YOUR DAUGHTER'S HEALTH

HAPPY is the girl who is healthy. She joins in the games of her playmates. The thrills of basketball and tennis, of canoeing, swimming, dancing, all are hers to enjoy. If she complains of headaches, pains in the back or lower limbs, is nervous or irritable, the mother should give her thoughtful attention and care.

Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions. It can be taken in safety by any girl.

DAUGHTER OF MRS. QUIGG ROYERSFORD, PA.

"My daughter was sickly from the time she was 15 years old and when she was 15 she was irregular and also had severe headaches and pains in her sides and back. She was this way about six months before I began giving her Lydia E. Pinkham's Vegetable Compound regularly although she had tried it before. It helped her very much. She is not bothered by headaches, backaches or cramping any more and has not missed but one day. We recommend it to other mothers with girls who have these troubles."
