Red Ridinghood

A Strange Volce. Little Red Ridinghood walked into her grandmother's cottage, thinking, of course, that her grandmother was in bed. It was very dim in the little room, as the shades were down.

She put her basket of cookies on the table and then walked over to the hed to talk to her poor, sick grandmother, never - dreaming that the wicked old gray wolf was in the bed instead.

"How strange grandmother's voice sounded when she told me to come in," she thought. "She must be very sick indeed.'

(Here is the bed in which the wolf hides. Color the curtains yellow and the cover blue. If you cut along the dotted line you can stick first the grandmother's head and then the the wolf's through the slit so that each seems, in turn, to be in the bed. You can make the bed stand up by mounting it on cardboard and stick ing a strip of cardboard at the back to hold it straight.'

Raisin Pie ask a man!

Raisin pie is a favorite with men. They have it frequently at restaurants for lunch. Because they like its satisfying goodness.

Men would like to have raisin pie more often at home. You will please your men folks by serving it for supper. Have raisin pie tonight -and see!

Don't bother to bake it yourself. I know how to bake the kind of raisin pies men like. I use the same materials that you would use. The raisins are Sun-Maid Raisins. The same that you buy in the Sun-Maid package-big, plump, juicy raisins, the choicest fruit of California's vineyards.

Cut through the golden, flaky crust into one of my juicy, racy raisin pies and learn how good real raisin pie can be! Serve one tonight,
