Cabinet of France Now Completed

Painleve, as Premier, Will Take War Portfolio and Briand Is Minister of Foreign Affairs.

Caillaux, Finance Head

By The Associated Press. Paris, April 16.—After arduous negotiations Paul Painleve completed his cabinet about midnight and sent notification to President Doumergue that he had succeeded in constituting a ministry, where Briand had failed.

So difficult were the last hours of the task that none had almost been abandoned of reaching an agreement. But, in addition to forming the ministry, an accord also was found on the ministerial program.

M. Painleve himself takes the post of minister of war, as well as president of the council, while M. Briand assumed the portfolio of foreign affairs and Joseph Caillaux, whose political career was thought to have ended when in 1920 he was sentenced to imprisonment and ordered ex-patriated, will have the guiding hand over France's finances.

Only One Holdover

The only member of M. Herriot's cabinet who remains, is the former finance minister, Anatole de Monzie, to whom is attributed in a measure the downfall of the Herriot administration. He becomes minister of public instruction.

The new cabinet as officially announced is as follows:

- Premier and minister of war, Paul Painleve.
Foreign Affairs, Aristide Briand.
Finance, Joseph Caillaux.
Justice and vice president of the cabinet, Jules Steeg.
Public Instruction, Anatole de Monzie.
Interior, Senator A. Schrameck.
Commerce, M. Chaumet.
Marine, Emile Borel.
Colonies, Andre Hesse.
Agriculture, Jean Durand.
Public Works, Pierre Laval.
Labor, Antoine Durafour.
Devastated regions, Pierre Deyris.
Pensions, Louis Arterton.
The ministerial crisis occupied the leading statesmen and bankers throughout the day and night, and slates of all descriptions were suggested and put aside until the final combination was decided upon. It is reported that the cabinet was formed up the final decision as his program was said to be greatly at variance with that of Caillaux.

Herriot Eclipsed

Briand's role, although less spectacular than during the first four days of the crisis, was the notable around which the entire situation revolved. Upon his acceptance or refusal to enter the cabinet hinged M. Painleve's chances of success or failure. One parliamentarian expressed it thus:

"Briand can torpedo Painleve's cabinet before it is actually formed." The complete eclipse of Edouard Herriot, the retiring premier, from the councils of the leading statesmen conferring with M. Painleve marked the proceedings of the day. M. Herriot paid a short visit to the prospective premier, but somewhat naively accepted the information that he volunteered "to come without being sent for."

This heightened the impression in parliamentary circles that the late premier had been systematically omitted from the negotiations of the parties from which the cabinet was eventually chosen. Herriot announced that he was leaving for Lyons Friday.

HOSPITAL ANNEX WILL BE BUILT

The board of trustees of Swedish Mission hospital voted Wednesday night to build a hospital annex costing \$125,000 and a nurses' home costing \$75,000.

The general conference of the Swedish Mission church which meets at Mead, Neb., April 25 to May 2 will be asked to contribute the cost of the additions. Construction is expected to begin during the summer months.

DENVER POLICE FORCE IS SHAKEN

Denver, Colo., April 16.—Three police sergeants and 10 patrolmen, including nine members of the "boozing brigade," were arrested by the police department today pending investigation of graft charges brought by Major Benjamin Stapleton.

The suspensions came as an aftermath to the Good Friday raids in which nearly 200 persons, alleged to have connections with Denver's underworld, were arrested.

It is charged that the officers gave protection to whisky vendors, gambling houses and house of ill fame.

Three Names Upon German Ballot in Race for President

Hindenburg, Marx and Thaelmann, Communist Nominations, Will Contest at Polls Next Election.

By The Associated Press. Berlin, April 16.—Only three candidates will appear on the ballot for the presidential election which is to be held a week from next Sunday. They will be Field Marshal von Hindenburg, the federal election commissioner Dr. Wilhelm Marx, representative of people's bloc, and Ernst Thaelmann, nominee of the communist party. The nominations closed at midnight tonight.

Although only 28,536,000 voters participated in the election of March 29, the federal election commissioner must provide 28,508,000 ballots for the coming election, that being the number of eligible voters who have entered the polling lists throughout Germany.

Marx Sounds Warning. Dr. Marx today delivered a speech at a banquet here in which he said: "The internal economic development of our country is dependent upon the outcome of the election. Powerful circles abroad would welcome the possibility of a change in Germany's policy as an effective means for agitation. Also there are mighty foreign powers who expect us to be a weak nation."

He warned that Germany's domestic economy still requires foreign help on a large scale and that foreign cooperation cannot be avoided on the road to freedom.

Plea for Funds. The united right bloc in a proclamation issued today denies an allegation that it is an organization of industrialists and capitalists.

"The candidacy of Field Marshal von Hindenburg," says the proclamation, "is supported by nonparty electors and a majority of the German people. We expect everyone to lend the utmost financial aid toward Field Marshal von Hindenburg's election. We expect all who have means to forward appropriate contributions. Every penny given toward the election of our Hindenburg will be a further step toward the peaceful resurrection of our fatherland."

WOMAN WINS SUIT OVER RACE LOSSES

New York, April 16.—At the race tracks Mrs. Ada G. Wells lost all her money and all she could get from relatives, but in a legal action she recovered \$7,365 from Philip S. Abrams, the bookmaker who she said took her bets.

A jury's verdict yesterday directed by Supreme Court Justice Proskauer was based upon a section of the penal law providing that a person who loses money to a bookmaker can recover the amount of the losses. Mrs. Wells sued for \$11,000 and testified that her losses were much more than that she had destroyed her checks for the amount in excess of the sum for which she sued. She said she met Abrams at Belmont Park in 1921 and bet with him for two years on 182 races. She testified that she lost all her own money and obtained funds from relatives at Newport News, Va., only to see that vanish also.

Los Angeles Flight to Bermuda Is Postponed

Lakehurst, N. J., April 16.—The flight of the United States navy dirigible, which was to be postponed 24 hours when it was discovered that in today's test flight the airship had damaged two condensers of the water recovery system. Commander J. H. Klein, jr., said that the flight would probably be undertaken tomorrow at sundown.

Severe Earthquake Shocks Recorded at Georgetown

Washington, April 16.—A heavy earthquake about 6,300 miles from Washington was recorded between 3:12 and 5 p. m. today on the seismographs at Georgetown university. Father Tondorf in charge of the laboratory, described the shocks, which reached maximum intensity at 3:24 p. m. as "rather severe" but was unable to calculate their approximate location.

Bank President Freed

Minot, N. D., April 16.—Charges of using the mails to defraud, made in a previous grand jury indictment, were returned against Jourgan Olson of Minot, N. D., former president of the State bank at Burlington, were ordered dismissed by United States Commissioner R. E. Hopkins.

Son's Aftershot Causes Trial at Suicide

Jailed Fremont Woman Attempts Twice to Strangle Self in Cell; Jailers Prevent Tragedy.

Special Dispatch to The Omaha Bee. Fremont, Neb., April 16.—Mrs. Phoebe Rhein of Fremont tried twice today to strangle herself to death in her cell at the county jail, where she is serving a 30-day sentence for selling liquor. Jail attendants foiled both suicide attempts.

The two attempts to take her own life were made after Mrs. Rhein was notified that her son, Frank, jr., had been ordered returned to the industrial school at Kearney.

Boy Ordered to Kearney

Special Dispatch to The Omaha Bee. Fremont, Neb., April 16.—The method of attack to be used by Admiral S. S. Robinson, commander-in-chief of the battle fleet, in the attempt to recapture the Hawaiian islands from the "enemy" who, theoretically holds them, was the foremost topic of speculation among the personnel of the United States grand fleet as it entered its second night of steaming toward the western outpost of the nation's defense.

Although it has been made known that the Navy and War departments and the senior officers of both services consider the matter of "who wins the war" as minor in comparison with the greater purpose of disclosing defects in the country's defenses, both the "black" and "blue" forces, which is the fleet, are anxious to be returned victor because of the natural desire not to be beaten in anything.

Both Sides Determined.

The "black" force, consisting of the Hawaiian department of the army, the largest single portion of the military establishment stationed at any one place in the United States, the Hawaiian national guards, the vessels and establishment of the 14th naval district, reinforced by several units which ordinarily would operate with the fleet, has been performing extensive practice maneuvers for months in preparation for the war game.

It has been learned by the intelligence department of the "blue" fleet. It is known that the high command of the "black" force is determined to recapture the Hawaiian islands if possible or to hold out against the attack as long as possible before capitulation.

Marines May Land.

Several avenues of action are open to Admiral Robinson, any one or all of them might be utilized in the attack which will be as much like actual warfare as it is possible to make the game.

State Grants Take Big Jump

Gas Tax, Auto Fees, Federal Aid to Care for \$8,872,000 Increase.

Special Dispatch to The Omaha Bee. Lincoln, April 16.—Appropriations voted by the legislature totaled \$30,042,210.49, an increase of \$8,872,735.05 over the previous biennium, according to a statement issued today by George W. Marsh, state auditor.

This increase will make use of the estimated \$4,500,000 to be raised by the gasoline tax, the 20 per cent of auto license funds which, under the new law, must be turned into the state treasury.

This 20 per cent of the auto license fund will amount to \$1,900,000. It has been collected in previous years, but at that time all of the money collected was used by the counties, while under the 70-30 split plan adopted by the legislature only 70 per cent will now be kept by the counties.

The increased appropriations also provide for the use of \$3,533,198.12 for the state highway fund, a federal aid government for social hygiene work, federal aid roads and vocational education. This sum will be matched by the state. While the federal aid money is not collected in taxes in the state, the state must appropriate it in order to spend the money under the federal plan.

Of the total of \$30,042,210.49, only \$16,497,764 is to be collected by direct taxation. The remainder comes from license money, cash funds appropriated and federal aid.

let Personnel Speculates on Strategy Planned by Admiral

Forces Defending Hawaiian Islands and Those Who Hope to Attack and Capture Them Both Are Determined to Be Victors in Maneuvers on Wholesale Scale.

By The Associated Press. San Francisco, April 16.—The method of attack to be used by Admiral S. S. Two Women, Child Die in Car Crash

Burned to Death as Flames Wrap Machine Under Which They Are Trapped—Rescuers Helpless.

Fourth Person Injured

Yankton, S. D., April 16.—Two women and a child were burned to death and another woman injured to death when their automobile plunged from the highway near Beresford, overturned and burst into flames.

Miss Finnegan, who has been teaching at Thief River Falls, Minn., was driving when the accident occurred, the reports said. She apparently lost control of the car, a large heavy one, which plunged head-on into an embankment and pinned its occupants beneath it. When it overturned, it was completely destroyed.

Two farmers working in the fields nearby heard the crash and hurried to the scene. They succeeded in dragging Miss Finnegan from under the car, but the flames that enveloped the machine almost at once prevented them from reaching the others. The car was destroyed and the three bodies burned to a crisp.

Mrs. Hereford, a former Yankton resident, was visiting here over Easter. She was formerly prominent in state circles. Her son-in-law, whose wife was injured, was formerly president of the State Bankers' association.

The dead, reports received here said, are Mrs. S. N. Nevada Hereford, of Aberdeen, Wash.; Miss Doreen Finnegan, Yankton; and David Finnegan, 3 years old. Mrs. D. M. Finnegan, daughter of Mrs. Hereford, was severely injured.

Saints Heads Try to Oust "Rebels"

Resolution Asking Removal of Presiding Bishopric Is Hotly Debated.

Special Dispatch to The Omaha Bee. Independence, Mo., April 16.—Wordy battles again interrupted the general conference of the Reorganized Church of Jesus Christ of Latter Day Saints here today when the order of bishops launched a movement to oust the presiding bishopric for its opposition to the policies of the first presidency.

The members of the presiding bishopric, Benjamin R. McGuire and his two counselors, James Kler and Israel A. Smith, signed a document at the opening of this conference declaring that they would consider the church in a state of apostasy if the policies of the first presidency were approved. The policies were afterwards approved by the conference.

In a resolution submitted today by the unanimous vote of the order of bishops, it was ordered that the three members of the presiding bishopric be honorably released from their office because they have refused to remove their names from the document, and could therefore not work in harmony with the other church officials.

A substitute resolution was immediately proposed, sustaining the presiding bishopric, and the two resolutions were heatedly debated all afternoon. No action had been taken when the conference adjourned for the evening.

At the opening of this afternoon's session Mrs. Ida Etzelschouer of Independence, Mo., and Mrs. Carrie Stubbs of Lamoni, Ia., were named as trustees of the children's home.

Shepherd Pleads Not Guilty When Charges Are Read

Way Now Open for Actual Trial of McClintock Germ Death Case; Early Date May Be Set.

By Universal Service. Chicago, April 16.—William D. Shepherd today gave his legal denial to the charge that he killed "Bibi" McClintock, his millionaire ward, with typhoid germs to obtain his fortune.

His head erect and with steady voice, Shepherd replied to the indictment when it was read in Chief Justice Hopkins' court. "Are you guilty or not guilty?" asked the clerk.

"Not guilty," Shepherd answered. It marked the climax to the long legal battle that was fought, inch by inch, to the arraignment, and opened the way to the actual trial of the McClintock case.

Before the arraignment proper, William Scott Stewart, St. Paul's attorney, entered a motion to quash the indictment, but declared he had no intention of arguing it.

"Then I shall overrule the motion," Judge Hopkins said. The defense requested the names of additional witnesses which the state will produce, but the information was withheld "until the proper time."

The assignment of the case to a judge for trial and the setting of the date for trial was delayed until the return of State's Attorney Robert E. Crowe to the city. It was indicated that both state and defense would request an early trial.

Following the arraignment Shepherd was visited in his cell by his sister, Mrs. Amos W. Pedigo of Indianapolis. She is the first relative of the accused man to visit him since his imprisonment. Mrs. Shepherd has repeatedly declared that she will "stick to Will" despite the publication of some letters that passed between Shepherd and a nurse, but has never seen him behind bars.

Faiman Held at Hand. C. C. Faiman, chief witness against Shepherd, was taken to the state's attorney's office from his hotel quarters, where he has been held since his confession that he furnished Shepherd with typhoid germs to kill McClintock. It was thought that Faiman's presence might be required in the arraignment procedure, which, however, was strictly formal.

The autopsy seeking to determine the cause of the death of Dr. Oscar Olson, medical adviser and counselor to the McClintock family, was completed and no legal action was taken in regard to the finding of a large amount of poison in the body of Mrs. Emma Nelson McClintock, the dead woman's mother.
