

Today
Quite a Business.
Above the Banditti.
The Czars Did It.
Cheaper Sugar, Please.
By ARTHUR BRISBANE.

Every week a firm on Long Island sends a \$5,000 payroll to New Jersey by flying machine.

A flying machine properly made is cheaper than an automobile as well as safer.

Those that used to see young Mr. Vanderbilt rushing around in his imported automobile called "the white ghost" did not realize that in a short time farmers and mechanics would use automobiles to save time and money.

It is hard for us now to realize that before babies in the cradle are full grown, we shall be talking about "the old days when men took long slow journeys by railroad."

You read that the bolshevik government sends helpless men and women to die inside of the Arctic circle. Members of the Romanoff family, and their sympathizers, leaders in the Greek church, educated men whose opinions do not suit the soviet government are sent to what is sure death.

President Coolidge is considering the tariff on sugar. That tariff so high, is a hardship on our friends in Cuba. Cuba complains that it is higher than it needs to give profit to sugar growers in the United States.

Sugar is necessary to the health and growth of children, necessary also by the way to those that obey the constitution and do their distilling inside of their own bodies.

The president undoubtedly will settle the sugar question leaving in mind our friendship for Cuba, and the needs of millions of American mothers, as well as fair protection for American sugar interests.

The railroads of the United States are quite a business—big enough for the people to notice, if they had anybody to represent their interest.

Earnings for October just published show that the class one railroads, leaving out the small fry, took in for the month \$540,838,601. The month's net operating income was \$159,215,481. Not so bad.

A gross business of six thousand million dollars a year for the big first-class railroads ought to make some profits possible, with reasonable economy and modern methods.

However, it is much easier to raise freight and passenger rates than it is to economize or keep up to date, especially when you have no real competition.

May wheat has passed \$1.64. It will sell higher. Farmers are rushing their grain to market now, feeling that these prices will do. You will remember that this column

ADVERTISMENT. COLDS THAT DEVELOP INTO PNEUMONIA

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take.

Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germs.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles.

Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist, Creomulsion Co., Atlanta, Ga.

ADVERTISMENT. QUICK RELIEF FROM CONSTIPATION Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Beauty of Omaha Women Catches Eye of N. Y. Police Captain on Visit Here

Secretary to Enright Inspects Headquarters With Dunn.

John J. O'Connell.

The Omaha type of woman impressed Capt. John J. O'Connell of the New York police department. He believes that Miss Omaha is the apotheosis of feminine qualities that please the eye and mind.

The captain is on a tour of cities to promote an interest in an international police conference next May in the Waldorf-Astoria hotel, to stimulate a wider adoption of the international police code and to increase co-operation among the police departments of this country.

And He Means It. Among his observations here on Sunday he noted that Omaha women have splendid countenances and walk with an assurance not seen in eastern cities, the New Yorker said.

"I made more than I have of Omaha women. I am not saying this in every city I visit," he captain stated.

Enright's Secretary. The captain is married, lives on Long Island and is one of the handsome men of the New York police department. He is secretary to Police Commissioner Enright.

Commenting on the beautiful predicted \$1.50 wheat when the price was below \$1.20. Unfortunately, gamblers have probably made more than farmers, although the farmers, for whom this is written, have also profited, those that held their wheat.

Dr. D. E. Gerin of France, on his way to America, should have as warm a welcome as we usually reserve for princes, and others, that never did a day's work.

Dr. Gerin comes to demonstrate a new method of treating pneumonia, before the members of the New York state physicians' organization. With this new method, 600 cases of pneumonia were treated, without one death.

The British go through, when they start, if they have gone through the Sudan group of Egyptians that killed an Englishman or two and decided not to evacuate the Sudan in spite of British orders.

It's wonderful what machine guns and flying machines can do used energetically. Two British officers are killed, eight men wounded, but the "rebels" have given in. The British, accustomed to dealing with "inferior peoples" all around the globe, have discovered that firmness is the one great thing.

They tried it on some of our statesmen at Washington, in that famous peace conference about the Pacific ocean. And there in Washington it worked perfectly. As a result we are scrapping 27 battleships, and insuring Europe's possessions in the Pacific.

Christmas Trade Gets Early Start at Columbus

Columbus, Dec. 1.—That "shop early" Christmas trade campaign of other years are having a decided effect is the declaration of merchants who say Christmas shopping is 200 per cent heavier at the month's opening than ever before.

Sleeping Sickness Fatal to Surgeon; Ill Only 10 Days

Doctor Who Came to America From Sweden Dies Here; Funeral Services to Be Held Tomorrow.

Dr. C. L. F. Swanson, 48, practicing physician and surgeon in Omaha for 25 years, died Monday at 10:30 a. m., of sleeping sickness at his home, 1043 North Thirty-fourth street. He was graduated from the old Omaha Medical college in 1897. Born in Sweden he came to America with his parents when 5 years of age.

He retired from active practice four years ago on account of illness. He did not become seriously ill until 10 days ago.

Dr. Swanson is survived by his widow; a daughter, Lois; two sisters, Mrs. Anna Eskelson of Omaha, and Mrs. Gertrude Patterson of St. Lawrence, S. D.

Rev. Oliver D. Baltzy will officiate at the funeral services at 3 p. m. Wednesday at Kountze Memorial church.

Active pallbearers at Dr. Swanson's funeral will be Conrad Johnson, A. G. Swanson, Carl Carlson, G. A. Sandell, Olaf Rasmussen and F. Hagelin. Honorary pallbearers will be Dr. W. F. Milroy, J. C. Iversen, T. R. Mullen, Alfred J. Brown, Rodney Bliss and Clyde Moore.

REBELLIOUS YOUTH!

Today—it's a wise Parent who knows his own Child

Judge Ben B. Lindsey tells you the facts. Denver is a typical American city. The people of Denver are very much like people everywhere.

In place of your ideas and ideals, they have substituted theirs—ideas and ideals as far removed from yours as yours are from Tut-an-ah-men.

Life has speeded up. Youth has kept pace. You and your generation have stood still.

Why Children fear to tell their parents. A sweet and beautiful high school girl from one of Denver's most respected families summed up the attitude of youth toward parents and teachers thus: "You see, Judge," she said, "after freely admitting acts that would have sent her parents into nervous breakdown, "they don't know much about

us. They think they do, but they don't, and it wouldn't do to tell them. I wouldn't have them know for the world what I have been telling you because all the kids would get expelled!"

Denial in facts, facts and more facts. While never revealing a single identity, he quotes real cases. You cannot doubt the unbelievable things he shows you because the proof is there to plain, too positive to be denied.

It is the privilege of Physical Culture to place Judge Ben B. Lindsey's great series before you—the handwriting on the wall that will warn a nation.

These are but some of the other arresting features that make the December issue of Physical Culture Magazine surely—"Another Great Issue"

DECEMBER Physical Culture. Another Great Issue! I am enclosing \$1.00. Please enter my name for a six months' introductory subscription to Physical Culture, beginning with your December number. If you prefer a year's subscription check here () and enclose \$2.50. Name Address
