**Never, Never, Never,**

—was there a period of fashion when so many ladies' hand bags and vanities were required to complete the wardrobe of the well-dressed woman.

Regardless of the number of hand bags SHE may have, a new one of latest fashion will surely be appreciated this Christmas.

To illustrate and discuss but one of the hundreds of styles our stock affords, is a great injustice to the others. We are showing all the new things in hand bags and vanities—made of fabrics and the very finest of leathers. You'll be surprised at the art in the making.
