## Pulitzer Race May Be Staged Here If City Builds Field

Leaders in Project for Site Told Aerial Classic Might Come for Legion Convention.

Omaha can again secure the Pulitzer races—the largest air races held in the world—providing the city acquires a large municipal landing field in the immediate future, according to William Ritchie, Omaha attorney.

The Pulitzer races were held in Omaha in 1921. Ritchie, in a conference with Maj. Gen. George B. Duncan of the Seventh corps area, said he had the assurance of Reed Landis, son of the baseball czar and former federal jurist, that Omaha could secure the air meet, to be held in this city during the coming national American Legion convention.

Reed Landis is said to be influential in the organization handling the air races and is said to favor Omaha.

General Duncan said the Pulitzer races made enough money when they were held in St. Louis two years ago to pay for the field. An admission is charged to view the planes and races. The races were held last summer at Dayton, O., and brought planes and balloons to that city from all parts of the world. Among those having a plane at the Dayton races was Victor Roos, Omaha air enthusiast.

A delegation of Omahans visited a site on West Dodge street Thursday said to be favorable for a municipal air field. They say the site is too far from the city and the price of \$1,000 an acre too high. The logical site, they say, is the site picked by the aerial transportation committee of the Chamber of Commerce on the east side of Carter lake.

Attention of the Omaha air enthusiasts was called Thursday to the fact that Cleveland, O., has purchased a field of 1,000 acres costing \$1,200,000. Chicago is to fill in part of its lake front for a municipal field.

## Brain and brawn pay tribute to this coffee of the West

As you hover over a cup of Hills Bros. Coffee, the aroma that floats upward sets your whole being astir. Eagerly you lift it to your lips and dash it down . . . drain every drop. That first savory sip tells you the aroma has not held out false promise.

Reg. U. S. Pat. Off.

Stimulating alike to mind and muscle, Hills Bros. Coffee is the favorite drink of the coffee-loving West. Just break the vacuum seal of a tin of Hills Bros. and liberate that wonderful aroma! Brew a cup and taste that marvelous flavor! Any wonder they call it The Recognized Standard from the Coast to the Mississippi?

To insure this rare flavor reaching your table in its original freshness and strength, Hills Bros. originated the vacuum pack for coffee. It is still fresh whenever you break the seal—days, weeks, even years later! Hills Bros. Coffee is economical to use.
