

Vance's Hurling Features Murphys' 7 to 1 Victory Over Missouri Pacific Nine

Major Leaguer Whiffs Eighteen of Railroaders

Curlee Clothiers Make Clean Sweep of Interesting Series With Omaha Champs, Winning, 2-0.

By HORACE L. ROSENBLUM. WITH the aid of "Daisy" Vance of the Brooklyn Dodgers, the Curlee Clothiers stepped out and took the Missouri Pacific, runners-up for the amateur title of St. Louis, to a 7 to 1 trouncing in the first game of a double-header at League park yesterday.

In the second game the Omaha amateur champs, using their regular lineup, lost the last game of a three-game intercity series to the Curlee Clothiers, 2 to 0, when Leo Diehl, "ace" of the Curlee's mound staff, allowed the auto men only one safe blow.

Using a free and easy delivery, Mathewson's choice of the best twirler in the big show just toyed with the amateur nine from the Mound City. Only three or four times during the course of the game did the holder of the big league strikeout record use his famous curve ball and when he did the Missourians were not able to follow him after he reached the catcher's glove. After the smoke of the game had cleared away the scorebook showed that the former Hastings boy whiffed 18 men and allowed four safe blows.

The Murphys, on the other hand, nicked the offerings of Febringer, Madsen and Stremmel, the three railroaders' hurlers, for 11 safe blows, including homers by Luebke and Febringer. The Murphys started their scoring in the third inning when Luebke, the first batter up, socked the ball over the right field palisades. Vance, following him, came through with a double and advanced to third on Krug's sacrifice.

Vance scored on Nick's single to left field. The Murphys rang up two scores in the fifth, two in the seventh and their final marker, a homer, in the eighth. The visitors were able to cross the plate once and that was in the sixth inning when McEvoy had walked and stole second Kortum brought him home with a sizzling triple to right field.

Roy Luebke, Omaha Buffalo catcher, caught Vance in the first game and held the wicked slants of the big league in great fashion. Febringer, the only pitcher on the part of the Murphys allowed the Curlee Clothiers to take the last game of the intercity series and thus make a clean sweep of the entire series. Leo Diehl, star hurler for the Curlee team, hurled a dandy game in the nightcap of the day's program when he held the Murphys hitless for seven innings. In the eighth inning Yates, the third batter of the inning, got the only Murphy hit when he lined a screaming single to center field.

The fact that the Murphys were defeated should not allow the pitching exhibition of Mahoney go unnoticed. The Murphys' boss twirled a dandy game, whiffing eight men, allowing only one hit and refusing to issue a free ticket to first base. Errors of the team brand that the Murphys displayed in St. Louis allowed the Curlee to score their two runs. The Mound City men scored their two runs in the fifth inning, when Becker, the first batter of the inning, secured an infield hit and took second when Grinnell pitched to Lise's sacrifice between first and second. Becker scored when Watchler made a wild throw in an effort to catch the Curlee captain leading off second base.

Lise took second base on the play. The visiting left fielder took third when Febringer dropped Diehl's popout. The final score of the game was chalked up when Mahoney threw wild to first base after Ahearn had bunted and Lise scored from third base. Spectacular fielding by Shick, Maguire, Ahearn, Gockel and Kutterer of the visitors and Ryan and Nick of the Murphys brought the fans to their feet in the eighth inning when the big star with the willow fr the visiting team.

KANSAS AGGIES DEFEAT TEACHERS

Manhattan, Kan., Oct. 11.—The Kansas Aggies caught a tartar here this afternoon in the Kansas State Teachers' college, winning, 19 to 0, only after the Emporia eleven had thrown a bad scare into the wildcats.

The Teachers, already defeated in a Kansas conference game, were doped to be only a practice clash for the farmers in preparation for their state championship game next Saturday with Kansas University here, but for three periods forced the Aggies to the limit.

Marquette Plans Great Program for Dedication of New Field Saturday

MILWAUKEE, Oct. 12.—Milwaukee, long a sport-loving city, with a desire for greater collegiate football games, will see another dream come true here next Saturday, October 18, when the new Marquette university stadium will be dedicated amid a great program, the feature of which is a football game between Marquette and John Carroll university of Cleveland.

The Marquette stadium will be one of the largest in the country, and in the middle-west, it is believed only those of Ohio State, Illinois and Michigan will be larger. The ultimate seating capacity of the stadium will be about 42,000, with about half of the structure, or the main tiers on each side, now ready for occupancy.

Professional landscape gardeners have been in charge of constructing the gridiron and the result is one of the most attractive playing fields in the middle-west. The turf, although freshly sodded, is in excellent condition and will offer the Marquette "Golden Avalanche" much better facilities than did the old campus with its hard clay and stones. Every modern convenience, including press box and equipment, has been installed at the stadium.

Squad and shower rooms for home and visiting teams are provided beneath the spacious stands. Equipment rooms, rest rooms, ticket booths, offices and garage space also has been constructed. The stadium will include two gridirons, one for practice, and a six-lane quarter-mile running track, as well as several straight-away lanes.

Track, football and baseball can be accommodated in the structure, and other functions also are planned.

Midland College Eleven Prepares for Hard Game With Haskell

Fremont, Neb., Oct. 11.—All eyes in the Nebraska conference are pointed toward the Midland-Haskell game next Friday at Lawrence, Kan., when Coach Speer and 13 husky palfeaces entrain for the Redskin camp.

The Midlanders rested this last weekend with Coach Speer anxious to keep his men in good condition for the grueling contest facing them this weekend. Haskell and its famous Levi brothers, of nation-wide fame, will entertain the team from Nebraska with a dish filled with many hard bumps and innumerable surprises, according to the present dope. But the Warriors are filled with determination to make a showing that will command attention.

Bullfornia to Race in Spring

California can "hold" Ak-Sar-Ben all it wants to about Bullfornia and the like, but out in Cass county in the Delante Stock farm, owned by D. C. P. Speer and B. F. McClain there is a real Bullfornia. Next summer Bullfornia will be raced at the Ak-Sar-Ben race meeting.

Bullfornia, by the imported French stallion, Le Denasaur out of Dancing Star by Heno and if she takes after her father and mother will prove to be a mighty speedy thoroughbred.

The Delante Stock farm has 22 mares in quarters at the present time. The McClain string of runners that is racing in Ohio this fall will spend the winter at the stock farm.

West Side Club Has Good Record

The West Side Athletic club baseball nine, playing its first season of the national pastime under the management of Ralph Tuttle, well-known amateur ball player, closed a very successful season last Sunday. Numbered among the teams defeated by the clubmen are some of the fastest independent teams in Omaha, Nebraska and Iowa.

Manager Tuttle announces that the clubmen are proud of their record and will be back in the fold next season with the following lineup, which is the same as that which represented them this season: Magrane, catcher; Broenihan and Kozney, pitchers; Etemeyer, first base; Dunn, second base; Ploke, shortstop; Kozney, third base; J. Donovan, F. Donovan and Wolfson, outfielders.

CULLOP TO PLAY IN SOCCER LEAGUE

Nick Cullop, slugging first baseman of the champion Omaha Buffaloes, has signed to play with the Vikings in the Omaha District soccer league.

SAINTS EVEN SERIES WITH BALTIMORE

St. Paul, Oct. 12.—Excellent pitching by Fittery and Markham, combined with opportun hits by their teammates, gave St. Paul its second straight victory over Baltimore here today, squaring the game count in the junior world's series at four all.

The Tiger escaped defeat by a lucky break when Burke of Lehigh crossed the goal line but was denied a touchdown for stepping out of bounds.

Tom Faby, manager of Joe Stossel's, new heavyweight sensation of the east, has a heavyweight contender for the title in the first period. Harvey Lindquist, a fighter after the two matches that are now pending, one with Romero Rojas, at the National Sports Club in New York City, has been in demand since they fought a great battle at the Velodrome in New York city.

George Kelly's Strikeout in Ninth Inning Friday Makes Him "the Goat"

NEW YORK, Oct. 11.—What was the most vivid incident in that tremendous 12-inning final game yesterday with Walter Johnson pitching.

Strange as it may seem, in view of the constantly sustained high lights of the drama it was one of the numerous strikeouts by George Kelly, of the Giants.

It came in the ninth inning of that tremendous 12-inning final game yesterday with Walter Johnson pitching.

Frankie Frisch had tripled with one out. That blow had put the quietness of death on the 40,000 onlookers. It looked as though sentiment which had brought Johnson back after two tragic defeats, would bring still greater tragedy to the best-loved figure in baseball.

Record Set by Sarazen Likely to Stand for Years

Epinaud Given Best Ride of Three American Starts at Latonia Saturday—French Horse to Maryland.

ATONIA, Ky., Oct. 12.—Sarazen, the victor, and Epinaud, the vanquished, rested serenely today in the surroundings of their memorable battle in the international mile and a quarter race here yesterday, in which all existing Kentucky records for the distance were smashed before the greatest crowd that ever went through the turnstiles at Latonia.

Epinaud, great in defeat, ran second to the three-year-old gelding of Mrs. W. K. Vanderbil, 2d. A nose behind the French turf idol came Mad Play, Harry F. Sinclair's entry, followed closely by Altawood, owned by C. Bruce Head of Louisville, Ky. The conqueror of the great Epinaud won for his owner \$55,000, a beautiful gold cup and the acclaim of the throng.

The record time for the distance probably will stand for years and today wherever horsemen and thoroughbred enthusiasts gathered it was a theme for discussion. The chestnut gelding Sarazen, forcing the pace throughout, forced to the lead where he maintained his stride and finished in 2:00 4/5, clipping one and two-fifths seconds off the record made by Befuddle this spring and coming within 4/5 of a second of equalling the world's record established 10 years ago by White Emory.

Epinaud probably will be shipped to Maryland this week for a race there next Saturday, although nothing definite could be learned today. A match race between Sarazen and Epinaud also was proposed during the coming Churchill Downs meeting, but whether Mrs. Vanderbil will consent to this was not known.

Race writers who "covered" the last of the international series of races in which Pierre Wertheimer's horse started were of the opinion that Epinaud was given the best ride of his three American starts by Jockey Everett Haynes.

Most professionals cut the leather out of the sheepskin and it takes quite a knack to do it so that it will wind properly around the shaft of the club. The cutting is done with a chisel and it demands a steady hand to make the edges even enough to fit smoothly when wound.

After the cutting the leather is wound around the shaft as far down as it is expected to go and there held in place by a tack the ends cut off and then tied with whipping in a surprisingly tight knot. The top part is cut so that one-sixteenth of the shaft shows, and the top is rounded with a wood file. The leather is secured over the nail with several rounds of whipping. Then a heavy mallet is taken and the grip is rolled on a flat surface until perfectly smooth. Of course the strings are shelled.
