

Many Favorable Announcements Upon Dividends

Gulf States Steel Cuts Melon; Shell Union Oil Increases Annual Rate and New Stock Pays.

New York, Feb. 18.—Resumption of dividends on class A common stock of Armour & Co., Chicago packers, was followed today by a series of other favorable dividend announcements. These included a stock dividend of 11 1/2 per cent of the Gulf States Steel company, an increase in the annual rate on Shell Union Oil company common from \$1 to \$1.40 and the inauguration of payments on the new stock of the Pennock Oil corporation.

Directors of the Armour company declared two quarterly dividends of 50 cents each on the class A common one payable as of January 2, to stockholders of record at that date, and the other payable April 1 to stockholders of record March 14. This dividend, the first since January, 1921, followed the recent publication of the 1924 report showing net profit of \$3,300,000.

Gulf States Steel. The 11 1/2 per cent stock dividend by the Gulf States Steel company represents the entire amount of common stock now in the treasury. It is payable March 13 to stock in the treasury. It is payable March 13 to stock of record March 2. The regular quarterly dividend of \$1.25 on the common also was declared, payable April 1, to stock of record March 20, permitting holders of the common stock to elect to receive the regular common dividend on the additional stock. The directors also declared the full year's dividend of \$7 on the preferred.

Announcement of the higher rate by the Shell Union Oil directors reflects the improved earnings position of that company as a result of the recent advances in crude oil prices.

Pennock Oil Pays. Directors of the Pennock Oil corporation declared an initial quarterly dividend of \$7 1/2 cents, payable March 25, to stock of record March 15. The National Transit company has declared an extra dividend of 25 cents payable March 15 to stock of record February 28.

The Motor Wheel corporation declared a quarterly dividend of 30 cents on the common, payable March 20 to stock of record March 10. Previously, the company paid 20 cents quarterly. The International Silver company declared a dividend one-quarter of one per cent to apply on deferred cumulative dividends, in addition to the regular quarterly dividend of 1 3/4 per cent on the preferred, both payable April 1.

The American Stores company increased its quarterly dividend from 25 to 40 cents.

MILLARD TELLS OF \$45,000 LOAN

W. D. Millard, Jr., fortified his claim for \$45,000 against the defunct Merriam-Millard Grain company by describing in detail his transactions with the company at a hearing before B. H. Dunham, referee in bankruptcy, Wednesday morning. Young Millard declared that Barton Millard, former head of the grain company, had borrowed \$45,000 from him through his guardian, giving warehouse receipts as security. These receipts, Millard testified Wednesday, covered 5,000 bushels of wheat, 30,000 bushels of oats and 10,000 bushels of corn held in the grain company's elevators.

When the company failed, with liabilities of \$472,931 and assets of only \$314,168.88, Gordon Roth, trustee for the creditors, sold the grain covered by the warehouse receipts and deposited the money to young Millard's account in the Omaha National bank. The creditors then protested and attached this money, which is now held in the assets of the company.

5 Missouri Pacific Coaches Leave Track Near Stella; No Injuries

Special Dispatch to The Omaha Bee. Stella, Neb., Feb. 18.—A disastrous wreck was miraculously averted when five coaches of Missouri Pacific train No. 105, bound from Kansas City to Omaha leaped from the track as the train rounded a curve two miles west of here at 4:10 a. m. today.

None of the coaches overturned, and no one was injured. Many of the passengers asleep in the Pullman were not awakened when the train left the tracks.

Man Is Rescued From Mad Bull

Wife Drives Off Beast With Pitchfork; Neighbor Shoots Animal.

Special Dispatch to The Omaha Bee. Shelton, Neb., Feb. 18.—Guy Blanchard, a farmer living a few miles southwest of Shelton, had a thrilling experience, and narrowly escaped death yesterday when he was attacked by an enraged bull. Blanchard was mulling a board on a feed bunk in the corral when the animal attacked him. Suddenly he was knocked to the ground and tossed around the feed lot by the animal. His 8-year-old son ran to tell his mother of the plight, and it was only after she had jabbed the tines of a pitchfork into the animal that he backed away from her husband.

Bull Attacks Bunk

Mrs. Blanchard helped her husband into the feed bunk, and while she was trying to determine the extent of his injuries the bull threatened to tear the bunk to pieces. Several times Mrs. Blanchard attempted to get out of the feed bunk, but the animal guarded it closely.

No Bones Broken

An examination of the injured man showed that no bones were broken, but he was badly bruised about the body.

U. P. ENGINEERS FLY TO MEETING

Members of the Omaha Old-Timers' club, No. 3, made up of employees of the Union Pacific railroad with more than 20 years of service, will hold a "get-together, get-acquainted" meeting Thursday night at the Elks club.

The guests of honor will be Claude Delany and John E. Ensminger, two engineers of North Platte. The engineers will not use the Union Pacific to come to Omaha to attend the dinner. Instead they will fly to Omaha in a plane owned by Ensminger, known as the "Flying Engineer of the U. P." They are scheduled in Omaha about 1:30 p. m. and will alight at the Post-Creek field.

The Old-Timers' club of Omaha is one of the eight clubs along the Union Pacific system.

175,000 Tons of Coal Hauled by Columbus Shovelers in 28 Years

Columbus, Feb. 18.—John Blahak, 64, claims the coal shoveling championship of Columbus. Blahak for the past 17 years has been here and for 11 years prior to that time he shoveled coal at the Union Pacific coal chutes. In the 28 years he has been thus engaged, Blahak's employers figure, conservatively, that he has shoveled 175,000 tons of coal, or an average of 15 tons each day for 390 days in the year.

Senate Recalls Pay Boost Bill

Norris Leads Fight for Reconsideration of Congressional Salary Measure.

Washington, Feb. 18.—The senate today recalled from the house the legislative appropriation bill which it passed last night, containing a provision for an increase in salaries of members of congress and the vice president.

When the measure is brought back Senator Norris, republican, Nebraska, announced he would ask for its reconsideration, although he did not mention the salaries directly in making a motion for recall.

PIONEER WOMAN OF STATE DIES

Mrs. Sarah Frances Goozee, 82, pioneer resident of Nebraska, died Wednesday morning at the home of her daughter, Mrs. Fred Elliott, Jr., 5107 Webster street, after an illness of several months. Mrs. Goozee and her husband, Samuel Goozee, came to Nebraska from Illinois in 1874, and settled on a homestead in Gosper county. In 1878 they moved to North Platte, Neb., and lived there until six years ago when they came to Omaha. Mrs. Goozee was a charter member of Siget chapter No. 55, Order of Eastern Star, at North Platte and always took an active interest in the work until a few years ago.

She is survived by her husband, Samuel Goozee, one daughter, Mrs. Elliott, and a brother, Ryllin M. Dix of Griggsville, Ill.

Funeral services in which Pontenelle chapter, No. 249, Order of Eastern Star, will participate, will be held Thursday at 2:30 p. m. at the home of Mrs. Elliott, Rev. D. C. McLeod of Dundee Presbyterian church will officiate. Burial will be in West Lawn cemetery.

SMALLPOX CASES SHOW DECREASE

Residents Move From Hahné House District; Ghosts

Gruesome traditions are already beginning to cluster around the house at 3837 South Twenty-third street, where Mrs. Mary B. Hahné was slain by an ax January 2.

Already it has become the "haunted house" and neighbors are moving away to escape its sinister memories.

An unidentified milkman called South Omaha police early Wednesday morning to report that he had heard someone moaning and wailing inside as he passed the house. He believed that someone was dying in the house.

The night police captain sent Detective Ed Silzewski and Patrolmen George Stephens and J. Ryan to investigate. They searched the house from cellar to garret, but found nothing unusual except the blood stains at the spot where Mrs. Hahné's body was found, at the foot of the cellar stairs.

Their investigation revealed, however, that neighbors have been fleeing from the vicinity of the "death house." Of 15 families who were tenants in the houses and apartments owned by J. Warren Hahné, alleged murderer of Mrs. Hahné, only two remain. The other 13 have been departing for other parts of the city in a steady stream.

Query on House Jury Continues

Entire Federal Panel Dismissed Following Narcotic Case, Is Claim.

Department of Justice agents Wednesday continued investigation into the charges of tampering with the jury of Sam House.

M. E. Douglas, one of the jurors, was recalled Wednesday and was closeted with special agents for nearly an hour. He signed an affidavit denying any interference with the jury was attempted.

It was learned at the federal building Wednesday that the entire jury panel was dismissed following the acquittal of House. This accounts for the sudden ending of trial cases in federal court. The panel was scheduled to hear cases until April 1.

Many Cases Postponed

"With over a dozen cases set for trial following the House case, they were postponed by the district attorney's office and in a few days the entire jury panel was discharged," said a federal official.

Centenarian Is 101 at Beaver City, Neb.

Beaver City, Neb., Feb. 18.—Henry Taylor of Beaver City is celebrated his birthday today. It's an old habit with him. He is 101 years old.

Mr. Taylor was born at Leeburg, Va., February 18, 1824, and first rode across Nebraska in 1852, with a wagon train bound for the California gold fields. He made a small fortune there and returned east. He made his second trip west in 1878, when he took on a homestead near Beaver City. He has lived here ever since.

Mr. Taylor has five living children, 17 grandchildren and five great-grandchildren.

Specific sentences were quoted by Kirkpatrick from Forman's History of the United States and "A History of the American People" by Beard and Bagley. His point was that there are several statements in these histories which he does not consider acceptable from the standpoint of Americanism. He is chairman of the Americanization committee of the local post of the American Legion.

Lindsey Moves to Quash Ouster

Denver Judge Charges His Opponent Registered Falsely as Elector of City.

Denver, Colo., Feb. 18.—Charging that Royal R. Graham, his unsuccessful opponent in the November election, had falsely registered as an elector of the city of Denver while he was performing the duties of county judge of Clear Creek county, Judge Ben B. Lindsey, nationally known juvenile jurist, filed motion to quash Graham's quo warranto proceedings to oust him from the juvenile bench in district court here today.

The motion to quash the ouster proceedings against Judge Lindsey charged that Graham registered as a voter in Denver, on May 15, 1924, while he did not relinquish his position as Clear Creek county judge until September.

The petition for quashing action in the election contest also states that Graham had not resided in Denver for the ninety days prior to election as prescribed by law. While he was a registered voter of Denver, the petition states Graham signed records in his position as Clear Creek county judge, sitting at Georgetown, Colo., until September, when he resigned.

Don't Fuss With Mustard Plasters!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, neuritis, croup, stiff neck, asthma, tonsillitis, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest it may prevent pneumonia.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. 3c and 6c jars and tubes.

Beveridge Says Histories O.K.

School Head Answers Charge Textbooks Are Unfair to Washington.

Superintendent J. H. Beveridge of the public schools states that he assumes all responsibility for the selection and use of text books in the schools. He made this statement in connection with references made Tuesday night by R. A. Kirkpatrick, who spoke to the Omaha chapter of the American Legion auxiliary.

Kirkpatrick took exception to histories known as "Forman's History of the United States," and "A History of the American People" by Beard and Bagley. His point was that there are several statements in these histories which he does not consider acceptable from the standpoint of Americanism. He is chairman of the Americanization committee of the local post of the American Legion.

"Now began a game of hare and hound, the American party being the hare and the British army the hound."

In Beard and Bagley's history, Kirkpatrick cited the following sentence, referring to the Revolutionary war, as untrue: "The patriotic American army did not win any important battles."
