*Nor Has This Generation Seen a Crowd
Equal to the Thousands Who Thronged
Our Great Store Monday*

We were swamped! We served customers as fast as our big staff of salespeople could handle them, yet we could not take care of more than a fraction of those who were eager to buy. "First come, first served" was the best we could do. And the thousands we served were delighted.

Of the thousands upon thousands of checks written Monday, the hundreds of thousands of sales recorded by our cash registers, every one saw a customer pleased and delighted with the purchase of excellent quality merchandise, with HALF THE VALUE SAVED!

**Bargains Without Equal
Bargains Without Number**

We expect thousands to attend this sale Tuesday--those who came Monday and those who did not. We have recruited new salespeople to amplify our force. We have added packing and delivery facilities. We have brought out new merchandise as fast as our rapid selling makes space for us to supply.

On every hand you will find bargains. In every aisle and on every counter you will find the merchandise just suited to your needs, the merchandise you have planned to buy for your winter's needs, and you'll find it in every instance priced at about half what you expected to pay.

**Every Purchase Will Be a Transaction
Definitely to Your Advantage**

*You Will Go Home Thrilled With the Satisfaction
of Having Bought 100% Merchandise at 50% Prices*

**Out-of-Town Customers Will Profit
By Coming to Omaha to Purchase in This Sale**

Those living outside of Omaha will find it distinctly to their advantage to make the trip to Omaha to purchase goods in this sale. Savings will more than pay expenses for the trip.

To these people we recommend our transfer system which enables you to pay for all of your purchases in one transaction. Then they will be mailed, free of charge, to your home address.
