Vote on Butler Amendment Reverses Recommendation of Postal Committee for Uniform Schedule.

Washington, Jan. 27.-The senate refused today to eliminate the pres ent preferential mail rate allowed religious, educational, scientific and gallant young soldiers. philanthropic publications, adopting by a vote of 51 to 23 an amendment to the postal pay and rate increase bill by Senator Butler, republican Massachusetts, to retain the present rate of 1% cents a pound on the advertising sections of such periodicals. The vote had the effect of reversing the recommendation of the senate postoffice committee, which favored a uniform rate for all publications, including those in the special classi-

At the conclusion of the day's de bate on the bill, which centered about proposed changes in the zone rates ffecting the advertising sections of publications, Senator George, democrat, Georgia, urged elimination of all proposed increases in second class rates and a reduction to those in effect in the fiscal year 1919-1920. A vote on this proposal went over until

Complete Rejection Feared.

Elimination of the proposed in creases in rates would mean ultimate rejection of the entire bill, providing also for postal salary advances, Sena tor Moses, republican, New Hamp shire, declared during the debate But Senator George argued that the reduction he proposed would be to nerease, rather than reduce, revenue

before the foint congressional committee which conducted hearings on the bill. Senator George declared six hundred million pieces had been driven from the second class service advances already made in the ites. These would return, he argued,

if the rates were reduced. The rates suggested by Senator George were 11/2 cents a pound for the first two zones, 2 cents for the third zone, 3 cents for the fourth zone, 31/2 cents for the fifth zone, for the seventh zone and 51/2 cents ers the top of telephone poles.
