

Cheese Factory to Be Opened in State

Dairy Farmers Plan Outlet for Produce at All Times of Year.

Special Dispatch to The Omaha Bee. Obert, Neb., Dec. 3.—As the result of a recent visit to northeast Nebraska, and consideration of favorable locations by a number of Wisconsin dairymen, plans are under way for the establishment of a cheese factory on the Gilbert Halverson farm, a few miles south of here.

Most of the farmers in the locality of the proposed factory have large herds of dairy cattle, and for this reason it is believed that a flourishing and prosperous business will result from the project.

The factory, a building about 20 by 30 feet in size, already is being erected, and the farmers interested in the proposition will rent it. If the plans that were discussed originally are carried out, a cheese-making expert

from Wisconsin will have charge of the factory.

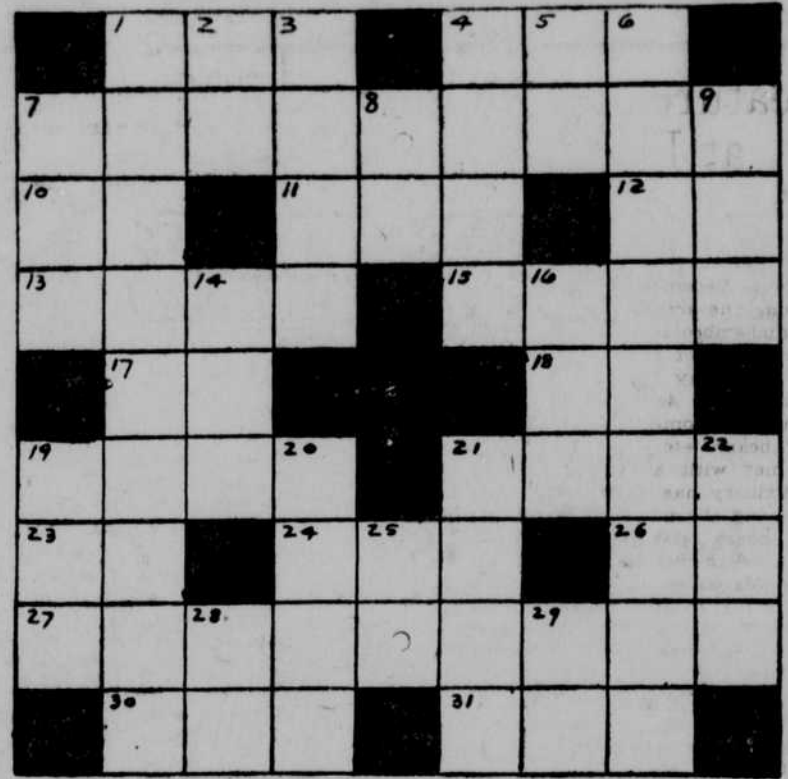

It is claimed that the dairy business in northeast Nebraska is increasing, due partly to the fact that many farmers are feeding less cattle for market than usual on account of the high price of corn and partly to the fact that there is an increasing demand for milk and cream. However, going to the extreme in dairying would result in overproduction and no profit. It is believed by establishing a cheese factory and allowing farmers to shift from feeding for fattening to dairying and from selling cream to making cheese, the prices will be stabilized and a fair profit realized on products from grain feeding in whatever capacity.

Farmer Traps Raccoon Weighing 36 Pounds

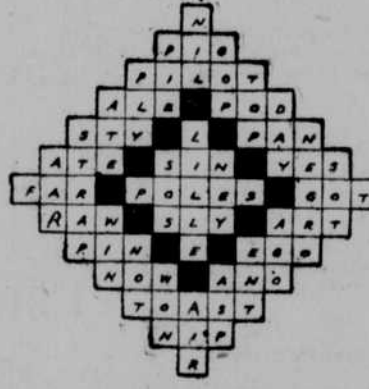

Beatrice, Dec. 3.—Frank Williams, farmer living eight miles northeast of Beatrice on Bear creek, caught in a trap on his farm what he believes is the largest raccoon captured in this section of the state in years. It weighed 36 pounds. Mr. Williams reports that during the past few months he has not only caught a number of raccoons but mink and possum as well.

Solution of yesterday's puzzle.

Children Must Have Good Shoes

Widow Washerwoman Unable to Buy Footwear for Girls; Your Cash Needed.

Betty and Elsie are two little girls whose mother, a widow, takes in washings to support them.

They are bright children. Betty has coal black hair and large dreamy eyes, and she wants to be an opera singer. Elsie is fair and vivacious. They are good students in one of the lower grades.

The mother's chief task in life is to feed and clothe these little girls, and give them a home. This fall she was

not able to buy them any new shoes, and, since they are normal youngsters who play hard, they wear out shoes quickly.

Peril to Health.

So they go to school each day with thin soles which have not yet caused them discomfort, but which will be dangerous to their health when the snows set in. The mother is anxious-wed. Her only hope is The Omaha Bee's Free Shoe Fund, which came to her aid so providentially last year.

Who is going to send in the money so that Elsie and Betty may have new shoes this winter?

The fund, started only this week, is growing slowly but surely. It will bring comfort to hundreds of needy school children this winter. No matter how small the donation, it will be welcome. There are lots of Elsies and Bettys in Omaha.

Kellogg's Bran delights father by bringing health to children

Poor little kids—they needed bran badly. But they wouldn't eat ordinary bran. They didn't like them. Most folks don't. Then their father tried Kellogg's Bran, cooked and krumbled. What a difference! He tells the story in his letter:

"Dear Sirs:

I wish to express my appreciation of your krumbled bran which I have used for my children this summer. We had a great deal of trouble with them through constipation, and bran had been the most satisfactory remedy but they could not be induced to take the old varieties. . . . because they disliked them so. They enjoy the krumbled bran and consider it an essential ingredient of their porridge. No one whose children have not been troubled in this way can appreciate the relief there is in having their bowels move regularly."

(The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.)

Constipation is a dangerous disease. It should not be neglected. But do not try halfway measures in seeking relief. Kellogg's Bran is ALL bran. And it takes ALL bran to be 100% effective. Kellogg's Bran is guaranteed to bring permanent relief, if eaten regularly, in the most chronic cases. If it fails, your grocer will return your money.

Eat two tablespoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream. The flavor is delicious. Sprinkle it on other cereals. Cook it with hot cereals. Try it in the recipes on every package. It will bring you health. Begin eating it to-day. Made in Battle Creek. Sold by all grocers.
