

### Judge Munger to Decide Today on Samardiek Case

#### New Delay in Trial of Dry Agent on Assault Charge Refused in Federal Court.

Federal Judge Munger Friday heard the motion of County Attorney Henry Beal to transfer back to county court the charge of assault and battery while making liquor raids filed against Federal Agent Robert P. Samardiek. Judge Munger took the case under advisement and will give his decision at Lincoln Saturday. Samardiek was defended by United States District Attorney Kinsler and his two deputies, George Geyer and Andrew Scott. Judge Munger overruled the motion of Kinsler to postpone the case again. "Samardiek exceeded his authority when he assaulted and arrested Pete Boyd on July 6 on a charge of interfering with government witnesses," said Beal. "It is an action like this assault that is breaking down respect for our government." "Boyd had a right to strike Samardiek and resist arrest, as Samardiek had no right to arrest him." Boyd was arrested by Samardiek on the night of July 6 after a taxicab driver had been taken to Lord Lester hospital and charged he had been beaten up by Boyd and two others, who charged him with being an agent. Samardiek, in his petition, charged that Boyd threatened to kill him, Federal Judge McGee and all agents.

### Child Violinist, 10, on KFCZ Program Tonight

Harriet Abraham, 10, extraordinary Omaha violinist, will be the feature of a special Valentine radio program to be broadcast Saturday at midnight from station KFCZ, Central High school, by H. Mateo, photographer, 2404 Parson street. Her teacher, Prof. Harry Kononovitch, will also appear on the program. From many parts of the United States have come letters and telegrams stating that admirers of Harriet will be waiting for the strains of her violin to come to them through the air. Other numbers of the program will include an organ recital by Helen Hongland of the Strand theater, Hymie Gerstein on the mandolin, Frances Wyatt in soprano solos, a cello and organ duet, the Imperial quartet, Mary Uhlig on the piano, and selections by Miss Marget Sturges.

### House Clears Its Calendar of Bills of Appropriation

#### Senate Continues Fight Over Independent Offices Measure and Recalls Interior Department Report.

Washington, Feb. 13.—The house cleared its calendar of annual appropriation measures today with the passage of the \$15,000,000 bill for the legislative establishment. Meanwhile, the senate continued its fight over the independent offices appropriation measure and recalled from the house the conference report on the interior department supply bill because of the action of the conferees in reducing from \$45,000 to \$35,000 the item for the Flathead reclamation project in Montana. Besides these two measures the senate still has to act on the District of Columbia and legislative appropriation bills, but leaders are confident that all of the supply authorizations can be cleaned up within a week or 10 days. No Obstacles Thrown. Democratic leaders in the senate informal conference decided not to throw any obstacle in the way of the calling up of the measures on the legislative program agreed upon by the republican majority but senators were left freedom of action in opposing any of the dozen bills on that program. At the same time the Cramton bill for reorganization of the prohibition enforcement unit and the federal employes reclassification measure were added to the list of bills on which action would be sought before March 4. Administration leaders also undertook to smooth the way for consideration of the government reorganization bill by agreeing to eliminate the provision for a department of education and relief and to retain the good roads bureau in the Agriculture department instead of transferring it to the interior department. Falls to Reach Vote. The amended measure will be presented tomorrow to the republican organization conference for decision as to whether it should be pressed at this session. While the senate failed to reach a vote on the independent offices bill, it attached as a rider to that measure a provision prohibiting the 50 per cent surcharge by railroads on Pullman accommodations. The plan is to force a vote in the house in this way on a subject which that body has failed to consider at the present and the last sessions.

### Stocks Increase in Cold Storage

#### All Holdings With Exception of Eggs Larger Than Year Ago, Report States.

Washington, Feb. 13.—Increases in cold storage holdings of frozen poultry, meats, creamery butter and cheese, and decreases in egg stocks were reported today by the Department of Agriculture. Frozen and cured meats, including lard, totaled 1,021,304,990 pounds February 1, compared with 987,773,000 pounds on the same date a year ago, and 930,178,900 pounds as a five-year average. Poultry totaled 138,233,000 pounds, compared with 99,486,000 last year and 99,564,000 for the five-year average. Butter stocks totaled 45,812,000 pounds at the beginning of this month. Last year's figure was 15,246,000 pounds, and the five-year average was 23,252,000. Figures for cheese were 41,557,000 pounds this February 1; 40,596,000 a year ago and 31,422,000 for the five-year period. Case eggs totaled 32,909 cases, against 560,000 a year ago and 255,000 for the average. Frozen eggs totaled 15,239,000 pounds, against 27,682,000 last February and 20,745,000 for the average.

### Fluctuations in Wheat Are Violent

#### Swings in Price Are Wild and Export Sales Large; U. S. Market Cheapest.

Chicago, Feb. 13.—Violent fluctuations and big export sales served to emphasize today the fact that the United States is again the cheapest wheat market in the world. Swings in price today went as far as 7 cents in a bushel up and then 7 cents down in the course of establishing Chicago values on a world parity basis. In the end, May delivery of wheat stood 224 cents to 41-2 cents higher than at the finish of trading on Wednesday. Even greater price changes took place in the more distant deliveries of wheat, July covering an extreme range of 7 1/4 cents and September 7 1/2 cents. At times the trading was of a half frantic character, especially at the opening, when the market seemed to be aiming straight for the zenith, although Wednesday's close had been weak almost to the point of demoralization. One of the sensational items in the new export business was a purchase of 250,000 barrels of flour for Russia, in addition to other huge sales which were reported on Wednesday, but were considered with mistrust. To some considerable extent, profit taking accounted for the temporary sharp setbacks which the wheat market later underwent, in the face of such encouraging news. Heavy liquidating sales on the part of owners of corn and oats were also a decided handicap against buoyancy of breadstuffs.

### Schoolboy Run Over and Killed by Truck

#### Thompson, Feb. 13.—Earl Mann, 8-year-old son of Mrs. Ira Mann, living three miles southeast of Thompson, was run over by an auto truck near his home today and so badly injured that he died on the way to the hospital at Fairbury. William Johnson was driving the truckload of wheat to Thompson and overtaking two schoolboys walking in his direction two miles southeast of Thompson, stopped to take them on. The Mann boy fell off under the wheels as the truck started.

### Veteran Druggist Retires

#### Wakarusa, Feb. 13.—F. L. Donel, druggist here for over 20 years and in Nebraska for nearly 45 years, has given over his entire drug business to his son, Harold Donelson, and will take a much needed rest and vacation before deciding what he will do in the future.

### Milch Cows Average \$56 at J. C. Overton Farm Sale

#### Beatrice, Feb. 13.—Milch cows averaged \$56 and work horses \$57 at the J. C. Overton farm sale east of Wynmore. Twenty-one hogs averaged \$30, and farm machinery found ready buyers and high prices. Mr. and Mrs. Overton will move to Ashland.

### Last of Supply Bills

Washington, Feb. 13.—Disposing of the last of the regular supply bills, the house passed and sent to the senate the appropriation measure for the legislative establishment.
