New Envelope Machine Surpasses Hand-Fed Press

The old hand-fed envelope press has given way to an automatic Gowdy machine in the shop of the Ralph Printing company, 612 South Nineteenth street. Heretofore the printer considered himself lucky who could print 10,000 envelopes in an eight-hour day, but with the aid of this press it is possible to run off 100,000 in eight hours, or 10 times the production of the hand-fed press.

The machine is the only one of its kind in Omaha and Ralph says it will cut the cost of envelope printing.

New Goitre Remedy

Great interest attaches to reports of a remarkable method for treating goitre recently demonstrated at the W. T. B. Laboratory, 3040 Minty Bldg., Battle Creek, Mich. It is used by the patient herself in her own home and it is said that the largest and most hideous goitres begin to recede almost in a day. They gradually get smaller until in three or four weeks they are often gone entirely. The treatment is perfectly safe for anyone to use and many believe it will prove the long sought specific for all goitres. A little book issued by the laboratory explains the method fully and will be mailed free for the asking to anyone interested.

From School Teacher To Great Eminence

A young man who was brought up on a farm in Western Pennsylvania studied diligently and qualified for district school teacher. Further pursuing his studies and teaching, he managed to save up enough money to put him thru medical college. After the Civil War, he began the practice of medicine in the new oil section of Pa., and often rode horse-back thru the woods to reach and relieve those who were seriously ill. He was a student by nature, knew and could easily recognize most of the medicinal plants growing in the woods.

1,000 to Attend District Rotary Meet Here This Week

Oscar A. Rofelty

Mrs. Oscar A. Rofelty

George W. Johnston

Everything is in readiness here for the entertainment of the delegates and visitors to the 19th district rotary conference. Dexter C. Buell, general chairman of the district conference, looks forward to one of the most successful conferences ever held. The experience of other cities in entertaining the Rotarians has been examined carefully and wherever possible previous programs are to be enlarged and improved.

Women who attend the conference will have a special program of their own which is in charge of Mrs. George W. Johnston, wife of the president of the Omaha Rotary club.

Word received from the various clubs in the district indicate that approximately 1,000 delegates and visitors will be present in Omaha April 2 and 3.

Special Program Arranged

The special program arranged for the women visitors is as follows: Thursday, April 2—Luncheon at the Omaha Athletic club, followed by a style show modeled by the Junior League girls, society girls of Omaha.

Friday, April 3—Luncheon for the women at the Omaha Country club, followed by a musicale.

On both days special shopping tours will be organized. For those who desire to go sightseeing automobiles will be available.

The program of the conference itself will be marked by addresses to be delivered by:

1. Donald A. Adams, vice president of Rotary International, New Haven, Conn.

2. Hon. Adam McMullen, governor of Nebraska.

3. Hon. James C. Dahlman, mayor of Omaha.

4. Dr. Theron A. Harmon, Watertown, S. D.

5. Adrian Newens, Lincoln, Neb.

6. Dr. E. C. Henry, Omaha.

7. Rev. J. R. Perkins, Council Bluffs, Ia.

8. The conference will be closed with an address by Dr. Frank G. Smith of Omaha.

9. Allan Street of Oklahoma City will be at the conference to urge attendance at the Rotary international convention held at Cleveland in June.

Nineteen New Clubs.

Under the governorship of Judge Oscar A. Rofelty, the year's Rotary activities have been marked by the organization of 19 new clubs in the district and by a general weakening and improvement of Rotary activities on the part of the older clubs.

One of the outstanding features of the conference, will be a series of model Rotary breakfasts, which will

Mrs. George W. Johnston

be held under the direction of John Beveridge, superintendent of schools, Omaha, Neb. Each of these breakfasts will have a definite program and the purpose will be to inspire particularly the newer clubs concerning the best method for conducting Rotary meetings. They will be handled with snap and enthusiasm and the lesson that can be learned from them will be worth while for all Rotarians.

The registration office will be open Wednesday evening, April 1, for several hours and will be again open all day Thursday. Registration will be at Hotel Fontenelle.

Visitors of Honor.

The regular conference meetings will be held in the lodge room of the Elks club.

On Thursday night, there will be a banquet at the Masonic temple dining room, followed by a dance at the Shrine auditorium.

Among the women visitors of honor will be Mrs. Donald A. Adams and Mrs. Oscar A. Rofelty.

As in all district conferences, interest of course, centers in the candidates for district governor during the coming year. At this time, attention seems to be centering on Burton Saxton of Sioux City.

There's no investment half as good as modern sanitation.

By ARTHUR GREEN. More than 50 members of Central High school's senior boys' and girls' glee clubs will board a special train for Kansas City, Mo., Friday morning, April 3, to participate in the national musical contest, which will clamp the lid upon the annual convention of the National Supervisors of Music.

This official announcement was given out by Mrs. F. F. Pitts, head of the musical department at Central High school. According to Mrs. Pitts, the contestants who are to make the trip to represent Central were chosen through an elimination process. Central, according to Mrs. Pitts, will send its boys' senior glee club and a mixed chorus composed of 55 students. Lincoln High school will send its band and orchestra, and York High will be represented by its famous girls' glee club.

Aided by Rotary Club.

The states which are to send representatives to the midwestern musical contest at Kansas City are Iowa, Nebraska, Missouri, Oklahoma and Kansas. The Omaha delegation, though being one of the largest that will attend the convention, is hoped to carry off some of the high honors, as is also the championship Abraham Lincoln High school band of Council Bluffs.

"I think it is a splendid idea," said Mrs. Pitts. "And, besides, the Rotary club has helped finance Central high, thus making it possible for Central to send its mixed chorus."

The convention which is to be held in Kansas City has aroused the Omaha Chamber of Commerce, which is now angling for the 1926 convention. Thursday noon at the Chamber of Commerce, musical instructors of all Omaha schools, together with Miss Belle Ryan and J. H. Beveridge, superintendents of Omaha schools, will discuss the matter with the governing board of the Chamber of Commerce.

List of Travelers.
