Is Your Back Giving Out?

You Can't Be Happy When Every Day Brings Nagging Backache and You Are Tired, Nervous and Unfit.

EVERY day the same old nagging backache? No let-up to the lameness and stiffness—no sudden twist without those torturing, knife-like twinges? It's little wonder you are so worried, worn out and discouraged.

Your health and happiness are too precious to carelessly let slip away. You owe it to yourself to be prompt in finding out what is wrong.

Likely it's your kidneys. Too often these hard-working blood filters are neglected. They weaken and impurities accumulate. The bodily machinery is upset by these harmful poisons. Then come throbbing backaches, rheumatic pains, headaches, dizziness and annoying kidney irregularities. You feel weak and nervous—unable to enjoy life.

Don't wait for serious kidney trouble. Use Doan's Pills before it is too late. Doan's have helped thousands. They should help you. No other kidney remedy is so universally used. None so strongly recommended. Ask your neighbor!

"Use Doan's," Say These Omaha Folks:

W. B. ROWE, 4018 N. 26th St., says: "My kidneys acted too freely, especially at night, when I had to get up to pass the secretions, which were scanty. There was a constant, dull ache through my back and sharp catches took me across my kidneys. When I stooped, these pains just seemed to dig in deeper and it was difficult for me to get up or down. Doan's Pills, however, relieved me of these symptoms."

MRS. W. J. KINNISON, 2102 Bancroft St., says: "I had an attack of kidney trouble and was bothered with backache a good deal. I couldn't stoop over without sharp, stabbing pains cutting into the small of my back. My back gave out easily and the least task about the house was a big one for me. I had headaches and dizzy spells and felt out of sorts. After using two boxes of Doan's Pills, I was cured and I haven't had any sign of the trouble since."
