Coolidge Will Win or Congress Battle

Twice in the history of the United States the election of a president has been decided by congress. Thomas Jefferson was so selected over Aaron Burr at the time of his first term...

The present close division on party lines and the fact that several of the states, including Nebraska, have evenly divided congressional representation...

The contemplation of such a struggle with all the partisan bitterness that would inevitably be a part of it should cause every voter to make sure that his ballot counts in the election...

Every indication points to a complete defeat for John W. Davis in the northern, eastern and western states. He will have the "solid south," however...

The uncertainty, the doubt, the endless wrangles and the charges and counter charges of such a struggle would involve all business. A general stagnation is a probability...

The chances involved in such a failure are too great. Too much for Nebraska hangs upon a clear-cut choice in the election. We have gone through too much uncertainty, too much doubt to want a prolonged struggle at Washington...
