Kreifels, who was shot by Officer Kennedy on the night of October 11 three times before he shot as Kreifels at Fourteenth and Mason streets when he attempted to run away after

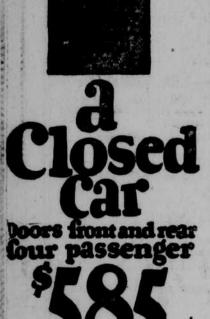

an order to halt, died Tuesday afternoon at St. Joseph hospital. The verdict was that Kreifels came to his death as a result of gunshot fired from a gun in possession of Officer Kennedy in the

performance of his duty. Kennedy had not been placed under bond by County Coroner Paul

Companion Is Witness. First witness called at the inquest which the parents and brothers and sisters of Kreifels attended, was Otis Hull, one of the Lincoln men who drove to Omaha with Kreifels on October 11.

"We left Lincoln in a Ford car about 7 p. m.," said Hull, "and reached Omaha about 11:20 after having tire trouble. We drove to Thirteenth and Farnam streets, where we pumped up a tire. While there a man who was 'tipsy' came along and we asked him where he got the liquor. He gave Cess directions as to how to reach the place by walking south on Fourteenth street.

When we reached Fourteenth and Mason streets an officers' car drove up to us and a spotlight was flashed in our faces. The officers asked us what we were doing in the neighborhood and we didn't reply. "When they got out of the car and

started to search us Kreifels ran to halt and then shot. The other officer asked the officer who shot what he did that for and told him that

of Blame of Death "We were told by the second officer to help pick up Kreifels and to go with them in the car to the hospital. "We came to Omaha to attend a late show. A. L. Cess, the other Lincoln man with Kreifels told almost the same story as that told by Hull, except he added in his testimony that Officer Kennedy kicked Kreifels when he was on the ground, and had said to Kreifels, 'You're not exonerated of all blame for the death shot, you're scared.' Officer Ken-

Officer William Galsche who had accompanied Kennedy on the night of the shooting, testified that Officer Kennedy yelled at the Kreifels' boys was reaching for his hip pocket.

Died From Meningitis.

The next witness, Dr. Earl A. Contestified that the Lincoln youth died from meningitis following severance of the spinal cord by bullet. A post-mortem held showed that the bullet had entered the back near the backbone and the bullet was found lodged in the right chest below the eleventh rib.

Officer Kennedy, who was the las to be on the witness stand, testified that he was acting on order to find suspicious characters in the neigh-

"I only shot when the Kreifels boy reached for his hip pocket," said the officer. "I did not kick him. When I reached him after the shot he said to me, 'You got me.'

R. S. Horton, representing the Kreifels family in the civil suit of \$25,000 filed against Officer Kennedy, conducted a short cross-examination. Assistant county attorney conducted the examination for the county.

How to Solve the Puzzle. Each number in the diagram indicates the beginning of a word, reading either vertically or horizontally. The same number in some cases begins both a vertical and a horizontal word. The definitions of the words to fill the diagram are given in the lists labeled "Horizontal" and "Vertical." with numbers showing where to start the words in the diagram. To see how many letters each word has, count the white spaces until you come to a black square. If you have put in the correct words, they should all agree, horizontally and vertically, with the definitions, and you have solved the puzzle correctly.
