

Bluejays in First Class Shape for Battle With North Dakota Eleven Today

Flickertail Squad Noted for Strong Defense

Creighton Eleven Will Be Minus Services of "Bullet" Joe Speicher; Blue Squad Works Hard.

MAHANS will have their first opportunity to see the Creighton eleven in action since the Bluejays victory over Marquette today when Coach Chet Wynne's "azure avalanche" opposes the University of North Dakota at Western league park at 2:30.

The Bluejays have a week of intensive signal practice behind them, and the team that faces the Flickertails this afternoon will be in tip-top shape.

Only one man, "Bullet Joe" Speicher, will be on the sidelines. Joe is nursing an injured knee suffered in the Marquette scramble.

North Dakota invades Nebraska with a team which, though not victorious in all its games, bears a record of having one of the greatest defensive teams in the country.

The powerful Minnesota eleven was able to shove over but two touchdowns against Coach Davis' eleven, while South Dakota state, now tied with Creighton for leadership of the North Central conference, beat the Flickertails by a narrow margin.

Young Girl Caddies Barred in New York
New York, Nov. 7.—Girls between the ages of 10 and 13 are employed by golf clubs in the city's outlying districts as caddies and have been found working in pool rooms, racking pool balls and in howling alleys setting up pins, Mrs. Mary Hamilton, director of the women's bureau of the police department, said today.

Mrs. Hamilton announced that a special service would be established by her department to protect women and girls. One of the problems to be taken up, she said, was the employment of young girls as extras in motion picture studios in Queens.

"We intend to put a stop to these evils and many others of which the average man and woman never hear," said Mrs. Hamilton. "Protection without publicity will be the slogan."

Charging that Emmet Lindsey, South Omaha, had brutally kicked and beaten him while Lindsey was in a drunken condition at the "Bull-fornia" carnival, September 27, Amen Hayek, 16, filed suit against Lindsey for \$5,000 damages in district court, Wednesday. The boy's suit was filed through his mother, Carrie Hayek.

AT THE THEATERS
Eddie Dowling in "Sally, Irene and Mary," one of the notable New York musical comedy successes, will be the attraction at the Brandeis theater on Monday and Tuesday nights.

This is the biggest musical play on tour this season and from advance accounts, by far the best. Last year its time was divided between Boston and Philadelphia. This season it made the coast tour and is on its way back east. The company comes here from Denver and is the original New York company, with all the principals who played in New York still with it.

Some of Dowling's aides are Louise Brown, Josie Intropide, Florence Rayfield, Kathleen Mulqueen, D. J. Sullivan, Grace Studford, Herbert Hoey, Euford Hampden, George Eising, Frank Connor and the famous Casino beauty chorus.

The whole Robbins family, ps. ma and the kiddies, are on the Orpheum bill this week in a versatile exhibition. Father Robbins was well known as an acrobat and his children have emulated him and, in addition, are clever singers and dancers. When the war broke out Mr. Robbins lost his former assistants. It was then that his children, who had been training for the stage from babyhood, insisted on taking their places and they have shown a surprising amount of genuine entertaining ability.

Rube Bernstein brings his "Bathing Beauties," starting tomorrow, to the Gayety theater, with Jack Hunt and Clyde Bates leading the merry cavalcade of singers, dancers and funsters. Vinnie Phillips is also retained from last season's company. Otherwise the new faces and figures in an all-new show of scenery costumes and stage effects, are Dudley Farnsworth, Sydney Silvers, Tower and Welch, speedy dancers; Kitty Madison and Marie Hart, comedettes, and Marie Hope, a singer of "blues."

As a thrilling and startling vaudeville feature the Aeroplans Girls will sport themselves in acrobatics, athletics and aerial contortions. Sunday's matinee starts at 3:00.

Last season one of the big hits of "Bubble Bubble" was the comedy team of Andy Francis and John Ross. This year these two comedians are duplicating last season's success with William S. Campbell's "Go to It," this week's attraction at the Gayety theater. Helen Dunne joins them in their eccentric dancing specialty. The engagement closes with today's two performances.

Weeping Water—Professor E. L. Rouse of the Plattsmouth schools brought his high school football team over Saturday, flushed with previous victories, to wallop the Weeping Water High school team. The game was a very close one, but ended in a victory for Weeping Water by score of 4 to 5. The visitors were great on blocks and end runs, but the locals were plunners and bucked their way to victory.

London, England.—At the Oxford freshman sports today, two American Rhodes scholars won events. W. E. Scutt of Cornell was first in the half-mile run. Time: 2:04.3. T. M. Young of South Dakota captured the high jump with a leap of five feet five inches.

Lincoln, Neb.—The Nebraska Cornhuskers are not to be without vocal support when they face the Haskell Indians next Saturday at Kansas City, as the efforts of the Nebraska management to secure a low excursion rate to take the football enthusiasts from Lincoln to Kansas City have finally been successful. The Burlington and Missouri Pacific roads have entered into a joint agreement, fixing the round trip fare at \$4.

Hard work has been the rule for the Creighton university football squad during the week in preparation for the game with the University of South Dakota. The local team expects it to be one of the hardest fought games on the schedule.

The eleven from South Dakota all ways has been a difficult proposition for Creighton and this year, under the instruction of an eastern coach, the South Dakotans have developed a team much above their usual standard.

OTOUPALIK SCORES TOUCHDOWN NOTRE DAME ELEVEN IN 1917 AND NEBRASKA BEAT RIVALS BY 7 TO 0

Quarterback Johnny Cook's 40-Yard Return of Punt and Triple Pass Placed Huskers' Close to South Bend Team's Goal Line, Where Two Line Smashes Resulted in Score; Notre Dame Outplayed Throughout Game.

THE 40-yard run of Quarterback Johnny Cook's return of Gipp's punt, followed by a bewildering triple pass executed by the Cook to Shellenberg to Rhodes combination and two-line smashes by Hugo Otoupalik gave Coach Stewart's Cornhuskers a well-earned 7 to 0 victory over Notre Dame in 1917.

Notre Dame missed an opportunity to score in the first few minutes of play. The Irish kicked to Nebraska but Shellenberg fumbled on the first play, Notre Dame recovering on the 35-yard line. Failing to penetrate the Husker forward wall, the late George Gipp dropped back and attempted a dropkick. The ball fell short and Nebraska scrimmaged from the 20-yard mark.

Nebraska's only touchdown came in the second period. The third and fourth quarters were played mostly in Notre Dame territory. The visitors had little chance to score although Gipp threw a scare into the Scarlet and Cream camp when he broke loose on the Notre Dame 55-yard line and carried the oval to the Husker 14-yard line. Shellenberg ran the fleet halfback star down but the officials ruled that Gipp had stepped out of bounds near mid-field.

He says in the past he has been purchasing and sales agent for some wholesale houses where there were Jewish prejudices. His name indicated, he thinks, that he was of Hebrew blood. He also declares that he believes his present name would be a hindrance to his son, Howard.

School Pranks Are Analyzed

Chalk-Throwing, "Hookey-Playing" Not Only Forms of Misbehavior.

"Many of the irritating types of misbehavior are nothing but psychological growing pains and should be treated as such," said Dr. Frederick B. Knight, professor of psychology and education, University of Iowa, speaking to the teachers Friday morning on "The Psychology of Misbehavior."

He stressed the following thoughts during his discussion: "Misbehavior is by no means limited to those aspects of deportment that irritate a teacher. In addition to these are a whole series of mal-adjustments or poor ways of developing that damage a child's personality.

Types of Misbehavior. "Many aspects of deportment that even please a teacher are more serious to the child's best development than throwing chalk or taking a day off to fish, hunt, go to the circus, or explore the town in general. We should extend our ideas about misbehavior to include any type of poor personality development that lays the foundations for failure or half success in adult life. One example of this other type of misbehavior is the slavish type of pupil who would rather help teacher after school than play with other children.

"In a short discussion of misbehavior we will get further if we think of the types of poor development in terms of conditions that cause them rather than in an academic description of them.

Work Too Difficult. "What happens to a pupil when the work demanded of him is beyond his ability to produce? Answer: All types of misbehaviors.

"What happens to a child when the work demanded of him is well beneath his ability or is too easy? Answer: All types of misbehaviors.

"What happens to a pupil when his regular school life fails to bring to him the fundamental experiences of life? Answer: Human nature does not go without a minimum amount of fundamental experiences. If they are not received in proper channels they are sought for elsewhere.
