## CITIZENS MILITARY TRAINING CAMPS

AUGUST 1st to 30th

The Citizens Military Training Camps are maintained by the Government for the physical, mental and moral development of young men. The camps are based on the broad, constructive policy of teaching young men discipline and responsibility, which form the basis of good citizenship.

The C. M. T. C. provides practical physical development through clean sports, which are competitive, and prizes are awarded to the best athletes. Outdoor games are under the direct supervision of experts and individual attention is given to the correction of minor bodily defects and corrective measures in exercise are suggested.

The C. M. T. C. stimulates and promotes better citizenship and patriotism, and through expert physical direction, athletic coaching and military training, benefits young men individually and brings to them a greater realization of their obligation to country, flag and home.

The C. M. T. C. costs you nothing. All expenses are paid for the entire period of training—railroad fare, uniforms, equipment, medical and emergency dental care, recreation and entertainment. Think what this wonderful opportunity means to you in health, experience, mental and moral training without a cent of expense!
