

FISHERIES SCHOOL IN CANADA, PLAN
 Halifax, N. S., Nov. 15.—That Canada does not intend to neglect its fisheries is evidenced by the announcement that the department of fisheries and marine has appropriated \$70,000 for the establishment of a fisheries school, to be to the maritime

provinces what the experimental farms are to the agricultural sections. A staff of scientists, appointed by the biological board of Canada, will work in co-operation with the Dalhousie university and the Nova Scotia Technical college in instructing those interested in the fishing industry.
 Bee-Want Ads are the best business boosters.

WASHINGTON DIED FROM DIPHTHERIA
 Chicago, Nov. 15.—George Washington's physicians have been unjustly accused of causing his death by repeatedly bleeding him in his last illness, declared W. S. Trider, acoustic expert, in an address here at a life extension conference.

"Taking blood from the father of his country to reduce his blood pressure was exactly the right treatment for a man of his age and constitution," said Mr. Trider. "George Washington died from diphtheria, not from loss of blood. Danger of high blood pressure was well understood by the medical men a century and a half ago. Bleeding was a sensible emergency treatment employed universally in those days."

MAN HAS KILLED 40 COPPERHEADS
 Toledo, O., Nov. 15.—James Covert has killed 40 copperhead snakes and believes he is the champion snake killer of Ohio.
 He killed them all near an oil lease at Woodstock, where he works as a pumper.

TRACTOR INJURES BEDFORD FARMER
 Bedford, Ia., Nov. 15.—Glen Heaton was seriously injured, when his tractor overturned on him.
 He was returning from work in the field, when the steering apparatus broke, allowing the machine to

climb a nearby bank and dropped over on him. Parties passing along the road witnessed the accident and went to his assistance.
 His left arm was broken in three places and he is injured internally.
Two Admit Fowl Thefts.
 Arnold Mowery, 29, and Harvey Garner, 17, pleaded guilty in district

court to stealing chickens from the farm of Jack Steinke, Garner town ship, October 29. Because of the youth of the defendants, Judge Wheeler took the case under advisement for a few days.
 Enjoy good company of you would hope to attain to old age.—Louis Hornaro.
