#### Mining Corporation Head Charges "Frameup" to Get Separate Maintenance Papers Served on Him.

Alleging that he was lured to Omaha from Dubuque, Ia., on false representations only to be served with a summons in a separate maintenance suit by his wife when he set foot inside the state, Joseph A. Kelly filed a \$25,000 attachment of actions suit in district court Wednesday, through his attorney, C. F. Connolly, against Mrs. Kelly's parents.

Kelly is president of the Yavapai Onyx Mining corporation of Arizona and lives in Dubuque.

In 1918 he married Bertha Stander at Manley, Neb. Her parents, Frank and Mary Stander, are now retired and live at 136 North Fortieth street, Omaha. Kelly says they are worth \$300,000.

Mrs. Kelly and four small children came to visit her parents last June and have been here ever since. Kelly says he sent them money four times to return and made two trips to bring them back. He has a good home in Dubuque and can supply his family with the necessities and luxuries of life.

He arrived here Tuesday in response to a long-distance telephone call, stating that his wife and children wanted him to come to Omaha and bring them home, he says.

The Standers, he alleges, have endeavored, ever since the marriage, to alienate his wife's affections from him. He says he and his wife get along without serious differences when they are away from her parents.

Mrs. Kelly's separate maintenance suit, filed Tuesday, declares Kelly chased her away from their home in Dubuque and told her never to return; also that he has struck and abused her. She asks custody of their children.

Wife Said She Would. Result, Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

East Hardwick, Vermont.—"Last winter I was not able to do any work at all. I had backache, headache, sideache, and was sick all the time for six months. We read about Lydia E. Pinkham's Vegetable Compound in the newspapers, and my husband said to me, 'Why don't you try it?' So I said I would, and he went and got me a dozen bottles. It has done me more good than I can ever tell, and my friends say, 'What have you done to yourself? You look so well.' I tell them it is the Vegetable Compound that makes me so well and strong. ### Burgess Bedtime Stories

By THORNTON W. BURGESS.

**A Grateful Prisoner**  
Bobby Brown was a prisoner. He was a prisoner in a pen in Farmer Brown's barn. He was so used up and felt so badly when he was first put in that pen that he didn't realize that he was a prisoner, and didn't care much what happened, and didn't realize that little can was no longer fast to his leg. He had suffered so much from pain and fright that

big plateful of food for Bobby. My boy, my, how good that did taste! Bobby ate and ate and ate. He licked that plate clean. He felt so much better that he once more prowled all around the pen and examined everything. Then he went back to sleep again.

The next morning he heard Farmer Brown's Boy come into the barn. He poked his head out to look at Farmer Brown's Boy. The latter had another plateful of food, Bobby's eyes sparkled. He began to understand, and Bobby's heart was grateful. Right down in his heart he knew that Farmer Brown's Boy had saved his life. He knew that Farmer Brown's Boy would do him no harm. He knew that he had nothing to worry about now. But still Bobby was too bashful to come out while Farmer Brown's Boy was there. Farmer Brown's Boy was too wise to try to make Bobby come out. He just talked to him and then left him. Several times during the day he came to that pen and talked to Bobby. They were getting acquainted.

The next story: "Friendship."

### HUGHES ON WAY TO BUFFALO, N. Y.

Chicago, Oct. 29.—Secretary of State Charles E. Hughes is en route to the east today, to speak tonight in Buffalo, after completing his campaign tour of the midwest here last night.

Economics and the republican foreign policy were themes of his address here. Proposals of the La Follette-Wheeler independent platform and effects of the third party success were considered.

"It would not take much to destroy our prosperity," he said. "All you have to do is to shatter confidence. This would measurably result if the third party or a combination of our opponents could produce a deadlock in this election."

### Rail Fight Bared

New York, Oct. 29.—A terrific fight involving hundreds of millions of dollars between E. H. Harriman and the Gould interests for railroad supremacy was revealed here today for the first time by Edwin Gould.

Farmer Brown's Boy and taken out of the Green Forest. It must be that Farmer Brown's Boy had taken that dreadful thing off his paw. He hadn't seen it done, you remember, because his head had been covered. But the dreadful thing was gone and he knew that Farmer Brown's Boy must have taken it off.

Bobby examined his hurt paw. You remember that Farmer's Boy had put a bandage around it. Bobby didn't know what to make of it. He examined it with his nose. He didn't like the smell. You know Farmer Brown's Boy had put ointment on that hurt paw. So, because Bobby didn't like the smell he let the bandage alone. He didn't try to pull it off. You see, he really didn't mind it, because it didn't hurt as that dreadful little can had hurt. But that paw was still swollen and sore.

Bobby lay quiet until his stomach warned him that it needed attention. He was hungry. Bobby crept out of the box on three legs. Of course it didn't take him long to discover that he was a prisoner. But he hardly gave that a thought. You see he discovered something else. He discovered food. He discovered food and plenty of it! Farmer Brown's Boy had left a

### Complexion better than ever before

Embarrassing eruption had resisted many treatments

Milwaukee, Wis., May 12.—"A year ago I had a very ugly and embarrassing itching rash on my chin. I tried so many different treatments on it which did little good, that finally I became discouraged. The druggist one day recommended Resinol Soap and I decided to try it and after using it less than one week, the itching and burning ceased. I thought if the soap alone could bring such relief, then the Resinol Ointment must certainly clear away the trouble entirely. After applying it for three nights, you can imagine how delighted I was to find the rash all gone, with not even a trace of redness left.

I now keep Resinol Ointment within reach at all times—would not be without it. I find it very economical to use, as a little goes a long way. I have used Resinol Soap daily and will continue to do so. My complexion today is better than ever before, has a healthful glow and, in fact, is all that it should be—thanks to your wonderful Resinol Soap and Ointment." ### Peace Looms in Tong War

#### Immediate Truce May Result From Conference of Rival Leaders.

New York, Oct. 29.—Rival tong leaders predicted today an early end of the clandestine warfare that for weeks has been claiming lives in the Chinatowns of large cities from Chicago to the Atlantic seaboard.

Dignitaries of the Hip Sings and the On Leongs expected to go into extraordinary tong sessions. The Chinese consul general and the Chinese Merchants' Benevolent association of New York were prevailed upon to act as intermediaries. An immediate truce was the aim, and eventual peace negotiations in the "six big concessions."

Ong Foon, for 25 years chief of the Hip Sing in New York's Chinatown, declared he was "ready to talk business." Charlie King, veteran leader of the On Leongs, said he would "meet the Hip Sings half way."

So desperate have the Hip Sing merchants become as the warfare is prolonged and sightseeing customers shun Chinatown that Ong Foon declared today there was little prospect that the demand of the On Leongs for \$50,000 indemnity would be permitted to stand in the way of peace.

But, as he said, the other five of the "big-six concessions" demanded by the On Leongs presented greater difficulties. As Ong Foon outlined them, they were:

First. That the Hip Sings give up their business locations in Pittsburgh—laundries, tea shops, curio counters and all—and absent themselves from the city, or resign from the Hip Sings and join the On Leongs.

Second. That the Hip Sings abandon the stores they acquired from the On Leongs on Clark street, Chicago, 25 years ago.

Third. That members of the Hip Sing tong open up no new places of business in Chicago, New York, Boston, Pittsburgh, Philadelphia, Cleveland or Washington.

Fourth. That the Hip Sings expell all members who once were On Leongs.

Fifth. That the New York headquarters of the Hip Sings give to the On Leongs a "satisfactory explanation" why firearms have been kept at the Hip Sing headquarters.

"These demands, obviously, are ridiculous," said Ong Foon.

Can you read the sentence on the blackboard?  
A healthy mind in a healthy body

Yet many children, who have difficulty with their vision, are expected to keep up with the class. Work on the blackboard, problems in arithmetic, maps and any number of things that they are forced to scrutinize, the other pupils read at a glance, and thus save much energy and time.

The worst part of it is that the children with poor eyesight do not realize what the trouble is, nor do their parents or teachers; consequently they are called backward or lazy or stupid.

It may be possible that your child is not progressing as well as he should. Might not poor eyesight be the cause? Since we acquire at least 80% of our knowledge through the eyes, it is easy to understand that poor eyesight is a handicap. Have his eyes examined and see him forge ahead.
