We Must Raise \$1,000,000 During Our

# Stock Reducing Sale

If one stops to realize what an enormous sum of money a million dollars is, they can readily see that it will take us some time to raise the entire amount. During the past three weeks of our Stock Reducing Sale we have secured a large portion of the money, but we still have a large amount to raise before we reach our million-dollar goal.

We appreciate the wonderful patronage the people have given us and we in turn are offering them values such as they never had before. We have added thousands of dollars worth of new merchandise, ordered months ago and which is just arriving, to the sale, marking everything at prices so low that all thought of profit is forgotten.
