

Securities of St. Paul Tumble, Result of Rumor

Heavy Selling Follows Tip That Receiver Will Be Named for Railroad; President Denies Report.

New York, March 11.—Widespread circulation of unconfirmed rumors that a receivership for the Chicago, Milwaukee & St. Paul railroad had been decided upon as the only solution of its financial problems, the most pressing of which is the refunding of about \$18,000,000 in bonds maturing on June 1, brought about heavy selling of the road's securities today and resulted in the common and preferred stocks and some of the bonds touching the lowest prices ever recorded.

H. E. Byram, president of the road, reiterated tonight that "there was nothing new in the situation." All plans are being held in abeyance pending the report of the engineering firm of Coverdale & Colpitts, which was employed by the road's bankers to make a physical appraisal of the property. This report is expected by officials of the road in about 10 days, but at the offices of the engineering firm it was stated that it might be a month before it was ready for presentation. Kuhn, Loeb & Co., the road's bankers, declined to make any statement at this time.

Common stock of the St. Paul road has hammered down 3 1/2 points to 8 1/2, and then rallied to 9 1/2 on short covering. The stock sold as high as 15 1/2 this year and at 26 1/2 last year. In 1906 it touched a record top of 19 3/4. The preferred stock was depressed 4 points, to a new low at 15, but recovered to 17 1/4 at the close. The high for the preferred this year was 23 1/2 and last year 45 1/2. The record high of 21 1/2 also was established in 1916. Sales of these two issues approximated 200,000 shares, or more than one-tenth of the day's total transactions.

Even sharper declines took place in the road's bonds. The 4s of 1925 broke 10 1/4 points to a record low of 53 on total sales of nearly \$2,000,000 face value. The refunding 4 1/2s dropped 5 1/4 points to 47 1/4, also a record low. Extreme declines of 1 to 5 1/2 points took place in the other active issues, closing prices generally showing moderate recovery from the day's lows.

About 20 per cent of the 1,000,000 women engaged as farmers in the United States own or manage their own farms.

Girl Who Disobeys Parents Will Not Obey Husband, Pastor Tells Youths

Prospective Brides Warned Not to Marry Fops and to Abandon Any Idea of Reforming Sweetheart Addicted to a Vice.

"The girl who won't obey her parents in her home will not obey her husband in her new home."

So declared Rev. J. P. Fallon in another of his series of Wednesday evening talks on marriage in St. Cecilia cathedral, this talk being on "Whom One Ought to Marry."

"And a husband should obtain obedience from his wife," added Father Fallon.

He opened his talk by emphasizing the fact that marriage is for life, and not for a day or so. He then urged those contemplating marriage not to be too greatly influenced by exterior appearance; warning that one is apt to get a "counterfeit" if this element plays too great a part.

"Don't marry a fop," he told the young women in his audience. "And

don't marry an extravagant young lady," he advised the young men. "Don't marry anyone addicted to a vice in the hope of reforming him," was another bit of his advice, and on the heels of it came his warning that the young husband couldn't hope for obedience from a wife who had not obeyed her parents.

Father Fallon also spoke against marriage between Catholics and non-Catholics, pointing out the frequently resulting contention, and declaring that the children of such marriages often go through life without any religion. It is Father Fallon who has advanced the belief that young people should marry young, and have a good idea what they want to do about marriage by the age of 12.

CREIGHTON WILL HOLD RALLY TODAY

Creighton university students will meet in the Creighton gymnasium this morning at 11 for the biggest student rally of the year.

An elaborate program of entertainment had been arranged with Randall's Royal orchestra and Harry Holbrook, the singing marine, featuring the musical side of the program, and a number of prominent Omahans to furnish the speeches.

Speakers will be John F. McCormick, S. J., president of Creighton university; W. J. Coad, treasurer of the stadium drive; Guy Furray, president of the alumni association; Chet Wynne, and Arthur Schabinger.

AGED ROMEO NOW SUED FOR \$50,000

The troubles of Charles E. Otis, wealthy and aged Romeo who some months ago took unto himself a girl wife, have apparently begun all over again.

Since his marriage to Pearl Smith Otis, 19, it has required several reams of paper to record the litigation into which he has been plunged.

But recently the girl wife obtained a divorce and a property settlement was agreed upon.

Wednesday brought forth a new—and from the Otis standpoint—distressing development, however, when the parents of his former wife brought suit in district court for \$50,000, charging that he took their daughter, a minor, to Council Bluffs and married her without their knowledge or consent.

Elimination of Crossings Aim of Towns on U. P. Line

Grand Island, March 11.—Public meetings are being held in towns along the Union Pacific right-of-way between Chapman and Shelton, a distance of over 40 miles, in an effort to eliminate all railroad crossings in this stretch from the Lincoln right of way. Hall county board will be asked to take the necessary action.

Burwell Students Give Play.

Burwell, March 11.—High school junior class gave its annual play at the Becker opera house Monday night. The juniors give a play annually and raise funds for the junior-senior banquet which is given to the graduation class.

Paving Petitions Presented Nebraska City Council

Nebraska City, March 11.—More than 50 blocks of pavement were included in the petitions presented to the city council Monday night by property owners.

Shoots Girl, Kills Self.

New York, March 11.—William Cortellura, 25, shot and slightly wounded 11-year-old Kate Patina, with whom he was enamored, and then committed suicide by shooting, at her home in Brooklyn.

Coolidge Asked to Put Senator in Cabinet Post

Would Solve Difficulty Created by Rejection of Warren, Delegation Tells President.

(Continued From Page One.)

would refuse to bend to the Coolidge will. That the new senate should prove so recalcitrant was a shock to the president.

Should the president, after due deliberation, accept the suggestion to name a senator for the post, it is probable that the republican leaders would propose Sheldon P. Spencer of Missouri.

Senator George Wharton Pepper of Pennsylvania could get the endorsement of his colleagues for the place, but he has indicated he would not accept.

It is by no means certain that the senate would quickly and without protest confirm the nomination of Spencer. When the proposal was brought to the attention of democratic senators some of them were amazed. They recalled that Spencer was the chief defender of Newberry and he made a minority report on the leasing of the Teapot Dome oil reserve, defending the action of Edwin D. Denby, former secretary of the navy. They pointed out that the

Submarines, Not Airplanes, Save West Coast From Invading "Enemy"

Underwater Craft of Defending Blue Fleet Penetrates Lines of Black "Enemy" in Gigantic Sham Battle, Part of Pacific Naval Maneuvers.

By Associated Press.

Aboard U. S. S. Seattle at Sea, Off Coast of Lower California, March 11.—Submarines, not airplanes, "saved" the United States from invasion last night and today in the greatest naval maneuvers ever staged in the Pacific.

With the American navy, 100 ships of the line and their auxiliaries divided into two fleets, one an enemy, attempting to establish a base of operations on the Mexican coast, and the other defending, the great Stype submarines, Uncle Sam's newest and most powerful under-sea-fighting craft, dived into their first engagement on the side of the defense and wrecked the invaders' plans.

The S-boats, tremendous underwater craft, 300 feet long, with a cruising radius of thousands of miles, came from Panama with the Blue scouting fleet and last night sought out the Black enemy racing through the moonlight sea to establish a hostile base of operations on the Mexican seaboard.

The Black fleet, a backbone of giant dreadnaughts, protecting their supply ships with a fringe of destroyers guarding its progress, was near its goal. About 9 the alarm

Clough Accepts St. Joseph Offer

Former M. E. Smith Vice President to Manage Manufacturers' Association.

L. Burton Clough, for more than 25 years connected with M. E. Smith company and vice president of the organization at the time of its bankruptcy, announced Wednesday he will become manager of a new organization in St. Joseph, composed of all the wholesalers, manufacturing and jobbing interests of St. Joseph, to be known as the Manufacturers' and Jobbers' association.

Clough said the salary he is to receive in St. Joseph is considerably more than that received from the bankrupt organization.

Many salesmen formerly connected with M. E. Smith company will also join wholesale dry goods organizations in St. Joseph, according to officials of the defunct company.

Woman Talks on Cartoons

Plainview, March 11.—"Cartoons and Cartoonists" was the subject of the address of Mrs. A. A. Eddingfield, at the Plainview Woman's club on Monday. She dealt particularly with the humorous cartoon in newspapers.

Most of the ideas of these cartoonists were the fruit of observed experience, he said, all life was full of humor, but generally people were too apt to miss it, because of more serious interests.

Clough expects to leave for St. Joseph next week.

Ferguson's Sister Dies

Abilene, Tex., March 11.—Mrs. Marion Moren, sister of former Governor James E. Ferguson of Texas, died at her home in Haskell.

The Right Road

a Tip to the Motorist - WRIGLEY'S when you're thirsty

Time passes faster, your wits are keener and your nerves are steadier with Wrigley's to help.

Swelling and sweet to smokers, refreshing when you're dry - good for that stuffy feeling after hearty meals - Wrigley's will stimulate appetite and digestion, remove bad taste, and keep you fit.

It cleanses teeth, too.

after every meal!

WRIGLEY'S

SEALED TIGHT KEPT RIGHT
