

## THE CARPENTERS' DEPARTMENT

There were four new applications for membership presented last Tuesday evening, and on the same evening there were seven initiations.

Business Agent Schuler has had an Auto phone installed in his home. The number is 4703.

Brother Wagner is reported on the sick list, but no particulars have been received.

Brother Russell Shepherd ran a nail into his foot Saturday night just as he was quitting work. He is now using a pair of crutches. The injury is a painful one and he will not be able to work for some time.

Brother Maupin of The Wageworker made the union a brief visit Tuesday evening and favored it with a short talk. His words always do the boys' good.

A committee from the Painters visited the local Tuesday evening. We are always glad to meet the brothers from other unions, and especially those from other branches of the building trades.

Brother T. B. Ross packed his box of tools and started on Tuesday evening for Panama, where he will work for Uncle Sam. He took the residence address of the recording secretary and promised to let his comrades hear from him as soon as he gets settled and begins work.

When this correspondent was a lad he had a schoolmate of whom it was said: "He has swallowed the poker, and it lodged in his backbone." Watch Local No. 1055 and see if you can locate the poker.

Business Agent Schuler reported less

than a dozen of the members not working, and said there were calls in for some of them.

A number of contractors have agreed to all that the members of this local think is right for working conditions, and one of them put the Saturday half-holiday in force before we asked for it.

The attendance at the last meeting was very gratifying, but the members are wondering what could be done if every member tried to get in the hall at once.

### THE PRESSMEN.

Will Send a Delegate to the Convention at Pittsburg.

The Lincoln Pressmen and Assistants' Union expects to be represented at the international convention which meets in Pittsburg in June. The local union has never had a representative at a convention, and this time it expects to break a record. H. W. Werger, W. D. King, W. S. Brown, Isaac Dean, Roy Webb, J. T. Bridges and Ernie Gardner are candidates, and any one of them will make a good representative.

The Star pressroom gang is getting ready to move the big press to its new foundation just as soon as next Sunday's issue is out of the way. The boys are anxious to get it over with because they are in a hurry to get into the new room and enjoy its conveniences.

President Higgins decided that the pressmen in the Omaha Printing company's office at Omaha should take the \$500 offered by that company to set-

### MAKING BIG GAINS.

Painters and Decorators Have Secured Some Good Concessions.

The Painters and Paperhangers have not been making much stir lately, but they have been working quietly and with good effect. As a result of this good work a number of shops have signed up and will hereafter be run as closed shops. Not only has the union gained recognition, but it has secured an advance of 3 cents per hour and the eight hour day.

Among the shops signed so far are A. Cornell, Lincoln Wall Paper and Paint company, Keens & Sharp, Carl Meyer, Coover & Gladfeller, Taylor & Christianson and C. E. Sickle. The membership of the union is increasing steadily and work is unusually good. The Painters and Paperhangers feel greatly encouraged over the success that has attended their efforts, and they are confident that the future is brighter than ever.

### THE RED STICKER.

An immense amount of printed matter is being distributed from door to door these bright spring days, and a whole lot of it does not bear the union label. And the mails are carrying to you a lot of catalogues and cards that do not bear the label. The Typographical Union has a lot of red stickers for use on such occasions. Any printer will get you a bunch of the stickers. When you get a dodger or catalogue that does not bear the label, attach a sticker to it, sign your name and send it back to the firm issuing it. By doing this you serve two good purposes. You show that organized labor is in earnest, and you help the printers win their big fight. Use the little red sticker and be happy.

### THE HORSESHOERS.

Do you own one or more horses? Are you a union man? If you answer these two questions affirmatively, here is another one: Do you have your horses shod by union horseshoers? Remember that the Journeymen Horseshoers have a local in Lincoln now, and they are entitled to the active and moral support of all unionists. Take your work to a union horseshoer.

### DOWN IN OKLAHOMA.

Frank M. Coffey, president of Lincoln Typographical Union, is down in Oklahoma for the purpose of ascertaining if that famous homestead is still there. He will be absent a couple of weeks, and while on the claim will straighten up things, feed the pigs and the cow and imagine that he is a real farmer with horny hands.

Mrs. Jennie M. Kennedy of Chicago has been appointed a deputy factory inspector for Illinois.
