These are plain figures. No mystery about them. The "5" stands for our \$5 Suits and overcoats that cost you 50 per cent more elsewhere. The "7 1-2" stands for our \$7.50 Suits and overcoats that cost you 1-3 more elsewhere. The "10" stands for our \$10 Suits and overcoats that cost you one-fourth more elsewhere.

..The Different Store..

Its different because it sells cheaper on the basis of less expense. We are out of the high rent district. We put the cost in the goods, not in the rent. SEE? We have a large line of Union Made Goods.

The Lincoln Overall and Shirt factory is soon to be dedicated with prayer. We presume the dedicatory services will be held before 7 a. m. or after 7 p. m., so as not to interfere with the ten hour work of the employees who average \$6 a week from superintendent down to office boy.

The Wageworker acknowledges a pleasant call from Judge Ben Lindsey of Denver, who addressed the prison congress in Lincoln this week. Judge Lindsey has charge of the juvenile court in Denver and is doing a splendid work for the boys and girls. The country needs several hundred thousand men like Judge Lindsey.

Charles Gates Dawes, a former Lincoln "anti-monopolist," but now the head of a big Chicago trust company, says: "I know there is the keenest competition between meat packers, and that the profits are the lowest possible." Incidentally we might remark, too, that the people of Lincoln know Charles Dawes, and know that he knows better.

Will Mumaugh, one of the best known musicians in Lincoln, and for many years trombone player in Hagenow's orchestra, died last Saturday morning after a long illness. He was a favorite not only in musical but social circles and his death is a severe loss. Test Validity of Law.
The validity of the law enacted last winter segregating the races in the Kansas City, Kas., high school is to be tested in the supreme court. The question was brought before the supreme court at Topeka in a mandamus proceeding brought by Mamie Richardson, a negro, against Thomas J. White, president, and the members of the Kansas City, Kas., school board. It is asked that the Richardson girl be admitted to the high school for white children.

An Escaped Comedian.
Two countrymen were passing along Main street downtown yesterday when a negro bootblack called, "Shine?" "Shine?" came from one. "Naw, it looks more like rain." The two were greatly tickled with the alleged witticism, but the bootblack wasn't through. "Hol' on," he said. "Come heah." The joker returned to the shine stand. "Will you wait a minute heah, please?" asked the negro. "What fer?" asked the other. "Why, I wants ter call Mistah Lehmann en tell 'im I got you heah. Everdently youse jist escaped from the Orpheum."

Calling the "lesser officials of his life insurance company into the main office the president asked:

"Are the books in such shape that there is no danger of an investigation revealing crookedness?"

With one accord the lesser official replied in the affirmative.

"Then you may retire, gentlemen," said the president.

After the lesser officials had retired the president turned to his private secretary and said:

"James, you may now address and mail those invitations to my little dinner party in honor of Madame Remane, the favorite dancer of the Theatre DeJol."

"Printers' Ink," the recognized authority on advertising, after a thorough investigation on this subject, says: "A labor paper is a far better advertising medium than an ordinary newspaper in comparison with circulation. A labor paper, for example, having 2,000 subscribers is of more value to the business man who advertises in it than an ordinary paper with 12,000 subscribers."

AUXILIARY NOTES.

Regular meeting next Wednesday. Try real hard to attend.

Mr. E. W. Harvey has returned from Chicago. The Auxilliary is glad to know it will not lose Mrs. Harvey's membership.

Mrs. B. O. Wilson's son Raleigh, who is working at York, is expected back this week.

The November social committee is already at work preparing for a good entertainment on the night of the 15th.

We make a special and earnest plea for a better attendance. Surely ladies, you have not lost all interest in the Auxilliary.

Mr. and Mrs. J. E. Mickel, who are now located at Harvard, came up to see our play, "A Box of Monkeys."

They were accompanied by the children. Jesse returned to Harvard the following day, but Mrs. Mickel remained in the city for a few days visiting friends and relatives. She returned home the present week.

Miss Lizzie Hartford, of Randolph, Kansas, is visiting Mrs. Frank M. Coffey.

Considerable disappointment was manifested over the small number of ladies who assembled at Hayden's studio to have a group picture taken for Mr. Leaden's labor directory.

CARPENTERS AND JOINERS.

News Notes About Knights of Saw and Hammer.

From July 1 to October 1, fifty-five new members were admitted into 1055. We now have more members and more money in the treasury than ever before, the balance on hand having increased \$146 the past quarter. Taken all in all the members of Union No. 1055 can well feel pleased with the growth and progress made the past year.

Five applications were voted on and one candidate initiated at Tuesday's meeting.

Apart from the enjoyable time had at the entertainment and smoker is the benefit derived by new members on our list, and the increased enthusiasm of the old members.

Bro. L. A. Jenkins was elected to fill the vacancy caused by the election of Bro. Chase as recording secretary.

Bro. S. H. Wright, who lives at 1644 South Ninth street, and Bro. G. A. Kinsey, residing at 822 North Twelfth streets, are reported sick.

All members are hereby notified that Tuesday, November 7 will be a called meeting for the consideration of special and important business, and a full attendance is desired.

Remember that the old style of due card is no longer legal. Every member should carry the new due book—good for four years.

Union 1055 adopted the following recommendation by the president at the meeting Tuesday: "That the union offer the following premium to the member bringing in the largest number of applications fully paid and with proper vouchers between now and our last meeting in this year, December 26, a cash prize of \$15; to the second highest, \$10, and the third highest \$5. In order to get first prize there must be five applications.

CHILDRENS' CLOTHING DEPARTMENT

We call special attention of every mother who reads this advertisement to the excellent CHILDRENS' CLOTHING and Furnishings Department of this store. We have spared no pains to make this one of the leading features of our business. Every dollar's worth of goods in the department is new—the very latest, both as to pattern and style. The quality, we have no hesitation in saying, is a large per cent better than you will find anywhere else at the price asked you here. And this is a good time to say to you that when we made up our minds to establish a clothing store in Lincoln we determined to sell at a smaller profit than any of our competitors. This we are doing, and it is the chief reason why you should patronize this store. There are several reasons why we can afford to do business on a smaller margin of profit than any other high class store in the city.

One reason is we are just outside the high rent district, and another very excellent reason is, we buy for three large clothing houses—two in Nebraska and one in Kansas. This gives us an advantage and our patrons get the benefit of it in lower prices on every purchase they make here.

Come in and examine our stock, and convince yourself of three important facts regarding it, Viz.:

The Quality, The Style, The Price

WHEN YOU HAVE DONE THIS THERE WILL BE NO DOUBT IN YOUR MIND AS TO WHERE YOU SHOULD BUY YOUR CLOTHING AND FURNISHINGS.
