

## Young Girls' Fancies Turn to Scholastic Honors

"In spring a young man's fancy lightly turns to thoughts of love," but thoughts of Omaha girls in eastern schools and colleges are apparently turned to thoughts of study, for a goodly number have recently won coveted scholastic honors.

Miss Charlotte Denny, daughter of Mr. and Mrs. W. F. Denny, has won a scholarship at Wellesley college, Wellesley, Mass., where she is a senior. Friends of Miss Denny will not be surprised at this news, as Miss Denny was a remarkable student during her college preparation at Brownell Hall and Central High school here.

Miss Charlotte McDonald, daughter of Mrs. Charles McDonald, recently received her "E. W." at Emma Willard school, Troy, N. Y. The honor is awarded to six girls out of each class for character, scholastic standing and influence.

Miss Genevieve Noble, who is studying music at Oberlin college, Oberlin, O., during the recent illness of one of her instructors, was chosen to take his classes until his recovery.

Ruth Carpenter, daughter of Mrs. A. W. Carpenter of Lincoln, Neb., formerly of Omaha, a senior at the University of Nebraska, is a member of the Mortar Board, a senior honorary society, and of the women's self-government committee. She will come to Omaha Saturday to address the meeting of former students of the university at the Fontenelle hotel.

Miss Leoline Clarke, daughter of Mr. and Mrs. Edwin B. Clarke, was honored recently at the University of Illinois, Champaign, Ill., by being elected to membership in Alpha Lambda Delta, a freshman woman's honor society of the university. Miss Clarke ranked ninth in scholarship in a group of 28 from a class of 300 freshmen women.

## S. R. O. Signs for "Mole"

Standing room only signs had fair to be hanging in the Orpheum lobby long before the week of March 23 begins. The Omaha Woman's Press club play, "The Mole," written by Mrs. Harry Dooley, will be presented that week in conjunction with the regular billing.

The press club will attend Monday evening in a body, and various friends of Mrs. Dooley, who takes the feminine lead; Charles Docherty, George McIntyre and Miss Marguerite Beckman, others in the cast, will be there in box and line parties.

Tuesday is to be army night, with Colonel Muller making reservations for the fort folk. The Overseas Girls

Be Better Looking—Take Olive Tablets.

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod-liver—are prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and cleanse the colon. They have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 30c.

## No Money Grabber

If you received every week a dozen or more letters like the ones below from people who have suffered torments from piles, wouldn't you feel happier than the man whose life is devoted to money grabbing?

"Gentlemen—I have been suffering with a fistula for the past twenty years. During that time I have tried numerous remedies, all of which have failed."

"Two months ago I determined to give Peterson's Ointment a trial. The improvement was so decided after using one box, that I have continued, and on the completion of the fifth box am now entirely cured."

"This is written with the view of passing along the good word to other sufferers." Very truly yours, Chas. E. Caswell, 282 Third Street, Albany, N. Y. At all druggists, 35 cents.

The mighty healing power of Peterson's Ointment quickly clears the skin of all rashes, pimples and blemishes. Peterson's soap is a wonderful skin soap—use it daily—25 cents. Peterson Ointment Co., Buffalo, N. Y.—Advertisement.

## Your Problems Solved

Not in Love With Her.

Dear Miss Allen: I am in love with a young man whom I have been going out with once a week. He lives in the same town I do.

This young man also goes out with another girl. I have spoken of this to him. He simply says that it is all true that I've told him and that "it can't be helped."

Do you think I am doing the right thing toward this girl by going out with him? He goes out with her more often than with me. She has also spoken to him about me.

MICKY.

No, indeed, Micky, you're not wronging the other girl and she's not wronging you. The young man evidently likes you both very much as friends and is not in love with either.

The only mistake you are making that I can detect in your letter is in allowing yourself to fall in love with a young man who shows you so frankly that he regards you as a friend and only as a friend.

Continue to go about with him—accept as much of his friendship as he accords. But put all nonsense about loving him out of your head. And try to appreciate and enjoy also your other friends.

Dear Miss Allen: I have been keeping steady company with a young man two years my senior. I love him and feel sure of his love for me. A man, about 32, has moved to our town. He is rich and my folks insist that I marry him. I have pleaded and argued, but it is of no use. I feel sure that I could never be happy with this man, as he is too old for me and I do not love him. Would it be all right to run off and marry the man I love, or should I do as my parents say?

JACK.

Do not marry a man you do not love, but do not act hastily. To run off and marry would be a mistake if the young man you love is not in a position to marry yet. Make the best of conditions at home until you know it would be right to marry.

B. E.: The boy is most unkind to try to spoil your friendship with another girl. Surely if you have been good chums for so many years you can hold her friendship. Don't knock the boy, but make her see if you can that it would be a mistake for her to let a new and untried friend influence her against one who has been a proven friend.

Eva: To cancel names, strike out letter for letter. For example, for an "a" in one name, strike out an "a" in the other. Then count off the letters that are left, saying, "love, hate, friendship, courtship, marriage." The result reveals the state of feeling supposed to exist between the pair. No, no, winking is a silly indulgence.

Paul: Yes, it is far better for you to invite the boys in the house than to visit with them outside. There is not much danger of your being old maids. Don't go with boys until you find ones you really care about.

### How Lillian Triumphs Over Dr. Pettit's Obstinacy.

Lillian and I looked at each other with appreciative grins as Katherine went to the door, to admit Dr. Pettit, ridding herself on the way of the elfin charm and laughter-provoking speech and antics which so endeared her to us. It was a perfect model of a trained nurse, the most dignified, yet demure of her kind, who opened the door. She murmured, "Good afternoon, Dr. Pettit," stepping aside meekly for the entrance of the physician, and then gliding noiselessly to the bed, she stood waiting to render him any service he wished. It appeared incredible that but a few seconds before she had been referring to the dignified physician as "Herbie" and "His Royal Nibs." One would have thought from her manner now that she was some consultant whose name was written high in medicine.

Herbert Pettit never wastes any time in social greetings when he is engaged upon a case. With the briefest of perfunctory nods to Lillian and me, he stepped to the side of the bed and stooping over the unconscious figure of the aphasia victim, watched her intently for several seconds.

A Pertinent Question.

"How long has she been this way?" he asked, Katherine as he straightened himself.

"I think about three or four hours," Katherine replied. "But I have been with her only since I spoke to you at the hospital, Mrs. Underwood can tell you about her better than I can."

"To understand this case Dr. Pettit,"

The little nurse's eyes were shining as she listened, and I thought I detected a gleam of interest crackling the professional mask which Herbert Pettit maintains so carefully.

His Comment Making.

But when she had finished, his only comment was a maddening one. "The proper place for this girl is in a hospital, under the supervision of the authorities," he said in the superior little way he always employs when he is annoyed.

Lillian arose abruptly and took a step toward him. The dignified physician did not exactly dodge back, but he produced the effect of doing so.

"You forget, Dr. Pettit," Mrs. Underwood said smoothly, "that I have a certain authority vested in me, enough to warrant me in taking care of this girl if I choose to do so."

"I did not know that you were still actively employed in the government service," he replied coolly.

"I am not, generally speaking," Lillian said, "but I fancy I still have enough latitude of action for this present stunt. And now, Dr. Pettit,"

Dr. Pettit returned with a stiff little bow, and a face which expressed, unlitigiously, perhaps, a prayer to be delivered from feminine capriciousness. But Lillian paid no more attention to his implied protest than she would have accorded to the buzzing of an inconsequential fly.

"In order to hear the medical history, you will have to listen to the other," she said, with a "take it or leave it" air. This, I guessed, to be especially maddening to Herbert Pettit, one of whose pet beliefs is that women have mentality much inferior to that possessed by men. "I will be as brief as possible, however," she threw him the sop, carelessly, as one might throw a bone to a dog whose ears were flattened against his head. Then she concisely related the story she had told me concerning her encounter with the girl, commencing from the time she had first seen her on the transcontinental train, and bringing it down to the present minutes, including the removal of the bag from the arm of her protegee.

I knew that she was telling the story primarily for Katherine, who had outlined as yet but the sketchiest outline, and that Dr. Pettit's reaction to it was something with which she did not concern herself at all.

### The Last Trick.

Read today a chapter of the story of "Snow-White" children who cut out the paper doll or dress every day will have a complete set of "Snow-White" dolls with which to act out the story.

Once again the dwarfs came home and found Snow-White almost dead. This time they took out the poisoned comb and again saved her life.

And once again the mirror told the jealous queen that Snow-White still lived. This time the queen made sure of getting rid of Snow-White. She fixed a poisoned apple, putting poison only in half of it. Then she went to the dwarfs' home in the forest where Snow-White lived, made up as an old woman with apples to sell.

Snow-White would not let her in at first, but when the old woman offered to eat half the apple to show it was all right, Snow-White trusted her. As soon as she ate a bite of her half of the apple Snow-White fell dead.

(Color the apple woman's dress and hat blue, her basket yellow, and her apples red. Now see what happens to little Snow-White tomorrow.)

## Are you a victim of blood - starvation?

DO you wake up in the morning eager for the new day, looking forward to its work and play keenly—with anticipation—or is your feeling just, "Here's another day!"

Successful men and women, people who have succeeded in the largest meaning of the word, are eager for life. Stop and think—that's true, isn't it? The success in life enjoy life.

But here is something you may not know...the difference between success and failure is often the condition of your blood. Vitality—your energy—depends upon your blood condition. Rich, full lives need rich, red, energy-building blood.

For thirty-two years, Gude's Pepto-Mangan has been prescribed by thousands of physicians as the safe way and the quick way to enrich the blood—give it those qualities it needs for producing power. It is the sure way to combat Anemia—that disease which thousands have and only hundreds know about. Yet it is Anemia—impoverished blood—that is usually responsible for lack of energy and ambition.

The iron and manganese content of Gude's Pepto-Mangan is easily assimilated by the blood and carried to every cell of the body, rebuilding its latent power.

Your druggist has Pepto-Mangan in liquid or tablet form. Start a good habit today.
