ITS AIM WILL BE

First: In Literature, to leave no province CHEAPER THAN THE CHEAPEST! unrepresented, so that while each sumber will contain articles of an abstract and permanent value. It will also be found that the healthy appetite of the mind for entertainment in its various forms of Narrative. Wit, and Humor, will not go uncared for. The publishers wish to say, also, that while native writers will receive the most solid encouragement, and will be mainly relied on to fill the pages of the Arlantic, they will not hesitate to draw from the foreign scources at their command as occasion may require, relying rather on the competency of an author to treat a particular subject, than on any other claim whatever, In this way they hope to make their Periodi-cal welcome wherever the English tongue is

spoken or read. SECOND ; In the term Aur they intend to include the whole domain of aesthetica, and hope gradually to make this critical dedartment a true and fearless representative of Art in all its various branches, without any regard to prejudice, whether personal or national, or Turne: In Politics, the ATLANTIC will be the organ of no party clique, but will honestly endeavor to be the exponent of what its conductors believe to be the American idea. It will deal frankly with persons and with parties, endeavoring to keep in view that moral elties and which alone makes the basis of a true and lasting national prosperity. It will not rank itself with any sect of ANTIES, but with that body of men which are in favor of Preedom, National Progress, and Honor,

whether public or private.

As an carnest of the material at their command, they subjoin the following list of literary persons interested in their enterprise ; wishing it however to be distinctly understood, that they shall hope for support from every kind of ability which desires the avenue of their columns, and in the renumeration of their columns. sense of Intrinsic merit: -

William H. Prescott, Raiph Waldo Emer-son, Wm C Bryant, Henry W. Longfellow, Rev. F. H. Hedge, D. D. Nathaniel Haw-thern, John G Whittier, Oliver Wendell Holmes, James R. Lowell, J. THE entirely new, very light draught, and superb freight and passenger steamer, SIOUX CITY, BARER, Master, has commenced running as a regular packet to the above and all intermediate points, continuing in the trade during the season.

The Sioux City, as her name implies, was built expressly for a Sioux City packet, under the especial supervision of Captain Baker, who, in her construction, has spared neither trouble nor expense to make her a No. 1 Missouri River steamer, and one in all respects most admiraby adapted to the wants of the river. She will be found, as regards capacity for business as well as the superiority of her passenger accommodations, inferior to no boat in the trade, and as such Capt. Baker takes much pleasure in presenting her to the favorable consideration of his friends and acquaintances, and the public generally, hop-ing to receive at their hands a continuance of that generous patronage for which he is indebted during a series of years, while in com-
