GIRL FREED FROM

Coroner's Jury at Bluffs Finds Fatal Accident Unavoidable.

Miss Nellie Mann, 19, of Elyria, O .. was exonerated by a coroner's jury Thursday morning of all blame for the accident in which Mrs. Bertha Callahan, North Omaha, was killed, and her husband and his father seriously injured in Council Bluffs on the evening of October 7.

The jury's verdict declared that Miss Mann had used all possible vigilance to avoid the accident, which she said was caused by the slippery

In her statement to the dury Thursday morning, Miss Mann, who is the niece of F. L. Lainson, Council Bluffs florist, said that her heavy car had begun to skid on the wet pavement as she was driving south on South street, at the top of the hill near Washington avenue.

As the car proceeded down the hill, she said, she lost control of it, and it swerved from side to side, between the parked cars. Near Washington avenue the car leaped over the curb path of the Callahan car.

In an effort to cross the street in front of the Callahan car, she said, she accelerated her speed, but was unable to avoid the accident. She said she did not believe the two cars collided, but that Patrick Callahan, who was driving the other car, turned into a telephone pole in order to avoid a collision.

Her statements were borne out by Mrs. Helen K. Petersen, 111 Washington avenue, who saw the accident. She testified that Miss Mann had sounded her motor as the car plunged down the hill.

The jury was out only a few minutes before returning its verdict. Miss Mann and her uncle, Lainson owner of the car which she was driving, are defendants in two suits for damages totaling \$40,000 filed by the two injured men. Both men have been confined to Paxton hospital since the accident.

T has been proven conclusively that much of the suffering, pain and dread experienced during expectancy, as well as at child-birth is entirely unnecessary.

An eminent physician, Dr. J. H. Holmes, expert in this science, first produced the great remedy "Mother's Friend," which aids the muscles and tissues to expand more easily, during the constant readjustment, month after month, right up to the climax of child-birth.

"Mother's Friend" is applied externally. Three generations of expectant mothers have used it. "Pains disappeared in two days after using 'Mother's Friend," writes a user. "I owe my life to 'Mother's
