TWENTY-FIVE WITNESSES; Or, The Forger Convicted.

Do you want to have a Sure Preventive against Counterfeiting Bank Notes? READ! READ! READ!!!

GREATEST DISCOVERY of the present century for detecting counterfeit Bank Notes, and describing every genuine bill in existence, and exhibiting at a glance every counterfeit in circulation. Arranged so admirably that reference is easy and detection instantaneous. No pages to hunt up, but so simplified and arranged that the merchant, banker and business man can see at a glance.

It has taken years to make perfect this GREAT DISCOVERY. The urgent necessity for such a work has long been felt by commercial men. It has been published to supply the call for such a preventive, and needs but to be known to be universally patronized. It does more than has ever been attempted by man. It describes every bank note in three different languages—English, French and German. Thus each may read the same in his own native tongue.
