### A YOUNG CHILD, TOO.

The secretary of the Omaha Typographical Union wants to know "what good it is going to do the Typographical Union to sell one more shirt with the label on it?" It is sad to see a member of an enlightened craft coming from such a remote part of Missouri, and asking questions that an intelligent child ought to be able to answer.—Streator Labor Gazette.

### HAD AN ACCIDENT.

Sidney J. Kent, who is spending the winter at Laramie, Wyoming, met with a severe accident a few weeks ago. He slipped and fell on the ice, dislocating his shoulder and bruising himself severely. Word comes that he is rapidly recovering and that he is able to do a little work.

### AND THESE ARE MEN.

How the Printers Went into Their Big Fight.

Some men are born with the spirit of conqueror. They bow to no tyrant's scepter. "Millions for defense; not a cent for tribute" is their watchword. Such are the printers of the United States and Canada.

Out of more than 42,000 directly affected by the eight-hour strike, less than 250 proved traitors—the rest were men. Such a people cannot be conquered.

Every union printer now at work—about 37,000—is paying one-tenth of his wages to maintain his brethren on strike. Such a people can never be conquered.

Five hundred printers in Chicago unanimously voted to go to jail for the cause. Such men are born for victory.

The printers have shown that they can control themselves. Not a single instance of disorder has been brought against them. Such men live to conquer.

The printers are brave and openfield fighters. No sneaking, secrecy, no dissembling has marked their course. They gave the employers two years notice and then whipped them on an open field. Such men never bend the neck to the yoke of slavery.

The typhoid had just as well be trying to pluck the brightness from the sun as to endeavor to dampen the ardor or conquer the spirit of the heroes who are whipping them.

But the rats! Stomach and language fall us.—Hamilton Press.

### SLOWLY WINNING.

And Mississippi Will Soon Stop Child Labor.

Miss Standish of the Bee tells of another failure to secure the passage of a child labor law in Mississippi and says the bill was defeated in the state senate by a vote of twenty to eight. This is not a defeat. It is a victory.

Two years ago there was not a man in either branch of the Mississippi legislature who could be induced to introduce a child labor bill. Now we find the disturbers and anarchistic agitators have succeeded not only in having a bill introduced, but of actually getting eight votes for it. Mississippi will have a child labor law before the women get through agitating. The same may be said of Georgia. The agitators have been pounding away for eight years to get such a bill through. Each time it was defeated, but each time there was a few more votes in its favor.—Western Laborer.

### VIGOROUS CAMPAIGN PROMISED.

Efforts Will Be Made by Central Labor Union to Get Wage Earners Into Federation.

A meeting of the Central Labor Union was held last evening in the G. A. R. hall. The meeting was one of the most enthusiastic of the kind held in the city and there was a large attendance. The attendance has been one of the gratifying features of the meetings and shows the interest that is manifested in the work of the union. Several people were taken into the Federated union last evening and arrangements were made for a vigorous campaign in this city.

It is the aim of the Central body to secure as many wage-earners as possible who are not affiliated with a union. These members are taken into the Federated union until they are strong enough to have a union of their own. It is the intention, if possible, to have all the local trades represented in the union and an invitation will be extended to all clerks employed in the city as well as to those in the trades who are not numerically strong enough to have a union of their own. Another meeting will be held next Tuesday evening.—Fremont Daily Herald.

### TO LEGALIZE PICKETS.

Massachusetts Legislature Considering Such a Measure.

Massachusetts State Representative George H. Jackson, of Lynn, has introduced in the house a bill legalizing picketing during strikes, lockouts and other labor troubles. The bill provides that strikers may legally walk upon the streets and highways in the vicinity of any place where a strike is in progress, and that they may approach persons working or intending to do so and persuade them to discontinue. In many respects the measure is similar to those which have been introduced by the laboring interests for several past sessions. Last year such a bill was defeated in the house by a close vote.

### HOT AIR ARTISTS.

But They Are the Men Who Stir Things Up.

A great deal is heard about "hot air" in connection with union meetings. Come to think about it, who is the man that is dubbed the "hot air artist" in union meetings? Isn't he the one who has something to say upon pretty nearly everything that comes up, and isn't he listened to with attention, and doesn't his idea usually prevail? The man who comes late to meeting and leaves early, the man who sits the meeting through like an oyster, the man who does his talking after the meeting is over, is never called a "hot air artist." The man who "does things" is the one who is thus characterized—and the man who

does things is the one that makes life worth living for the do-nothings.—Spokane Record.

### IOWA CHILD LABOR LAW.

With the passage by the senate on March 13 of the child labor bill, the measure will become a law as Governor Cummins will sign it at once. The new law prohibits the employment of children under eighteen in any gainful occupation which would injure his health. The law is also aimed at department stores, prohibiting the employment of children in positions which compel them to remain standing for any length of time.

### UNION WAGES IN INDIANA.

Indiana has 1,280 local trade unions, with a membership of 72,504. The report for the year just ended shows a net increase over 1904 of 1,829. The average wages paid all over the state—to unionists—is \$2.75 per day. The average wages paid at the factory of D. M. Parry is reliably reported to be \$7. per week.—Labor Advocate.

### CHRISTIANIZATION OF POLITICS.

The above will be the topic of Rev. W. M. Balch's sermon at Trinity M. E. church, Sixteenth and A, next Sunday evening. It is the fourth in a series of sermons under the general subject, "The Kingdom of Heaven in the Problems of Today." Voters are especially invited.
