Mail Pilot Caught in Net of Motor Court

Violators of Parking Laws Now Being Sentenced by Judge.

R. L. Wagner

Five motorists, including Air Mail Pilot R. L. Wagner, 3705 North Twenty-seventh street, were sentenced Saturday in police court to gaze upon the horrible pictures in the Omaha Safety council display at 117 South Sixteenth street, and reflect upon their traffic sins.

The pictures depict all manner of automobile accidents with a display of wreckage, both mechanical and human.

Six Days at Museum. The air mail pilot is ordered to spend portions of six days in the wreck museum.

"You must be more careful on the streets than up in the air, quoth Judge Dineen to him. "The traffic is thicker."

A. A. Haning, 4429 Jones street, found guilty of reckless driving, must visit the exhibit 15 days in succession.

For Careless Driving. S. Whitebrook, 2504 Avenue C, Council Bluffs, must ponder the dire results while gazing at the sad pictures for seven days. He drove carelessly at Sixteenth and Douglas streets.

F. W. Byrd, 6601 Dodge street, who parked in a safety zone, and Albert Nordgren, 4213 Miami street, who parked on a crosswalk, must visit the pictures one day each.

OMAHA OFFICE TO BE REINSTATED. The Burlington railroad, it was announced at headquarters Friday, will reinstate its master mechanic's office at Omaha October 29. An appointment, it was said, will be made within a few days. The office force here also will be reinstated.

For several months Julius Dietrich, master mechanic at Lincoln, has been in charge of the Omaha division, the change being made when business dropped to a low volume. With an increase in traffic it has been found advisable to maintain offices in both cities.

NAVY DAY DATE SET BY LEAGUE. Washington, Oct. 11.—Plans for observance of October 27 as Navy day with a program of ceremonies in various cities at the tombs and monuments of the nation's naval heroes, radio addresses and other features to emphasize the significance of the day, were announced today by the Navy League of the United States.

Butler Raps Ku Klux Klan in Platform

Addressed to "Tax Burdened People of Nebraska;" Green Heads State Committee.

Dan B. Butler, city commissioner of Omaha, and candidate of the progressive party for governor of Nebraska, issued his platform Saturday addressed "To the tax-burdened people of Nebraska."

"The Ku Klux Klan and kindred organizations should be unmasked by law," says Mr. Butler. "In this campaign I am for La Follette for president and Norris for United States senator," he adds. Green Heads Committee. W. H. Green is named chairman of the state committee, Richard Jensen, treasurer, and Mary Kennedy, secretary.

The campaign committee is as follows: Mrs. Joseph Meading, Cornelia; Mrs. John Paul, Harvard; Mrs. E. J. McArdle, Omaha; Mrs. J. A. Warner, Omaha; Mrs. Antone Apts, Belden; Bernard McNeny, Red Cloud; George Adams, Crawford; John Kuhl, Randolph; C. C. Galloway, Omaha; M. E. Eden, Omaha, and Vincent B. Kinney, Omaha.

"I call upon the taxpayers of the state, regardless of political affiliation, to ponder over the tax situation and then determine whether private property should be surrendered to the tax eaters or whether taxes should be reduced," says the statement of principles in the first paragraph.

"Era of Extravagance." "This has been an era of extravagance in the multiplication of offices, bureaus and departments with a doubling of salaries for official service without any increase in the ability, fidelity or industry of officials. A new capitol is in course of erection, and instead of a public building sufficient to provide adequate offices for public business the people are being taxed for the erection of a building which is to stand as a monument for its sponsors."

He declares that "taxation of farm and city property amounts almost to confiscation."

The first step in the reduction of taxes, Butler says, is the repeal of the code law, to be followed by reduction of salaries and abolition of useless boards and bureaus.

Refers to Protest. The intangible tax law should be repealed, he says. Building of roads should be more carefully watched with a view to reducing costs.

If he is elected governor, Mr. Butler says, he will urge upon the legislature enactment of laws to carry out these ideas and will use the veto power in all excessive items on appropriation bills. If necessary he "will resort to direct legislation by the people under the initiative."

A closing paragraph refers to "a protest filed with the secretary of state by friends of the opposition against my name going on the ballot as a prospective candidate for governor has delayed me in getting before the people," but declares that in the time remaining he will make up for the delay.

HIGH STUDENTS IN AUTO CRASH. Miss Alice Haddley, 3515 Hamilton street, suffered a cut on the head when the coupe in which she was riding was struck by another car at Thirtieth and Dodge streets at 9 P.M. Friday night. She was taken to Lord Lister hospital by J. L. Nygard, 2909 Dodge street.

Miss Haddley was riding with Archie Baskley, Eleanor Hartnett and James DePa on the way to a party. All are students at Central High school.

Nygart heard the crash and hastened from his home to the assistance of the victims.

SAMARDICK WORK HIT BY VERDICTS

BOMBERS ON NIGHT FLIGHT MANEUVER

Special Dispatch to The Omaha Bee. Norfolk, Neb., Oct. 11.—The action of federal juries here the last few days in returning verdicts of not guilty in three cases charging violation of the national prohibition laws, worked up and presented for the state by agents of Group Chief Samardick of the federal prohibition enforcement forces at Omaha, is considered by attorneys and court officials as a direct blow at the methods and practices used by officers of the United States government prohibition enforcement branch in obtaining evidence.

The cases, all against men well known in Norfolk and the community in which they reside, were a direct failure insofar as results by prohibition officers are judged. Bombers on Night Flight Maneuver. New York, Oct. 11.—Eight Martin bombing planes which left Langley Field, Va., for a flight through darkness to Mitchell field, on Long Island, arrived over New York at 9:50 and began a series of air maneuvers, which, it was said, would last an hour. They were then to fly to Long Island field.

The ninth plane, piloted by Capt. E. A. Duncan, and which carried the squadron's radio sending equipment, was forced down at the naval air station at Lakehurst, N. J., by motor trouble.

WEDDING GIFTS FIRE-MENACED. New York, Oct. 11.—Wedding presents received by Miss Anne Stillman, who is to be married next week to Henry P. Davison, were threatened with destruction by fire which last night swept the west wing of Monticello, the James A. Stillman estate at Pleasantville, N. Y., driving out Mrs. Stillman, her daughter and her young son, Guy.

The fire for a time threatened to destroy the great house on the \$8,000,000 estate. The flames were confined to the west wing.

DAVIS FEARFUL; ON STUMP AGAIN. Davis Special Train, En Route to Richmond, Ind., Oct. 11.—Entering the middle west on his second and final stump trip into that section during his campaign for president on the democratic ticket, John W. Davis began today a two-week drive that will take him into Indiana, southern Illinois, Tennessee, Kentucky and western Ohio. That he realizes the importance of winning as many as possible of the states named is indicated in the decision which led him to take the stump again at this time.

Fall Causes Boy's Death. Shenandoah, Ia., Oct. 10.—A ruptured blood vessel caused in a fall from a hay mow was fatal to Warren Johnson, 11, son of Mr. and Mrs. Edward Johnson of Essex. Funeral services were held Thursday at Nyman Lutheran church. The boy lived five days after the accident.
