Demand of Brokers for Clear History Places Project in Jeopardy; Flaw in Ordinance.

The river drive project probably will be deferred indefinitely on account of disinclination of bond buyers to accept the bonds for which they successfully bid nearly two weeks

A flaw in the ordinance passed by city council and providing for subn of the proposition to the voters last November, is referred to as the official faux pas which places cloud on the history of the bonds.

Burns, Brinker company of this city, in conjunction with Estabrook & Co., and Minton, Lampert & Co., offered a combination bid for \$242,000 river drive bonds, offering premiun of \$4,500. The city accepted this bid and then was called on in the usual way for a history of the proposition.
