JOHN S. DYE is the Author, and the Bank Note engravers all say that he is the greatest judge of paper money living.
CHEAPER THAN THE CHEAPEST!
BETTER THAN THE BEST!
Published weekly. The whole only One Dollar a Year.

GREATEST DISCOVERY of the present century for detecting counterfeit Bank Notes; describing every genuine bill in existence, and exhibiting at a glance every counterfeit in circulation. Arranged so admirably that reference is easy and detection instantaneous. No pages to hunt up, but so simplified and arranged that the merchant, banker and business man can see all at a glance.
It has taken years to make perfect this GREAT DISCOVERY. The urgent necessity for such a work has long been felt by commercial men. It has been published to supply the call for such a preventive, and needs but to be known to be universally patronized. It does more than has ever been attempted by man. It describes every bank note in three different languages—English, French and German. Thus each may read the same in his own native tongue.
Trans.—The paper will be about 28 by 42 inches, and will contain the most perfect Bank Note List published, together with the rate of discount. Also a list of all the private Bankers in America.
A complete summary of the Finances of Europe and America will be published in each edition, together with all the important news of the day. Also INTERESTING STORIES from an old manuscript found in the East, and nowhere else to be found. It has never yet appeared in print, and furnishes the most complete history of Oriental Life, and describing the most perplexing positions in which the Ladies and gentlemen of that country have been so often found. These stories will continue throughout the whole year, and will prove the most entertaining ever offered to the public.
