Miss Drake and Captain of Fascisti Wed Thursday

Ceremony to Be Repeated in Rome—Groom Just Returned From Los Angeles Where He Met Bride's Mother.

The wedding of Miss Grace Miles Drake, daughter of Mr. and Mrs. Robert Z. Drake, and Capt. Gottardo Tenchini of Milan, Italy, took place at 11:30 Thursday at the home of the bride's parents, with the Rev. James Elvin Wagner, pastor of the First Methodist church, officiating.

The wedding ceremony will be repeated in Italy at the basilica of St. Peter in Rome with the resident priest officiating. There will be present at this second ceremony members of the Gibbani, Tenchini, Gemini and Cattaneo families, relatives of the groom, also Gen. Giuseppe Ferrari, commander in chief of the Italian army and Senator Da Como, formerly secretary of the treasury. Cables of congratulation have reached the young couple from General Ferrari and many other prominent Italians.

Miss Drake wore a Paris wedding gown, a Chanel model, royal blue, made with short circular skirt and jaquette reaching to a low waist line, untrimmed save for self-toned buttons at the open tailored neckline. She wore a Suzzane Talbot also Parisian black brocade cloche, trimmed with royal blue coque feather. Her only ornament was a sapphire and diamond pin, gift of the groom's family.

Groom Is Captain of Fascisti.

The groom's father and mother are both dead. Captain Tenchini was in Argentina at the outbreak of the war. He volunteered to re-enter the

army in defense of his country and served throughout the entire war. He has a number of decorations and is now a captain in the fascist army. Captain Tenchini has a fascist medal struck off after the famous "march on Rome" by Mussolini.

Following the ceremony the bride and groom and those attending were served an old-fashioned Thanksgiving dinner. The young people left for New York City last evening and will sail for Italy 10 days hence. They plan to spend a portion of each year in Italy and in the United States.

Wedding Ceremony Is Quiet.

Because of the illness of the bride's mother, the wedding was very quiet. The only persons present at the ceremony and the dinner were the bride's father, her sister, Mrs. Peter Kiewit, jr., and Mr. Kiewit of this city; an aunt, Mrs. Katherine Schoonmaker, of Holton, Kan., and New York City; Miss Martha Powell, with whom Miss Drake traveled two years in Europe and Miss Grace Green, secretary to Mr. Drake.

Mr. Drake, Captain Tenchini and Mr. Kiewit have just returned from the Pacific coast. They made the trip west so that Captain Tenchini might meet Mr. Drake, who spends the greater portion of her time at Long Beach, Cal., on account of her health.

Captain Tenchini and Miss Drake met in Italy during the latter's stay in that country. They returned with Miss Powell to the United States a month ago.

Mrs. Baxter made the presentation at a meeting of the club Wednesday, in Conklin hall on the campus.

Spring is a child's picture and will be hung in the children's ward at the University hospital as a Christmas gift. The club will secure the Dancing children frieze from the exhibition as a gift to the ward.

Closet Room.

The convenience of a clothes closet is greatly increased by a shelf 14 or 18 inches wide, placed about five feet from the floor.

Under this can be arranged metal rods procurable from the stores for a small amount, of the kind ordinarily intended for towel racks.

In this way one can have three or four rows of clothes hanging and none of them rubbing against the walls of the closet.

Mrs. John Madden has returned from New York.

"Dolling Up" the Lead Pencil

They are "dolling up" lead pencils these days to look like dolls. What for? Oh, for little girls, party favors and bridge score keeping. And very cute the lead pencil dolls are. They surely would please any little girl at Christmas time.

An ordinary lead pencil as tall as you please is used. The top is then covered, eraser and all, with clay modeled so as to give the effect of a small doll's head. After it is dry and properly shaped with a modeling tool or the fingers it is then painted. Sometimes just two colors are used, such as black and gold. Again a natural effect is striven for, and dolly's tiny head has a pink face and "natural" hair. Sometimes it is bobbed or sometimes it is painted to look like a cunning little cap or headress. There is such a fad for character dolls of all kinds that headresses to suggest a Dolly girl, a gypsy or a heathen Chinese are clever to paint on the dolls' heads.

If one hasn't learned the art of clay modeling when making book ends, waste baskets, vases and lamp shades one can use sealing wax to top a "dolloed up" lead pencil. This should be melted without burning if possible and shaped with wet fingers or even a skewer. Somewhat depends upon the color of the lead pencil for an effective color scheme. Thus a red lead pencil may suggest an Indian head, or a black one something chic and Frenchy. Put them down as a smart little novelty for your Christmas gift list or let the kiddies make some the next stormy day.

Your Problems

By Martha Allen

Substitute Ice for Roller Skating.

Dear Miss Allen: One of my favorite sports is roller skating, and as I am a "grown-up lady," I have to do all my skating indoors. I know of only one roller skating rink in Omaha, and that is in the south part of town. Do you know of any other?

Thanking you, "TOMBOY."

I cannot tell you of any roller skating rinks here. And I am sorry, too, for I think it is a good, wholesome, healthful sport. I like it myself and am probably much more of a "grown-up lady" than you are. There are gymnasium classes at the Y. Y. and very soon we will have ice skating. There are various ice ponds here in the winter, Miller park, Turner park, Hanscom park, Carter lake, Fontenelle park and other places. Get your skating shoes ready.

Skating inside must be rather dizzying. I suspect you are a man instead of a woman. If so, why not try the great out-of-doors under the shadow of evening?

A Young Omaha: Your misspelling is too painstaking to impress me. I think you were entertaining yourself when you wrote me rather than seeking my advice. Thanks for your compliment about my advice being good, however. Kind words, even when given in jest are much appreciated.

M. B.: Forget about wanting to be popular, which means forgetting about yourself, and you will probably succeed better. An interest in other people helps make us interesting. Try to make the other person entertaining. Be appreciative of his conversation and interest yourself in the things which interest him.

SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call It "Joint-Ease" because it's for Swollen, Sore, Painful, Creaky Joints Only.

It took a good many years to get together a combination of pain subduing and swelling reducing agents declared to be the one remedy that almost instantly penetrates through skin and flesh and starts right in to make swollen, inflamed joints as good as new.

They call this new and wonderful preparation "Joint-Ease" because the medical man who turned the trick, worked for years to perfect some low-priced remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

So "Joint-Ease" is prepared only for people who have swollen, painful, creaky, distorted, or stiff joints, whether it be in knee, elbow, shoulder, ankle, neck, or finger, and whether it is caused by rheumatism or something else.

Of course, it can't help but quickly put an end to such superficial ailments as lumbago, neuralgia, neuritis, aching muscles, stitch in the side, crick in the neck, or sore feet because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

Ask for a tube of "Joint-Ease." You can use it several times in one evening for quick results, because it goes right through the skin with only a few seconds rubbing. It surely is a swift penetrator and when it gets under the skin it starts right in to clean up all joint trouble.

All druggists dispense it daily for about 60 cents a tube, as do first class druggists everywhere.

Always remember, when "Joint-Ease" gets in joint agony gets out—quick. Mail orders filled, cash or C. O. D. Pope Laboratories, Hallowell, Maine.

CHARACTER TELLS THE STORY!

People throughout this country are giving more thought to hygiene and to the purity of remedies on the market, but no one doubts the purity of Doctor Pierce's vegetable medicines, for they have been so favorably known for over fifty years that everyone knows they are just what they are claimed to be. These medicines are the result of long research by a well-known physician, R. V. Pierce, M. D., who compounded them from health-giving herbs and roots long used in sickness by the Indians. Dr. Pierce's reputation as a leading and honored citizen of Buffalo, is a sufficient guarantee for the purity of that splendid tonic and blood medicine, the Golden Medical Discovery, and the equally fine nerve tonic and system builder for women's ailments, Dr. Pierce's Favorite Prescription. Why Is Mother Graham Terrified and Secretive?

With the feeling strong upon me that my mother-in-law's mind had been affected by her fall, I turned to Mrs. Durkee.

"Mother Graham wishes to speak to me alone," I said a bit diffidently.

"Oh, of course!" Her fluffiness agreed, although I saw curiosity shining in her eyes, and she hurried from the room. But the nurse stepped impudently to the bed, and felt the elder woman's pulse, and "she may talk to you a few minutes," she said, "but if she gets excited, or appears weak, you must call me at once."

"You may depend upon me," I returned quietly, and as she in turn left the room, I stooped and kissed my mother-in-law's cheek. All her energy was in her fiercely watching eyes.

"Anything in My Power."

"Lock-the-door," she whispered. I obeyed her and returned to the bed. Mother Graham put out a weak clutching hand and essayed to pull me down to a seat on the bed beside her. I humored her, and then she brought my head down so that her mouth was close to my ear.

"Nobody—must—hear," she whispered hoarsely.

"Nobody can," I whispered back, and she sighed with a patent relief. "I'm in terrible trouble, Margaret," she said, and though I felt that she did not mean her fall and its consequences, there was no alternative for me but to interpret in that way.

"I know, Mother," I began, "but—"

A look of absolute terror leaped into her eyes.

"You—know—?" she croaked hoarsely, forgetting to whisper.

A quick intuition that there was something real behind her terror, that it was not all hallucination, guided my answer.

"I know that you had a bad fall," I went on smoothly as if I had not
