Hardware and Household Utilities Since 1855

70 Years of Service

From the time Milton Rogers first established his little shop in Omaha in 1855, just 70 years ago, down through the years to this day, this firm has been serving the people of Omaha. We have always kept abreast of the times, allowing Omaha citizens the first opportunity to procure the finest items of hardware, cutlery, tools and house furnishings. When new items of merit come on the market, we have been the first to be able to give them to our customers. This week, in our windows, we are showing the latest most up-to-date merchandise in our line. We invite you to come down and see them. You will be more than delighted. A real treat for you is promised.

It always pays to know what SKANS is showing--

WHenever you hear women talking about Furniture, you are certain to hear it said, "Well it certainly pays to shop at Skans." Then another experienced buyer will say, "I was surely surprised to find such lovely things and at prices that were so unbelievably low."

"I've saved many hundreds of dollars by shopping at Skans."

"I always feel that furniture from Skans has far more character."

"I can feel the appreciation of my business when I trade at Skans... they show me such courtesy."

The House of Skans is founded upon furniture of character—priced fairly—and the aims of service are those that are known to please. That's why we know that it will always pay you to know what Skans is showing—and to know Skans' prices.
